Who May File

Dischargers who are presently covered under NPDES General Permit No. CAG616002 for discharge of storm water associated with construction activity may submit a Request for Permit Revocation when they meet one of the following criteria.

1. The construction project has been completed and all of the following conditions have been met: (1) the construction project is complete and there is no potential for construction related storm water pollution, (2) construction materials and waste have been disposed of properly, (3) all elements of the SWPPP have been completed, (4) permanent BMPs have been installed, (5) information required by the attached Monitoring and Reporting Program has been submitted, and (6) Regional Board staff have inspected the site if necessary.
2. There is a new owner of the identified site. If ownership or operation of the facility has been transferred then the previous owner must submit a Request for Permit Revocation and the new owner must submit a Notice of Intent for coverage under the General Permit. The date of transfer and information on the new owner should be provided. Note that the previous owner may be liable for discharge from the site until the new owner files a Notice of Intent for coverage under the General Permit.

Where to File

Submit the Request for Permit Revocation to the Executive Officer of the Regional Water Quality Control Board-Lahontan Region located at 2501 Lake Tahoe Boulevard, South Lake Tahoe, CA 96150. Submittal of the Request for Permit Revocation does not guarantee that permit coverage will be revoked and outstanding invoices are still valid. If the Executive Officer, or his designated staff, agrees with the basis of revocation, your permit will be revoked. (The Regional Water Board may also inspect your site prior to accepting the basis of revocation.) Approval of the Request for Permit Revocation does not relieve you from paying any applicable outstanding invoices. If the Executive Officer, or his designated staff, does not agree with the basis of revocation, the Request for Permit Revocation will be returned and reasons for denial will be provided in a written notification.
