Background

On June 12, 2009, the Water Board Enforcement Unit circulated proposed Cease and Desist Orders (Orders) for multiple property owners (see attached list) in the Spalding Tract, Eagle Lake, Lassen County. The proposed orders allege that property owners are violating or threatening to violate a discharge prohibition contained in the Water Quality Control Plan for the Lahontan Region. The proposed orders, if adopted, would establish a schedule for compliance with the discharge prohibition.

The Lahontan Water Board Chair has appointed a hearing panel comprised of three Water Board members to conduct evidentiary hearings on this matter and, based on the evidence submitted, make a recommendation to the full Water Board. The panel hearings are tentatively scheduled for September 15, 16 and 17, 2009. The Lahontan Water Board will consider the recommendation of the panel at its regular meeting scheduled for October 14 - 15, 2009.

Purpose and Timing of Hearings

The purpose of the hearings is to consider relevant evidence and testimony regarding the proposed Orders. The panel will hold a hearing on each proposed Order. Property Owners listed in Attachment 1 may request individual hearings. The Hearing Panel will hold a combined hearing to consider those proposed orders where the Property Owner has not requested a separate hearing or submitted evidence. Based on the evidence and testimony, the panel of the Water Board will develop a recommendation that will be presented by the Advisory Team to the Water Board at its October 2009 meeting. The panel's recommendation will be discharger (property owner) specific. The panel can consider a wide range of recommendations including, but not limited to, adopt the Orders as proposed or with changes suggested by the panel, or rejecting the proposed orders in their entirety.

Property Owners subject to a proposed Order may request an individual hearing. If a Property Owner subject to a proposed Order does not submit any evidence or request an individual hearing, the panel of the Water Board will consider the proposed Order specific to that person during a consolidated hearing at the conclusion of the individual hearings. Property Owners desiring to have a separate hearing on the proposed Order applicable to them must submit a request to the Water Board Advisory Team **no later than 5:00 p.m. on Thursday, August 27, 2009**. Property Owners submitting evidence will be deemed to be requesting a separate hearing. Property Owners requesting a separate hearing may use the form (Attachment 2) to make such request. The public hearings are tentatively scheduled for September 15, 2009 in Susanville and September 16 - 17, 2009 in South Lake Tahoe. The locations may be modified, based on the time needed to conduct hearings. The hearings will commence at a time and location as announced in the Water Board meeting agenda. An agenda for the meeting will be available on the Water Board's web page at <http://www.waterboards.ca.gov/lahontan/> no later than September 3, 2009.

Hearing Procedures

The hearings will be conducted in accordance with this hearing procedure or as it may be amended. A copy of the general procedures governing adjudicatory hearings before the Water Board may be found at Title 23 of the California Code of Regulations, Section 648 et seq., and is available at <http://www.waterboards.ca.gov> or upon request. In accordance with Section 648, subdivision (d), any procedure not provided by this Hearing Procedure is deemed waived. Except as provided in Section 648 and herein, subdivision (b), Chapter 5 of the Administrative Procedures Act (commencing with Section 11500 of the Government Code) does not apply to this hearing.

The Water Board’s Advisory Team must receive any objections to this hearing procedure **no later than 5:00 p.m. on Thursday, July 23, 2009** or they will be considered waived.

Hearing Participants

Participants in this proceeding are designated as either “parties” or “interested persons.” Designated parties to the hearing may present evidence and cross-examine witnesses and are subject to cross-examination. Interested persons may present non-evidentiary policy statements, but may not cross-examine witnesses and are not subject to cross-examination. Designated parties and interested persons may be asked to respond to clarifying questions from the Water Board and Advisory Team members.

The following participants are hereby designated as parties in this proceeding:

- (1) Water Board Prosecution Team
- (2) Property Owners listed in Attachment 1

Note: Each Property Owner listed in Attachment 1 is a separate designated party. These Hearing Procedures require that the Property Owner listed in Attachment 1 making submittals to the Water Board also send a copy to the other designated party. For the purpose of complying with this requirement, Property Owners listed in Attachment 1 need only send a copy to Water Board Prosecution Team (the other designated party) along with the Advisory Team. It is not necessary for Property Owners listed in Attachment 1 to send copies of all submittals to the other Property Owners listed in Attachment 1.

Requesting Designated Party Status

Persons (other than those Property Owners listed in Attachment 1) who wish to participate in the hearing as a designated party must request party status by submitting a request in writing (with copies to the existing designated parties) **no later than 5:00 p.m. on Thursday, July 23, 2009** to Harold Singer, Water Board Interim Executive Officer, and one copy to David Coupe, Advisory Team counsel at

the addresses provided below. The request shall: (1) identify the hearing(s) for which you are requesting designated party status by Assessors Parcel Number (APN) and Property Owner name; (2) include an explanation of the basis for status as a designated party (e.g., how the issues to be addressed in the hearing and the potential actions by the Water Board affect the person); and, (3) include a statement explaining why the party or parties designated above do not adequately represent the person's interest. Any opposition to the request must be submitted **no later than 5:00 p.m. on Thursday, July 30, 2009.**

Separation of Functions

To help ensure the fairness and impartiality of this proceeding, the functions of those who will act in a prosecutorial role by presenting evidence for consideration by the Water Board (Prosecution Team) have been separated from those who will provide advice to the Water Board (Advisory Team). Members of the Advisory Team are: Harold Singer, Interim Executive Officer and David Coupe, Staff Counsel. Members of the Prosecution Team are: Chuck Curtis, Supervising Engineer, David Boyers,

Senior Staff Counsel, Cris Carrigan, Staff Counsel, Scott Ferguson, Senior Engineer, and Taylor Zentner, Environmental Scientist. Any members of the Advisory Team who normally supervise any members of the Prosecution Team are not acting as their supervisors in this proceeding, and vice versa. Members of the Prosecution Team may have acted as advisors to the Water Board in other, unrelated matters, but they are not advising the Water Board in this proceeding. Members of the Prosecution Team have not had any ex parte communications with the members of the Water Board or the Advisory Team regarding this proceeding.

Ex Parte Communications

The designated parties and interested persons are forbidden from engaging in ex parte communications regarding this matter with members of the Advisory Team or members of the Water Board. An ex parte contact is any written or verbal communication pertaining to the investigation, preparation or prosecution of the proposed Cease and Desist Orders between a member of a designated party or interested person on the one hand, and a Water Board member or an Advisory Team member on the other hand, unless the communication is copied to all other designated parties (if written) or made in a manner open to all other designated parties (if verbal). Communications regarding non-controversial procedural matters are not ex parte contacts and are not restricted. Communications among one or more designated parties and interested persons themselves are not ex parte contacts.

Hearing Time Limits

To ensure that all participants have an opportunity to participate in the hearing, the following time limits shall apply: at the beginning of each session (see meeting agenda available no later than September 3, 2009) the Prosecution Team shall have ten (10) minutes to present an overview of its evidence. For each contested order, the prosecution team shall have an additional five (5) minutes and other designated parties shall have a total of ten (10) minutes to present evidence, cross-examine witnesses, and provide a closing statement; and each interested person shall have three (3) minutes to present a non-evidentiary policy statement. Participants with similar interests or comments are requested to make joint presentations, and participants are requested to avoid redundant comments. Participants (designated parties or interested persons) who would like additional time must submit their request to the Advisory Team with copies to the designated parties **no later than 5:00 p.m. on Thursday, August 27 2009**. Additional time may be provided at the discretion of the Advisory Team (prior to the hearing) or the Water Board Hearing Panel Chair (at the hearing) upon a showing that additional time is necessary.

Evidence, Exhibits and Policy Statements

The following information must be submitted in advance of the hearing:

1. All written evidence and exhibits that the designated party would like the Water Board to consider. Evidence and exhibits already in the public files of the Water Board may be submitted by reference as long as the exhibits and their location are clearly identified in accordance with Title 23, CCR, Section 648.3.
2. All legal and technical arguments or analysis.
3. The name of each witness, if any, whom the designated party intends to call at the hearing, the subject of each witness' proposed testimony, and the estimated time required by each witness to present direct testimony.
4. The qualifications of each expert witness, if any.

The Prosecution Team shall submit an original, 15 hard copies and one electronic copy of the information to Harold Singer, Water Board Interim Executive Officer, one copy to David Coupe, Staff Counsel, and hard copies to the other designated parties as listed in the section above specifying primary contacts **no later than 5:00 p.m. on Monday, July 27, 2009.**

The remaining designated parties shall submit an original, 15 hard copies and one electronic copy of the information to Harold Singer, Water Board Interim Executive Officer, one copy to David Coupe, Staff Counsel, and copies to the Prosecution Team as listed in the section above specifying primary contacts **no later than 5:00 p.m. on Thursday, August 13, 2009.**

All designated parties have the opportunity to submit rebuttal evidence or testimony. This material shall be submitted **no later than 5:00 p.m. on Thursday, August 27, 2009.** The original, 15 hard copies and one electronic copy of the material must be submitted to Harold Singer, Water Board Interim Executive Officer, one copy to David Coupe, Staff Counsel, and hard copies to the other designated party (see Note on page 3 of these procedures) as listed in the section above specifying primary contacts

Interested persons who would like to submit written non-evidentiary policy statements are encouraged to submit them to the Advisory Team as early as possible, but **no later than 5:00 p.m. on Thursday, August 27, 2009.** Interested persons do not need to submit written comments in order to speak at the hearing.

In accordance with Title 23, California Code of Regulations, section 648.4, the Water Board endeavors to avoid surprise testimony or evidence. Absent a showing of good cause and lack of prejudice to the parties, the Water Board may exclude evidence and testimony that is not submitted in accordance with this hearing procedure. Excluded evidence and testimony will not be considered by the Water Board and will not be included in the administrative record for this proceeding. Power Point and other visual presentations may be used at the hearing, but their content may not exceed the scope of other submitted written material. A written and electronic copy of such material that Designated Parties or Interested Persons intend to present at the hearing must be submitted to the Advisory Team at or before the hearing for inclusion in the administrative record. Additionally, any witness who has

submitted written testimony for the hearing shall appear at the hearing and affirm that the written testimony is true and correct, and shall be available for cross-examination.

Request for Pre-hearing Conference

A designated party may request that a pre-hearing conference be held before the hearing in accordance with Water Code section 13228.15. A pre-hearing conference may address any of the matters described in subdivision (b) of Government Code section 11511.5. Requests must contain a description of the issues proposed to be discussed during that conference, and must be submitted to the Advisory Team, with a copy to all other designated parties (see Note on page 3 of these procedures), as early as practicable.

Evidentiary Objections

The Water Board Advisory Team (original to Harold Singer, Interim Executive Officer, and one copy to David Coupe, Staff Counsel) must receive all written objections to the evidence or testimony submitted by any of the Designated Parties **no later than 5:00 p.m. on Wednesday, September 9, 2009**. Any objections must also be sent to the other designated parties (see Note on page 3 of these procedures). The Advisory Team will notify the parties about further action to be taken on such objections (if any) and when that action will be taken.

Evidentiary Documents and File

The proposed Cease and Desist Orders and related evidentiary documents are on file and may be inspected or copied at the Water Board office at 2501 Lake Tahoe Boulevard, South Lake Tahoe. This file shall be considered part of the official administrative record for this hearing. Other submittals received for this proceeding will be added to this file and will become a part of the administrative record absent a contrary ruling by the Water Board Hearing Panel Chair.
