**CITATION NO. 05-43-16C-007**

The Imperial County Environmental Health, Local Primacy Agency is issuing to you the attached citation for failure to perform repeat bacteriological sampling following a positive total coliform sample within 24 hours, as required by Section 64424, of Title 22, California Code of Regulations. The positive sample was taken on June 29, 2016, and the repeat samples were not taken until July 8, 2016.

In addition to the full payment amount, the citation form must be filled out, signed and returned in order to fully execute the stipulation agreement.

If you decide not to stipulate to the alleged violations, a formal citation order will be issued and may carry a penalty assessment of up to \$1,000 per day for each day that a violation occurred. In addition to the imposed penalty, the water system will also be liable for the time and materials used in the preparation of the citation order, which will be billed at the Department's fully burdened rate of \$137 per hour.

The LPA has the authority to issue you the attached citation pursuant to Sections 116650 and 116725 (b) of the California Health and Safety Code.
