Order IV.C. Closure and Post-Closure Maintenance Plan (Closure Plan)

1.a. Closure Plan

The Closure Plan submitted with the Report of Waste Discharge shall be updated/modified by the Discharger no later than 60 days prior to the discharge of waste to the WMU. The Closure Plan must be updated to meet the requirements of clean closure or to demonstrate, for acceptance by the ~~Executive Officer~~ Regional Board, that clean closure of the WMU is infeasible. Each Annual Report shall confirm that the Closure Plan conforms to the existing operations at that time.
