1. On August 15, 2011, the Executive Officer of the North Coast Regional Water Quality Control Board issued Cleanup and Abatement and 13267 Order No. R1-2011-0072 (CAO) for the site located at 1305 Elizabeth Barcus Way, in Fortuna, Humboldt County. The CAO required the named parties (Dischargers) to correct violations associated with the unauthorized modification of a watercourse on the subject property. Corrective work undertaken to address the violation included backfilling a channel the Dischargers had created to divert the stream from its natural channel, restoration of the natural stream channel, and re-vegetation of all disturbed areas and streamside areas affected by the illegal stream modification work.
2. On July 15, 2013, staff of the North Coast Regional Water Board inspected the site and confirmed that water quality violations had been adequately corrected, and on July 23, 2013, staff determined that all requirements of the CAO had been satisfactorily completed. Based on the available information, it is appropriate to rescind CAO No. R1-2011-0072.

THEREFORE, it is hereby ordered that CAO No. R1-2011-0072 is rescinded.
