Dear Mr. and Mrs. Barcellos:

Subject: Incomplete Application/Report of Waste Discharge for the Trinity Dam
Mobile Home Park

File: Trinity Dam Mobile Home Park, 4720 Trinity Dam Boulevard, Lewiston,
Trinity County (WOID No. 1A02026RTRI)

On August 29, 2012, we received an Application/Report of Waste Discharge prepared by DJH Engineering, for the Trinity Dam Mobile Home Park located in Lewiston, Trinity County.

The application package is incomplete because it proposes two potential options for wastewater treatment and disposal at the Park. However, no single option is chosen, and we are unable to move forward with permitting without a chosen option to evaluate for compliance with applicable laws and regulations. Therefore, the Application/Report of Waste Discharge is incomplete. Please select an alternative and resubmit the Report of Waste Discharge. Regional Water Board staff may have additional comments when reviewing the preferred alternative.

The discharge of sewage at this Mobile Home Park has adversely impacted water quality and constitutes a threat to public health and safety. Delays in compliance with the Cleanup and Abatement Order have prolonged the impact to water quality and condition of nuisance. Your efforts and timeliness in correcting the problems identified in this letter will factor significantly into possible future enforcement actions taken by the Regional Water Board.
