

California Regional Water Quality Control Board, Lahontan Region  
14440 Civic Drive, Suite 200, Victorville, CA 93292 (760) 241-6583

## **PUBLIC INFORMATION MEETING**

**Tuesday, February 26, 2008, 7:00 – 9:00 PM**  
**Hinkley Elementary School**

### **PG&E Hinkley Chromium Cleanup Activities Update**

The Lahontan Regional Water Quality Control Board (Water Board) staff will host a meeting to present information about current and new projects planned at the Pacific Gas and Electric Company's Hinkley site. **The meeting will also be an opportunity to review the tasks and timeline that the Water Board expects PG&E to follow to generate the information that the Water Board will use to specify final cleanup actions.** Hexavalent chromium from PG&E's compressor station contaminated the groundwater in the area, and PG&E is under orders from the Water Board to stop chromium plume migration and to clean up the contaminated groundwater.

The meeting will be informal and will include a series of poster presentations. Water Board staff will be available to provide information and answer questions. A Spanish language interpreter will be available at the meeting. The public is encouraged to attend the meeting to learn about current projects and the plan to clean up the chromium contamination.

The public meeting will also provide information about a General Site-wide Remediation Permit to be considered by the Water Board at its April 9-10, 2008 meeting. The permit would allow PG&E to use various treatment and plume control methods to clean up chromium contamination and ensure that the plume doesn't spread.

A fact sheet with more information on the current and planned activities at the PG&E Hinkley chromium cleanup site will be distributed to the project mailing list about a week before the February 26, 2008 public meeting.

If you have questions about the meeting, call Chuck Curtis at (530) 542-5460 or email at [CCurtis@waterboards.ca.gov](mailto:CCurtis@waterboards.ca.gov).

### **AVISO DE UNA REUNION INFORMATIVA**

**Martes, 26 de Febrero, 7:00 – 9:00 PM**

**Escuela Primaria Hinkley**

Personal de la Mesa Directiva del Agua tendrá una reunión para presentar información sobre proyectos actuales y nuevos planificados para el sitio. La reunión será informal e incluirá una serie de presentaciones estáticas. El personal de la Mesa Directiva del Agua estará disponible para proporcionar información y para contestar sus preguntas. Intérpretes de español estarán disponibles en esta reunión.

Se anima al público asistir a la reunión para conocer los proyectos actuales y previstos y también para expresar sus comentarios. Si usted tiene alguna pregunta sobre la reunión, por favor llame a Chuck Curtis al (530) 542-5460 o [CCurtis@waterboards.ca.gov](mailto:CCurtis@waterboards.ca.gov).
