Adam's Vegetable Oils  
P.O. Box 975  
Arbuckle, CA 95912

Attention: David Kay, Operations Manager

**RE: Adam's Vegetable Oils, Public Water System No. 0605012 – Citation No. 21-16C-017 for Exceedance of the Bacteriological Maximum Contaminant Level in June 2016.**

Enclosed is a citation issued to the Adam's Vegetable Oils (Water System). The citation is being issued because the Water System failed to achieve the drinking water standard for total coliform bacteria during June of 2016. Please read this citation carefully. Public notification is required to inform consumers that the standard was not achieved during this time period.

Note that Section 116577 of the California Safe Drinking Water Act provides for the Division to be reimbursed by the Water System for costs incurred for preparing and issuing a citation. In accordance with Section 116577, the Water System will be billed for the preparation and issuance of this citation.

If you have any questions regarding this matter, please call Paul Rowe at (530) 224-4866 or me at (530) 224-4861.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Crenshaw".

Reese B. Crenshaw, P.E.  
Valley District Engineer  
Drinking Water Field Operations Branch

16 VIA CERTIFIED MAIL  
17

18 **CITATION FOR NONCOMPLIANCE**  
19 **With Title 22 California Code of Regulations**  
20 **Section 64426.1(b)**  
21

22 Section 116650 of the California Health and Safety Code (CHSC) authorizes the  
23 issuance of a citation for failure to comply with a requirement of the California Safe  
24 Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4, commencing with  
25 Section 116270), or any regulation, standard, permit, or order issued thereunder.  
26

1 The State Water Resources Control Board (hereinafter "State Board"), acting by and  
2 through its Division of Drinking Water (hereinafter "Division") and the Deputy Director  
3 for the Division, hereby issues a citation to Adam's Vegetable Oils for failure to  
4 comply with Section 64426.1 (b), Title 22, of the California Code of Regulations  
5 (CCR).

6  
7 **APPLICABLE AUTHORITIES**

8 Section 116650 of the CHSC states:

9  
10 *(a) If the Department determines that a public water system is in*  
11 *violation of this chapter or any regulation, permit, standard, citation,*  
12 *or order issued or adopted thereunder, the department may issue a*  
13 *citation to the public water system. The citation shall be served*  
14 *upon the public water system personally or by certified mail. Service*  
15 *shall be deemed effective as of the date of personal service or the*  
16 *date of receipt of the certified mail. If a person to whom a citation is*  
17 *directed refuses to accept delivery of the certified mail, the date of*  
18 *service shall be deemed to be the date of mailing.*

19  
20 *(b) Each citation shall be in writing and shall describe the nature of the*  
21 *violation or violations, including a reference to the statutory*  
22 *provision, standard, order, citation, permit, or regulation alleged to*  
23 *have been violated.*

24  
25 *(c) A citation may specify a date for elimination or correction of the*  
26 *condition constituting the violation.*  
27

1           (d) A citation may include the assessment of a penalty as specified in  
2           subdivision (e).

3  
4           (e) The department may assess a penalty in an amount not to exceed  
5           one thousand dollars (\$1,000) per day for each day that a violation  
6           occurred, and for each day that a violation continues to occur. A  
7           separate penalty may be assessed for each violation.

8  
9       Section 64426.1(b), Title 22, of the CCR states:

10  
11           (b) A public water system is in violation of the total coliform  
12           maximum contaminant level (MCL) when any of the following  
13           occurs:

14  
15                   (1) For a public water system which collects at least 40  
16                   samples per month, more than 5.0 percent of the  
17                   samples collected during any month are total coliform-  
18                   positive; or

19  
20                   (2) For a public water system which collects fewer than  
21                   40 samples per month, more than one sample  
22                   collected during any month is total coliform-positive; or

23  
24                   (3) Any repeat sample is fecal coliform-positive or *E. coli*-  
25                   positive; or  
26

29

2. **Within 30 days** of the issuance of this Citation, provide public notification in accordance with **Attachment 'A'**, to all persons served by the System of the MCL violation as required by Section 64463.4 and Section 64465, Title 22, of the CCR. Notification shall be completed in accordance with the following:

(A) Provide the notice by posting in conspicuous locations throughout the area served by the water system.

3. Changes and/or modifications to Attachment A shall be not be made unless approved by the Division.

4. Complete and return **Attachment 'B'** "Certification of Completion of Public Notification" form **within 10 days** of giving public notice. A copy of the notice used to provide public notification shall be attached to the form.

The completed and signed copy of Attachment 'B' shall be submitted to the following address:

Reese B. Crenshaw, P. E.  
Valley District Engineer  
Drinking Water Field Operations  
Division of Drinking Water  
State Water Resources Control Board  
364 Knollcrest Drive, Suite 101  
Redding, CA 96002  
(530) 224-4800

Nothing in this Citation relieves the System of its obligation to meet the requirements of Health and Safety Code, Division 104, Part 12, Chapter 4 (California Safe

1 Drinking Water Act), or any regulation, permit, standard or order issued or adopted  
2 thereunder.

3  
4 The Division reserves the right to make such modifications to this Citation, as it may  
5 deem necessary to protect public health and safety. Such modifications may be  
6 issued as amendments to this Citation and shall be effective upon issuance.

7  
8 **FURTHER ENFORCEMENT ACTION**

9 The California SDWA authorizes the State Board to: issue citation with assessment  
10 of administrative penalties to a public water system for violation or continued  
11 violation of the requirements of the California SDWA or any permit, regulation,  
12 permit or order issued or adopted thereunder including, but not limited to, failure to  
13 correct a violation identified in a citation or compliance order. The California SDWA  
14 also authorizes the State Board to take action to suspend or revoke a permit that  
15 has been issued to a public water system if the system has violated applicable law  
16 or regulations or has failed to comply with an order of the State Board; and to  
17 petition the superior court to take various enforcement measures against a public  
18 water system that has failed to comply with violates an order of the State Board. The  
19 State Board does not waive any further enforcement action by issuance of this  
20 citation.

21  
22 **PARTIES BOUND**

23 This Citation shall apply to and be binding upon the System, its officers, directors,  
24 agents, employees, contractors, successors, and assignees.

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

Este informe contiene información muy importante sobre su agua potable.  
Tradúzcalo o hable con alguien que lo entienda bien.

**The Adam's Vegetable Oils water system  
did not meet Bacteriological Drinking Water Standards  
in June of 2016**

Our water system violated the bacteriological drinking water standard for June of 2016. As our employees, you have a right to know what you should do, what happened, and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. We took five (5) samples to test for the presence of coliform bacteria during June of 2016. Four of the five samples showed the presence of total coliform. The standard is that no more than one (1) sample per month may have total coliform.

**What should I do?**

- **You do not need to boil your water or take other corrective actions.** This is not an emergency; if it had been, you would have been notified immediately.
- Usually, coliforms are a sign that there could be a problem with the treatment or distribution system (pipes). Whenever we test for total coliform bacteria in any sample, we also test to see if other bacteria of greater concern, such as fecal coliform or *E. coli*, are present. **We did not find E. Coli bacteria in our testing.**
- People with severely compromised immune systems, infants, and some elderly may be at increased risk. These people should seek advice about drinking water from their health care providers. General guidelines on ways to lessen the risk of infection by microbes are available from U.S. EPA's Safe Drinking Water Hotline at 1(800) 426-4791.
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

**What happened? What is being done?**

In June of 2016, four out of five water samples had tested positive for total coliform organisms in our water distribution system. During the week of June 20 our water system operator will be working to disinfect and resample the well(s). These sample results will be available to us around \_\_\_\_\_, 2016.

For more information, please contact David Kay @ 530-668-2052

State Water System ID#: 0605012

## CERTIFICATION OF COMPLETION OF PUBLIC NOTIFICATION

This form, when completed and returned to the Division of Drinking Water (364 Knollcrest Drive, Suite 101, Redding, CA 96002 or fax to 530-224-4844), serves as certification that public notification to water users was completed as required by the California Water Quality and Monitoring Regulations. Completing public notification and providing the Division with certification is important. Failure to do so will result in additional hourly time charges to your water utility and may result in a formal enforcement action with monetary penalties.

**Public Water System Name** Adam's Vegetable Oils

**Public Water System No.** 0605012

Public notification for the June 2016 bacteriological failure was performed by the following method:

         Posting in conspicuous locations throughout the area served by the water system.  
Please indicate the date(s) the notice was hand delivered: \_\_\_\_\_

I hereby certify that the above information is factual.
