## Los Angeles Regional Water Quality Control Board

**TO:** Interested Parties

**FROM:** L.B Nye, Ph.D  
Unit Chief, TMDLs and Standards

**DATE:** February 20, 2015

**SUBJECT: Public Meeting Regarding Reconsideration of the Ballona Creek Trash TMDL, and Los Angeles River Trash TMDL**

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board) invites stakeholders and interested parties to a public meeting on **Monday, March 9, 2015, at 10:00 am** to discuss reconsiderations of the Total Maximum Daily Loads (TMDL) for Trash in the Los Angeles River watershed and Trash in the Ballona Creek watershed. This meeting will be held at the Regional Board office. The purpose of the meeting is to solicit public participation as the Regional Board begins the reconsideration of these TMDLs. The Regional Board will consider amendments to the *Water Quality Control Plan for the Los Angeles Region* (Basin Plan) to incorporate any revisions to the TMDLs.

At the meeting, Regional Board staff will discuss monitoring results and technical matters to be reconsidered, including, potentially, Los Angeles trash TMDLs relationship to State-wide trash amendments or permits; compliance determination; strategies for non-point sources of trash; operation of full and partial capture devices; and monitoring. Additionally, the schedule for the TMDL reconsiderations will be discussed. Staff will also solicit input regarding effective public and stakeholder participation in the TMDL reconsideration process.

**The meeting will be held:**
