Case No. 1NHU892

1. On February 8, 2010, Catherine Kuhlman, Executive Officer of the North Coast Regional Water Quality Control Board issued Monitoring and Reporting Program Order No. R1-2010-0023 (Order) for the former pulp mill site in Samoa. The Order contained requirements for monitoring and reporting data collected from the monitoring wells at the Site.
2. On October 31, 2013, Region Water Board staff concurred that the Order required revision due to property ownership changes, reductions in monitoring requirements, and changes in chemical constituent requirements. Based on the available information, it is appropriate to rescind Monitoring and Reporting Program No. R1-2010-0023.

Therefore, it is hereby ordered that Monitoring and Reporting Program Order No. R1-2010-0023 is rescinded.
