Public Notice No. 14-011
NPDES No. CA0053597

NOTICE OF PUBLIC HEARING

**PROPOSED ISSUANCE
OF
WASTE DISCHARGE REQUIREMENTS
(NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT)**

<u>DISCHARGER</u>	<u>DISCHARGE LOCATION</u>	<u>RECEIVING WATER</u>
Camarillo Sanitary District (Camarillo Water Reclamation Plant)	150 Howard Road Camarillo, California	Conejo Creek (tributary to Calleguas Creek)

The Camarillo Sanitary District (hereinafter the Camarillo SD or Discharger) discharges tertiary-treated wastewater, from its Camarillo Water Reclamation Plant (Camarillo WRP) to Conejo Creek, tributary to Calleguas Creek, waters of the United States. The discharge is regulated under waste discharge requirements contained in Order No. R4-2003-0079 adopted by this Regional Water Board on June 5, 2003, and Time Schedule Order No. R4-2011-0126-A01, originally adopted by this Regional Water Board on July 6, 2011, but amended on September 12, 2013. Order No. R4-2003-0079 serves as a permit under the National Pollutant Discharge Elimination System (NPDES No. CA0053597). The Discharger filed a Report of Waste Discharge (ROWD) and applied to the Regional Water Board for reissuance of waste discharge requirements (WDRs) and NPDES permit to discharge tertiary-treated wastewater. Camarillo SD also recycles tertiary-treated effluent for irrigation purposes, under separate WDRs that serve as Water Recycling Requirements (WRR) contained in Order No. R4-2013-0140.

Camarillo SD owns and operates the Camarillo WRP, a publicly owned treatment works (POTW) located at 150 Howard Road, Camarillo, California, with a design capacity of 7.25 million gallons per day (MGD). In 2007, the Camarillo WRP was upgraded from a secondary POTW to a tertiary POTW, with the addition of filtration facilities at the treatment plant. The completion of the nitrification/denitrification (NDN) project and other upgrades will enable the Discharger to augment the amount of treated effluent that is recycled, thereby reducing the volume of water discharged to surface waters. Under normal conditions, Camarillo WRP discharges treated wastewater by gravity flow from Discharge Point 001A to Conejo Creek. However, when the water level rises in the stream to the extent that discharge point 001A is partially or completely submerged (i.e., during heavy storm events), the final effluent is pumped to Conejo Creek, through Discharge Serial No. 001-B, located approximately 40 feet away from the Discharge Serial No. 001-A. Discharge Serial Points 001-A and 001-B have the same approximate coordinates: Latitude 34° 11' 40" North, Longitude 119° 00' 00" West.

On the basis of preliminary staff review and application of lawful standards and regulations, the California Regional Water Quality Control Board (Regional Water Board), Los Angeles Region,

tentatively proposes to issue waste discharge requirements, including effluent limitations and special conditions.

PUBLIC HEARING DATE AND LOCATION

The Regional Water Board will hold a public hearing on the tentative WDRs during its regular Board meeting on the following date and time and at the following location:

Date: **May 8, 2014**
Time: 9:00 a.m.
Place: City of Simi Valley Council Chambers, 2959 Tapo Canyon Road, Simi Valley, California

Interested persons are invited to attend. At the public hearing, the Regional Water Board will hear testimony, if any, pertinent to the discharge, WDRs, and permit. Oral testimony will be heard; however, for accuracy of the record, important testimony should be in writing.

Please be aware that dates and venues may change. Our Web address is <http://www.waterboards.ca.gov/losangeles/> where you can access the current agenda for changes in dates and locations.

SCOPE OF HEARING

The validity of the Total Maximum Daily Loads (TMDLs) for Calleguas Creek Watershed are not at issue before the Regional Water Board in this proceeding. Evidence or argument that challenges the validity of those requirements, or any aspects of them will not be permitted. The only matter before the Board is the adoption of new WDRs and permit under the NPDES to incorporate applicable water quality objectives associated with discharges to the waters of the United States.

AVAILABILITY OF DOCUMENTS

The Report of Waste Discharge (ROWD), other documents relied upon, tentative effluent limitations and special provisions, comments received, and other information are on file are available for inspection and copying between the hours of 8:00 a.m. and 4:30 p.m. by appointment at the following address:

Los Angeles Regional Water Quality Control Board
320 West 4th Street, Suite 200
Los Angeles, CA 90013

Arrangements for file review and/or obtaining copies of the documents may be made by calling the Regional Water Board at (213) 576-6600. Additionally, the agenda, the fact sheet, and the draft order will be available online at: <http://www.waterboards.ca.gov/losangeles/> under the "Tentative Permits" heading.

The entire file will become a part of the administrative record of this proceeding, irrespective of whether individual documents are specifically referenced during the hearing or contained in the agenda packet. The entire file will not be present in the hearing room. In addition to the

materials generated for this proceeding, the file includes the administrative records for the applicable Basin Plan amendments. Should any interested persons desire staff to bring to the hearing any particular documents that are not included in the agenda packet, they must submit a written or electronic request to staff during business hours, not later than five business days before the hearing. The request must identify the documents with enough specificity for staff to locate them.

PUBLIC COMMENTS AND SUBMITTAL OF EVIDENCE

Persons wishing to comment on, or object to, the tentative waste discharge requirements, or submit evidence for the Board to consider, are invited to submit them in writing to Veronica Cuevas at the above address, or send them electronically to veronica.cuevas@waterboards.ca.gov. To be evaluated and responded to by Regional Water Board staff, included in the Board's agenda folder, and fully considered by the Board, written comments or testimony regarding the tentative must be received no later than **5:00 p.m. on April 14, 2014**. Failure to comply with these requirements is grounds for the Regional Water Board to refuse to admit the proposed written comment or exhibit into evidence pursuant to section 648.4, title 23 of the California Code of Regulations.

NATURE OF HEARING

This proceeding will be a formal adjudicatory proceeding. For such proceedings, the Regional Water Board follows procedures established by the State Water Resources Control Board. These procedures are set forth in regulations commencing with section 647 of title 23 of the California Code of Regulations, in particular, Article 2, commencing with section 648.

PARTIES TO THE HEARING

The following are the parties to this proceeding:
Camarillo Sanitary District

Any other persons requesting party status must submit a written or electronic request to staff not later than 20 business days before the hearing. All parties will be notified if other persons are so designated.

Regional Water Board staff is not a party to the proceeding; their participation in this proceeding exists for the purpose of advising and assisting the Regional Water Board.

HEARING PROCEDURE

The Board meeting, of which this hearing is a part, will start at 9:00 a.m. Interested persons are invited to attend. When the agenda item is called, staff will present the matter under consideration, after which oral statements from parties or interested persons will be heard. For accuracy of the record, all important testimony should be in writing. The Board will include in the administrative record written transcriptions of oral testimony that is actually presented at the hearing. Oral testimony may be limited to five minutes or less for each interested person, depending on the number of interested persons wishing to be heard.

Parties or interested persons with similar concerns or opinions are encouraged to choose one representative to speak and are encouraged to coordinate their presentations with each other. Parties will be advised after the receipt of public comments, but prior to the date of the hearing, of the amount of time each is allocated for presentations. That decision will be based upon the complexity and number of issues under consideration, the extent to which the parties have coordinated, the number of parties and interested persons anticipated, and the time available for the hearing. The parties are invited to contact staff not later than **April 24, 2014**, (two weeks prior to the hearing) to discuss how much time they believe is necessary for their presentations, and staff will endeavor to accommodate reasonable requests. At the conclusion of testimony, the Board will deliberate in open or close session, and render a decision.

The Board does not generally require the prior identification of witnesses, the cross examination of witnesses, or other procedures not specified in this notice. Parties or persons with special procedural requests or requests for alternative hearing procedures should contact staff, who will endeavor to accommodate reasonable requests. Objections to any procedure to be used during this hearing must be submitted in writing no later than close of business 15 business days prior to the date of the hearing. (Any objections related to the amount of time allocated for parties' presentations must be submitted within two business days of notice thereof, if that date is less than 15 business days before the hearing.) Absent such objections, any procedure not specified in this hearing notice will be waived pursuant to section 648(d) of title 23 of the California Code of Regulations. Procedural objections will not be entertained at the hearing.

If there should not be a quorum on the scheduled date of this meeting, all cases will be automatically continued to the next scheduled meeting on **June 12, 2014**. A continuance will not extend any time set forth herein.
