**CITATION NO. 01_75_16C_012_4500194_23 FOR VILLAGE GREEN WATER SYSTEM
NO. 4500194 AUGUST 2016, FAILURE TO MONITOR FOR BACTERIOLOGICAL
WATER QUALITY**

The Village Green Water System is classified as a small community public water system which is required to collect one routine sample per month for coliform bacteria as prescribed under Sections 64423 and 64424 of Title 22, California Code of Regulations (Title 22). During August 2016, Shirley Summer and Village Green Water System did not submit a copy of a laboratory analysis to this office for review by September 10, 2016, or did not collect its routine bacteriological water sample from the distribution system. Therefore, this Citation is being issued to the Village Green Water System for violating the bacteriological monitoring and reporting requirements for August 2016.

The Village Green Water System owner is hereby directed to take the following actions:

1. As required under Section 64463.7 of Title 22, provide public notification to customers within one year of this notice of violation. Enclosure 'A' is a format you may use to fulfill the above public notification requirements. If you wish to propose any change to this notification, please contact our office.
2. Provide two types of public notification: 1) Posting in conspicuous locations throughout the area served by the water system; and 2) mail or hand deliver copies to each water user.
3. Complete and return Enclosure 'B' "Certification of Completion of Public Notification" form within 10 days of giving public notice.
4. The Village Green Water System representatives shall comply with Section 64423, Title 22, CCR, in all future monitoring periods.

Failure to comply with the directives of this citation may result in further enforcement action with the possibility of administrative penalties.
