Arnold Schwarzenegger
Governor

TO: Interested Parties

FROM: Samuel Unger, P.E.
Section Chief, Regional Programs

DATE: December 8, 2006

RE: SAN GABRIEL RIVER METALS AND SELENIUM TMDL

This notice informs interested parties that the San Gabriel River Metals and Selenium TMDL has been removed from the agenda of the State Water Resources Control Board December 13, 2006 public hearing. The Los Angeles Regional Water Quality Control Board (Los Angeles Water Board) requested that consideration of the San Gabriel River Metals and Selenium TMDL be removed from the December 13, 2006 State Board agenda because, after reviewing the CEQA environmental documents, it was recommended that the Los Angeles Water Board recirculate portions of the documents. The San Gabriel River Metals and Selenium TMDL has been returned to the Los Angeles Water Board.

Thank you for your attention to this matter. Please contact Dr. L.B. Nye at (213) 576-6785 or Jenny Newman at (213) 576-6691 if there are any questions.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations
