

**Lead Sampling of Drinking Water in California Schools – Exemption Form**

Under Assembly Bill 746, community water systems must sample all public K-12 schools in their service area for lead in the drinking water supply. Water systems must sample all schools in their service area by July 1, 2019 except those that can be classified as exempt from testing.

Place a checkmark next to the school exemption you are claiming:

1. This school was constructed or modernized after July 1, 2010 (For the purposes of AB 746, “modernized” refers to the replacement of all water piping and fixtures).
2. This school is currently permitted as a public water system and is currently required to test for lead in the potable water system.
3. This school has independently completed lead testing of their potable water system after January 1, 2009 and has posted all information about the testing on their public Internet Web site.
4. This school has requested lead testing under the 2017 Public Water Supply Permit Amendment (*If you have sampled this school under the 2017 Public Water Supply Permit Amendment, you do not have to complete this form. Your samples should have been submitted electronically by the laboratory that conducted sampling. Please email DDW-PLU@waterboards.ca.gov or check the online posting of lead sampling results to confirm that your samples were submitted electronically.*)
