Amendment No. 1 to Compliance Order No. 03_10_14R_004

Dear Ms. Leatherman:

On October 17, 2014, the State Water Resources Control Board, Division of Drinking Water (Division), issued Compliance Order No. 03_10_14R_004 to the Calaveras Public Utility District (CPUD) for violation of section 116555 of the California Health and Safety Code. Section 116555 requires each public water system to have a reliable supply of water to serve its customers. Because of drought conditions and senior water right demands, the Water Board's Division of Water Rights determined that water was not available for the Calaveras Public Utility District public water system's South Fork of the Mokelumne River source and notified the Calaveras Public Utility District of the need to curtail its diversions.

However, as a result of the devastating Butte wild fire that occurred over the summer of 2015 in Calaveras and Amador Counties, the Federal Emergency Management Agency (FEMA) has requested that CPUD receive a waiver for the Compliance Order and be authorized to provide potable water connections for two specific subdivisions that will support FEMA Manufactured Housing Units (MHUs).

Amendment No. 1 authorizes a maximum of 55 connections for a period of no longer than 36 months.

If you have any questions regarding this letter or the enclosed addendum, please contact Dave Remick of this office by email at David.Remick@Waterboards.ca.gov or by phone at (209) 948-3878.

Sincerely,

Richard L. Hinrichs, P.E., Chief
