Larry Forester
Vice Mayor
City of Signal Hill
Coalition for Practical Regulation

Public Hearing Los Angeles River Watershed Bacteria TMDL and Machado Lake Pesticides and PCBs TMDL

Dear Mr. Forester,

The Regional Board is in receipt of your letter on behalf of the Coalition for Practical Regulation dated April 26, 2010, requesting that the subject TMDLs be heard at a public hearing in Los Angeles County. These TMDLs are currently scheduled to be heard in Ventura County on July 8 and 9, 2010.

In response to this and other requests, we are moving the second day of the Board meeting, July 9, 2010, to a venue in Los Angeles County, likely in the City of Glendale or City of Pasadena. Both the subject TMDLs will be heard on July 9, 2010 in Los Angeles County. Please check our website for updates on the location: <http://www.waterboards.ca.gov/losangeles>. In addition, an agenda for the public hearing will be published on our website at least 10 days before the hearing.

Your letter also referenced possible postponement of consideration of these TMDLs. However, we are unable to delay consideration of the TMDLs due to Regional Board resource limitations and the imperative to address the water quality impairments.

Sincerely,

Samuel Unger
Interim Executive Officer

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
