**TKPOA SETTLEMENT AGREEMENT- COMPLETION**

The Settlement Agreement between the Tahoe Keys Property Owners Association (TKPOA) and the California Regional Water Quality Control Board-Lahontan Region (Regional Board) required TKPOA to complete several water quality improvement projects including Project 2- Bioassessment of the Tahoe Keys' Waterways. All projects are now complete.

To receive the full \$42,000 credit for the Bioassessment Project TKPOA was required to conduct three bioassessments and submit the associated reports to the Regional Board. Full credit would only be allowed if the final bioassessment report contained recommendations for possible corrective action based on the findings of the studies. On March 29, 2005, you submitted the recommendation report prepared on behalf of TKPOA by Entrix, titled "Recommendations for Corrective Actions in the Tahoe Keys Lagoons." The Recommendations Report included a Synopsis and Evaluation of CDFG's Bioassessment Studies, an Overview of Tahoe Keys' Environmental Issues, a section about the Effect of the Tahoe Keys' Channels on Lake Tahoe Biology, and Recommendations including the development of an integrated, long-term strategy. Since you fulfilled the requirements in the Settlement Agreement I will credit TKPOA the entire \$42,000 budget allocated for Project 2. No further projects are required by the Settlement Agreement.

Thank you for completing your commitments. If you have any questions regarding this letter, please contact Douglas F. Smith, Chief of the Lake Tahoe Watershed Unit, at (530) 542-5453 or Mary Fiore-Wagner at (530) 542-5425.

Sincerely,

HAROLD J. SINGER  
EXECUTIVE OFFICER
