

North Coast Regional Water Quality Control Board

March 27, 2012

Mrs. Anne Mack Johnson
8831 Hood Mountain Court
Santa Rosa, CA 95409

Dear Mrs. Johnson:

Subject: Rescission of Cleanup and Abatement Order No. R1-2008-0041

File: Anne Mack Johnson Housing Complex, 1116 South Cloverdale
Boulevard, Cloverdale, WDID No. 1B08048CSON

This correspondence rescinds Cleanup and Abatement Order No. 2008-0041, issued to you on March 21, 2008, for a discharge of raw sewage to the storm drain system connected to Porterfield Creek in Cloverdale. The sewage originated from a septic tank sump serving a multiple unit housing complex located at 1116 South Cloverdale Boulevard.

A requirement of Order No. R1-2008-0041 was to immediately abate the unpermitted release of wastewater and the threat of future discharges to surface waters from the failing septic system. Connection of the housing unit to the City of Cloverdale sanitary sewer system for future wastewater treatment and disposal needs was specifically cited as an action that could be taken to cease the discharge.

On January 23, 2012, Regional Water Board staff was informed by the City of Cloverdale City Engineer that the property located at 1116 South Cloverdale Boulevard in Cloverdale had been connected to the City of Cloverdale sewer system and had been discharging to the City sewer for approximately six months. Based on the information provided by City of Cloverdale staff, it is appropriate to rescind Cleanup and Abatement Order No. R1-2008-0041. Therefore, Order No. R1-2008-0041 is hereby rescinded.

Please contact Rachel Prat of my staff at 576-2542 or at rprat@waterboards.ca.gov if you have any questions regarding this matter.

Sincerely,

Catherine Kuhlman
Executive Officer
