

June 15, 2016

Ivar K. Ridgeway
Senior Environmental Scientist
California Regional Water Quality Control Board, Los Angeles Region
320 West 4th Street, Suite 200
Los Angeles, CA 90013-2343

Subject: Semi-annual reporting – June 15, 2016 (July 2015 - December 2015 reporting period).

Dear Mr. Ridgeway:

The City of Irwindale's Integrated Monitoring Program (IMP) was conditionally approved on January 19, 2016. As directed in the Regional Water Board's letter dated January 19, 2016, the City began implementation of their IMP prior to February 18, 2016.

As clarified in the email correspondence between the City's Consultant Ed Suher, CASC Engineering, and Chris Lopez, Los Angeles Regional Water Quality Control Board dated June 14, 2016, the City of Irwindale has no data to submit for the June 15, 2016 semi-annual reporting period since the implementation of the City's IMP commenced within the January - June 2016 reporting period. The City of Irwindale's Outfall Monitoring results and collaborative Receiving Water Monitoring and TMDL Monitoring results will be reported in the City's Annual Report, which will be submitted by December 15, 2016.

Should you have any questions, please do not hesitate to contact Elizabeth Rodriguez, Interim Management Analyst, at (626) 430-2211 or via email at erodriguez@irwindaleca.gov.

Sincerely,

William K. Tam, PE
Director of Public Works/City Engineer

cc: John Davidson, City Manager
