TENTATIVE WASTE DISCHARGE REQUIREMENTS, MONITORING AND REPORTING PROGRAM, AND CEASE AND DESIST ORDER FOR FORESTER AND FIRE WARDEN CAMP 13, 1250 SOUTH ENCINAL CANYON ROAD, MALIBU, CALIFORNIA (FILE NO. 61-108, CI-3138, GLOBAL ID WDR100001048)

Dear Mr. Tizani,

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board), is the state agency with primary responsibility for the protection of ground and surface water quality for all beneficial uses within major portions of Los Angeles and Ventura Counties, including the referenced property above.

On July 27, 2000, the Regional Board adopted Waste Discharge Requirements (WDRs) Order No. 00-110 for Forester and Fire Warden Camp 13. Pursuant to the California Water Code, all waste discharge requirements are reviewed periodically, and, upon such review, may be revised by the Regional Board. Following a review of the existing requirements contained in WDR Order No. 00-110, a tentative Order for WDRs, tentative monitoring and reporting program (MRP), and a tentative Cease and Desist Order (CDO) have been prepared.

Enclosed are copies of the following:

1. Tentative WDRs consisting of:
 - a. Tentative Order No. R4-2015-XXXX, specifying WDRs,
 - b. Tentative Standard Provisions Applicable to WDRs, and
 - c. Tentative Monitoring and Reporting Program No. CI-3138.
2. Tentative CDO R4-2015-xxxx.

The documents are also available at the Regional Water Board's website:

http://www.waterboards.ca.gov/losangeles/board_decisions/tentative_orders/

In accordance with administrative procedures, the Regional Board will consider the enclosed tentative WDRs and CDO, written comments timely submitted, and oral comments at a public meeting to be held at 9:00 AM on June 11, 2015 at the Metropolitan Water District of Southern California, 700 North Alameda Street, Los Angeles, California. The Regional Board will hear any testimony pertinent to this discharge and the tentative requirements. It is expected that the Regional Board will take action at the meeting. However, as testimony indicates, the Regional Board at its discretion may postpone action on the WDRs and CDO.

You are invited to submit written comments on the tentative WDRs, CDO, and monitoring program. In order to be fully evaluated by the Regional Board staff and included in the Regional Board's agenda packet, written comments must be received at the Regional Board's office by 5:00 p.m. on May 18, 2015. The Regional Board may exclude comments from the record if they are received after this date and time and will exclude any comments if they will be prejudicial to any party or the Regional Board. Timely submittal of written comments is encouraged to ensure that all comments are accurately and fully included in the administrative record, that Regional Board staff is able to provide timely review, and that Regional Board Members have sufficient time to give full consideration to the issues raised in the comments.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (achang@waterboards.ca.gov), or me at (213) 576-6683 (ewu@waterboards.ca.gov).

Sincerely,

Eric Wu, Ph.D., P.E.
Chief of Groundwater Permitting Unit
