Mr. Samuel Unger, P.E.
Executive Officer
California Regional Water Quality
Control Board – Los Angeles Region
320 West 4th Street, Suite 200
Los Angeles, CA 90013

Attention Ms. Renee Purdy

Dear Mr. Unger:

SUBMITTAL OF 2016 SEMI-ANNUAL REPORT FOR THE BEACH CITIES COORDINATED INTEGRATED MONITORING PROGRAM

The letter serves to notify the California Regional Water Quality Control Board – Los Angeles Region (Regional Board) that the Los Angeles County Flood Control District (LACFCD) and the cities of Hermosa Beach, Manhattan Beach, Redondo Beach, and Torrance (collectively the Beach Cities Watershed Management Group) are not submitting a 2016 Semi-Annual Report for the July 1-December 31, 2015 period.

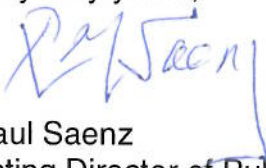

Pursuant to Part XIV.L of the Monitoring and Reporting Program of the Los Angeles County Municipal Separate Storm Sewer System (MS4) Permit (Order No. R4-2012-0175), results of monitoring from receiving water and outfall based monitoring are to be submitted semi-annually to the Regional Board. The Beach Cities CIMP relies on receiving water data from the Dominguez Channel Mass Emission Station S28 to characterize water quality in Dominguez Channel. That data, which was collected by the Dominguez Channel WMG and shared with the Beach Cities WMG, was submitted separately by the Dominguez Channel WMG on June 15, 2016. As a result, the Beach Cities WMG will not be making a separate data submittal at this time.

A Semi-Annual Report will be submitted by the Beach Cities WMG in December 2016 and will include Santa Monica Bay Beaches Bacteria TMDL coordinated shoreline monitoring data from sites within the Beach Cities CIMP Area covering the period from July 1, 2015 through June 30, 2016.
