

Change Sheet for the Revolon Slough and Beardsley Wash Trash TMDL

Page	Location	Action	Added or Deleted Text (additions are underlined, deletions are in strikeout)	Reason for Change
14-14	Basin Plan Amendment	Add	Waste Load Allocations (WLAs) are assigned the California Department of Transportation (Caltrans) Permittees and Co-Permittees of the Ventura County Municipal Separate Storm Sewer System (MS4) Permit, including <u>Ventura County</u> , Ventura County Watershed Protection District, the City of Camarillo, and the City of Oxnard, and local landowners.	In response to comments, to identify all appropriate means of regulation for nonpoint sources to ensure compliance with water quality standards.
14-14	Basin Plan Amendment	Add	Load Allocations (LAs) are assigned to land owners and agencies in the vicinity of Revolon Slough and Beardsley Wash, including the County of Ventura, <u>Ventura County Watershed Protection District</u> , City of Camarillo, City of Oxnard, and Agricultural entities in the Revolon Slough and Beardsley Wash subwatersheds. LAs may be issued to additional responsible jurisdictions in the future under applicable regulatory programs. LAs are zero trash.	In response to comments, to identify all appropriate means of regulation for nonpoint sources to ensure compliance with water quality standards.
14-15	Basin Plan Amendment	Add	LAs shall be implemented through either (1) a conditional waiver from waste discharge requirements, or (2) an alternative program implemented through waste discharge requirements or an individual waiver <u>or another appropriate order of the Regional Board</u> .	In response to comments, to identify all appropriate means of regulation for nonpoint sources to ensure compliance with water quality standards.
14-17	Basin Plan Amendment	Delete	All Drains listed above will also be cleaned within one week of every storm event greater than 1 inch of rain or after wind advisory .	In response to comments.
14-18	Basin Plan Amendment	Add/ Delete	(2) Alternatively, responsible jurisdictions may propose, or the Regional Board may impose, an alternative program which would be implemented through waste discharge requirements or an individual waiver , <u>a cleanup and abatement order, or any other appropriate order or orders</u> , provided the program is consistent with the assumptions and requirements of the reductions described in Table 7-24.2b, below.	In response to comments, to identify all appropriate means of regulation for nonpoint sources to ensure compliance with water quality standards.
14-19	Basin Plan Amendment	Delete	Discharge of trash from the conveyances occurs primarily during or shortly after a major rain event. Discharge of trash from nonpoint sources occurs during all seasons, but can be increased during or shortly after high wind events., which are defined as periods of wind advisories issued by the National Weather Service, and the period from May 15 to October 15.	In response to comments to clarify that critical conditions do not include high visitation between May 15 and October 15.
14-20 14-21 14-22	Basin Plan Amendment	Add/ Delete	City of Camarillo; City of Oxnard; Ventura County Watershed Protection District; Ventura County; Caltrans; Local land owners with <u>storm drains conveyances</u> .	In response to comments.
