NOTICE OF PUBLIC HEARING

**PROPOSED REISSUANCE OF
WASTE DISCHARGE REQUIREMENTS
(National Pollutant Discharge Elimination System Permit)**

<u>DISCHARGER</u>	<u>DISCHARGE LOCATION</u>	<u>RECEIVING WATER</u>
Covina Irrigating Company William B. Temple Water Treatment Plant #1	255 West Arrow Highway Glendora, CA 91740	San Dimas Wash (lower)

Covina Irrigating Company (hereinafter, Discharger or Permittee) is the owner and operator of the William B. Temple Water Treatment Plant #1 (hereinafter Facility), a domestic water supply treatment plant, located at 255 West Arrow Highway, Glendora, California. The Facility supplies water to the City of Covina and five other purveyors. The Facility receives raw water through a 30-inch pipeline from the Morris and San Gabriel Reservoirs on the San Gabriel River, or from the State Water Project which is a water and power development and conveyance system operated by the State of California. The water filtration system is designed to treat 12.5 million gallons per day (MGD) of water, and consists of a flash mix chamber, two flocculation basins, two sedimentation basins, two banks of sand filters, and disinfection.

The Facility discharges up to 0.18 million gallons per day (MGD) of treated sand filter backwash wastewater to the San Dimas Wash (lower). The solids removed from the backwash process are discharged to the Los Angeles County Sanitation Districts' sewer system under an industrial user permit. Sanitary wastes from the Facility are also discharged to the Los Angeles County Sanitation District's sewer system. The discharge is currently regulated under waste discharge requirements contained in Order No. R4-2010-0197, adopted by this Regional Board on November 4, 2010. Order No. R4-2010-0197 also serves as a permit under the National Pollutant Discharge Elimination System Program (NPDES No. CA0060577). The Discharger filed a Report of Waste Discharge (ROWD) and applied to the Regional Board for reissuance of waste discharge requirements (WDRs) and an NPDES permit to discharge treated sand filter backwash wastewater from the Facility. The Facility discharges up to a total of 0.18 MGD of treated sand filter backwash wastewater to the San Dimas Wash (lower) through Discharge Point 001.

On the basis of preliminary staff review and application of lawful standards and regulations, the Regional Board tentatively proposes to issue waste discharge requirements, including effluent limitations and special conditions.

PARTIES TO THE HEARING

The following are the parties to this proceeding:

1. The applicant/permittee

Any other persons requesting party status must submit a written or electronic request to staff not later than 20 business days before the hearing. All parties will be notified if other persons are so designated.

PUBLIC COMMENTS AND SUBMITTAL OF EVIDENCE

Persons wishing to comment upon or object to the tentative waste discharge requirements, or submit evidence for the Board to consider, are invited to submit them in writing to the above address. To be evaluated and responded to by staff, included in the Board's agenda folder, and fully considered by the Board, written comments must be emailed to losangeles@waterboards.ca.gov with a copy to thomas.siebels@waterboards.ca.gov, no later than close of business on June 7, 2016. Please reference the comments as "Comments on tentative NPDES Permit, Covina Irrigating Company, CA0060577, CI-6849". Comments or evidence received after that date will be submitted, ex agenda, to the Board for consideration, but only included in the administrative record with express approval of the Chair during the hearing. Additionally, if the Board receives only supportive comments, the permit may be placed on the Board's consent calendar, and approved without an oral testimony.

HEARING PROCEDURE

The meeting, in which the hearing will be a part of, will start at 9:00 a.m. Interested persons are invited to attend. Staff will present the matter under consideration, after which oral statements from parties or interested persons will be heard. For accuracy of the record, all important testimony should be in writing. The Board will include in the administrative record written transcriptions of oral testimony that is actually presented at the hearing. Oral testimony may be limited to 3 minutes maximum or less for each speaker, depending on the number of persons wishing to be heard. Parties or persons with similar concerns or opinions are encouraged to choose one representative to speak. At the conclusion of testimony, the Board will deliberate in open or close session, and render a decision.

Parties or persons with special procedural requests should contact staff. Any procedure not specified in this hearing notice will be waived pursuant to section 648(d) of title 23 of the California Code of Regulations. Objections to any procedure to be used during this hearing must be submitted in writing not later than close of business 15 business days prior to the date of the hearing. Procedural objections will not be entertained at the hearing.

If there should not be a quorum on the scheduled date of this meeting, all cases will be automatically continued to the next scheduled meeting on a date to be determined. A continuance will not extend any time set forth herein.
