Dear Ms. Acker:

**Subject:** Amendment to the Clean Water Act Section 401 Certification (Water Quality Certification) for the Crocker Road Bridge Project, Crocker Road, Cloverdale, Sonoma County, California.

**File:** Crocker Road Bridge Project, Crocker Road, Cloverdale, Sonoma County  
WDID No. 1B03005WNSO

On April 12, 2007, you sent an email to the North Coast Regional Water Quality Control Board requesting an extension of time of the Clean Water Act Section 401 Certification (Water Quality Certification) for the Crocker Road Bridge Seismic Retrofit Project, Cloverdale, Sonoma County. You indicated that the remainder of the project, (the removal of six temporary steel casings from around concrete piers within the channel), can be completed during the low water summer months of 2007. This will be the second time extension amendment to the original Water Quality Certification that was issued on July 31, 2003.

In response to your request, this letter serves as an amendment to the Water Quality Certification for Crocker Road Bridge Project, Crocker Road, Cloverdale, Sonoma County, allowing an extension of the authorization of this Water Quality Certification, as outlined below:

**Expiration:** The authorization of this certification for any dredge and fill activities has been extended from the previous expiration date of October 31, 2006, to December 31, 2007. Conditions and monitoring requirements outlined in this certification are not subject to the expiration date outlined above, and remain in full effect and are enforceable.

*Recycled Paper*

I hereby issue an amendment to the Expiration section of the Crocker Road Bridge Project, Crocker Road, Cloverdale, Sonoma County Water Quality Certification Order (WDID No. 1B03005WNSO) certifying that the remainder of the Water Quality Certification sections of the Order are still valid. If you have any questions or comments, please contact Stephen Bargsten of my staff at (707) 576-2653.

Sincerely,

Catherine E. Kuhlman  
Executive Officer
