

**Figure 10: Draft Chloride TMDL Implementation Schedule - (6/21/02)**

Task Name	Y1	Y2	Y3	Y4	Y5	Y6	Y7	Y8	Y9	Y10	Y11	Y12	Y13	Y14	Y15
I. Upper Santa Clara River (SCR) Groundwater/Surface Water Interaction Model	█														
II. Chloride Source Identification/Reduction, Pollution Prevention and Public Outreach Plan	█														
III. Evaluation of Alternative Water Supplies for Agricultural Beneficial Uses	█														
IV. Evaluation of Appropriate Chloride Threshold for the Protection of Agricultural Beneficial Use	█														
V. Development of Site Specific Objective (SSO) for Chloride (if Applicable)				█											
VI. Development of Anti-Degradation Analysis for Revision of Chloride Objective by SSO Evaluation (if Applicable)				█	█										
VII. Regional Board Preparation and Adoption of Basin Plan Amendment (BPA) for Chloride Objective (if Applicable)					█										
VIII. Regional Board Modification of Chloride TMDL (if Applicable)						█									
IX. Analysis of Feasible Compliance Measures to Meet Load Allocations from Revised TMDL							█								
X. Planning, Design and Construction of Advanced Treatment Facilities (if Necessary)								█	█	█	█	█	█	█	█
