APPLICABLE AUTHORITIES

Section 116650 of California Health and Safety Code provides:

- (a) If the department determines that a public water system is in violation of this chapter or any regulation, permit, standard, citation, or order issued or adopted thereunder, the department may issue a citation to the public water system. The citation shall be served upon the public water system personally or by certified mail. Service shall be deemed effective as of the date of personal service or the date of receipt of the certified mail. If a person to whom a citation is directed refuses to accept delivery of the certified mail, the date of service shall be deemed to be the date of mailing.
- (b) Each citation shall be in writing and shall describe the nature of the violation or violations, including a reference to the statutory provision, standard, order, citation, permit, or regulation alleged to have been violated.
- (c) A citation may specify a date for elimination or correction of the condition constituting the violation.
- (d) A citation may include the assessment of a penalty as specified in subdivision (e).
- (e) The department may assess a penalty in an amount not to exceed one thousand dollars (\$1,000) per day for each day that a violation occurred, and for each day that a violation continues to occur. A separate penalty may be assessed for each violation.

California Code of Regulations, Title 22, Section 64480, subsection (a) provides, in

relevant part:

- (a) ...each community and nontransient-noncommunity (NTNC) water system shall prepare and deliver the first Consumer Confidence Report by July 1, 2001, and subsequent reports by July 1 annually thereafter.

California Code of Regulations, Title 22, Section 64483, subsection (c) provides, in

relevant part:

- (c) No later than the date the water system is required to distribute the Consumer Confidence Report to its customers, each water system shall mail a copy of the report to the Department, followed within 3 months by a certification that the report has been distributed to customers, and that the information is correct and consistent with the compliance monitoring data previously submitted to the Department.

STATEMENT OF FACTS

The Water System has operated under Water Supply Permit 03-23-11P-048 issued by the Division on October 3, 2011. The Water system serves a residential population of approximately

1 100 through seventy-four connections. Each year, the Water System is required to provide, as a
2 minimum, specific information on concentrations of microbiological contaminants, minerals,
3 physical agents, inorganic chemicals, organic chemicals, and radioactivity which are present in
4 the water supply. Regulations requiring community and nontransient noncommunity water
5 supply systems in California to provide a Consumer Confidence Report (CCR) to customers
6 were adopted and effective on May 26, 2001. Additionally, beginning in 2011, the Division
7 implemented an electronic process for receiving the CCR for your water system through the
8 DRINC portal also used for the Annual Report to the Drinking Water Program.

9
10 The Division sent a reminder letter dated September 23, 2014, to the Water System,
11 establishing an extended deadline of October 1, 2014, for distribution of the 2013 CCR to its
12 consumers as well as a deadline of October 1, 2014 for the electronic uploading of the CCR via
13 the DRINC Portal and the submittal of the 2013 CCR Certification Form to the Division's Fresno
14 District Office. **As of the date of this Citation, the Division has not received a copy of the
15 2013 CCR (neither in hard copy nor uploaded to the DRINC portal) provided to customers
16 or the certification form and therefore finds the Water System to be in violation of this
17 requirement.**

18 DETERMINATION

19 The Division has determined that the Water System has failed to comply with Section 116470 of
20 the CHSC and Section 64480(a) of Title 22, California Code of Regulations.

20 year. Proof of distribution to customers using the CCR Certification form provided as
