

Item 11 - Malibu La Paz Ranch Onsite Wastewater Disposal System WDRs/WRRs Renewal Change Sheet

Page	Location	Action	Added or Deleted Text (additions are underlined, deletions are in strikeout)	Reason for Change
11-005	Title of Order	Add / Delete	WASTE DISCHARGE REQUIREMENTS AND WATER RECLAMATION REQUIREMENTS FOR MALIBU LA PAZ RANCH, LLC – ONSITE WASTEWATER DISPOSAL SYSTEM <u>AND WATER RECYCLING FACILITY</u>	Staff agrees that the wastewater generated by La Paz system will meet the Title 22 Recycled Water Standards and will be used for landscape irrigation.
11-026	IX Provisions Item 28	Add / Delete	The Discharger shall cease the discharge from the OWDS upon the date of termination of this Order by June 30, 2017. By <u>February 28</u> May 30 , 2017, the discharger shall identify an alternative discharge location, such as the Malibu Civic Center Wastewater Treatment Facility, or other legal alternative to the discharge of waste, to be used after termination of this Order.	The Discharger is required to provide a plan at least 120 days prior termination of the WDRs/WRRs so the Board will know the status of their alternative disposal methods.
11-028	XII Term	Add / Delete	This Order <u>terminates</u> expires on June 30, 2017 <u>or the date Phase I of the City of Malibu's centralized wastewater treatment facility is complete, whichever is later.</u>	The permit expiration date was revised to accommodate the uncertainty of the construction of the Malibu centralized wastewater treatment facility.
