COMMENTS ON DRAFT CLEANUP AND ABATEMENT ORDER, PACIFIC GAS AND ELECTRIC COMPANY, HINKLEY COMPRESSOR STATION, SAN BERNARDINO COUNTY

The Intervenor appreciate the opportunity to comment on the draft Amended Cleanup and Abatement Order (Order) for the Pacific Gas and Electric Company's (PG&E) Hinkley Compressor Station in San Bernardino County, California (Order No. RV6-2011-0005A1).

In regards to comments sought on "Amended Cleanup and Abatement Order No. R6V-2011-0005A1 WDID No. 6B369107001, Requiring Pacific Gas and Electric Company to Clean Up and Abate Waste Discharges of Total and Hexavalent Chromium to the Groundwaters of the Mojave Hydrologic Unit", in specific within the affected areas, per Paragraph 29, Draft CAO No. RV6-2011-0005A1.

Link to CAO Draft:

http://www.swrcb.ca.gov/rwqcb6/water_issues/projects/pge/docs/pubnot070111.pdf

WHEREFORE, in an effort not to disenfranchise all real property owners within the affected area, the one (1) mile boundary from the known Cr(VI) at concentration over 3.1 ppb must apply to all real property owners, not just the ones that have water wells.

THEREFORE, the Intervenor has prepared the Affected Area Boundary Map (Within 1 mile from prior contaminated areas at above 3.1 ppb), attached hereto and incorporated herein for reference, and is seeking non-discriminatory just and proper, By demanding that such map is adapted as an integral part thereof all proceedings.

Respectfully commented,

Nick Panchev
