

California Regional Water Quality Control Board
North Coast Region

ORDER NO. R1-2011-0059

RESCINDING MONITORING AND REPORTING PROGRAM
ORDER NO. R1-2009-0130

FOR

Normans Dry Cleaners and Laundry
2907 E Street
Eureka, California

Humboldt County

1. On December 8, 2009, the Executive Officer of the North Coast Regional Water Quality Control Board issued Monitoring and Reporting Program (MRP) No. R1-2009-0130 for Normans Dry Cleaners and Laundry Facility located in Eureka, California (Site). MRP Order No. R1-2009-0130 contained requirements for monitoring, sampling, and reporting related to In-Situ Chemical Flushing (ISCF) pilot-scale testing for the solubilization and/or mobilization and removal of dense non-aqueous phase liquids (DNAPL) from the subsurface environment at the Site.
2. Normans Dry Cleaners and Laundry completed pilot scale activities related to ISCF and complied with MRP Order No. R1-2009-0130.
3. The overall effectiveness of using ISCF as a remedial technology to treat DNAPL in soil and groundwater at the Site will be evaluated in the forth coming feasibility study and remedial action plan for the Site

THEREFORE, it is hereby ordered that Monitoring and Reporting Program No. R1-2009-0130 is rescinded.
