Order No. R1-2001-57
WDID No. 1A85029RTRI

Trinity County

The California Regional Water Quality Control Board, North Coast Region (Regional Water Board) finds that:

1. On June 28, 2001, the Regional Water Board adopted Waste Discharge Requirements (WDRs) Order No. R1-2001-57, requiring the California Department of Forestry (CDF) to comply with discharge specifications for sewage disposal at the CDF Trinity River Conservation Camp, located in Lewiston, California. Order No. R1-2001-57 also requires compliance with Monitoring and Reporting Program No. R1-2001-57.
2. In 2006, CDF upgraded many components of the existing wastewater treatment and disposal system. Regulation of the upgraded wastewater treatment and disposal system will be in accordance with State Water Resources Control Board General Order No. 97-10-DWQ, and monitoring and reporting program No. R1-2008-0030 as approved by the Executive Officer per provision D1.d.of Order No. 97-10-DWQ.
3. This action to rescind WDRs is not subject to the California Environmental Quality Act (CEQA) (Public Resources Code Section 21000 et seq.), pursuant to Title 14, California Code of Regulations, Sections 15060(c)(2) and 15061(b). Based on the foregoing findings and the facts underlying them, this action to rescind WDRs cannot reasonably be expected to have any potentially significant adverse effect on the environment.
4. On April 24, 2008, after due notice to CDF and all other affected persons, the Regional Water Board conducted a public hearing and evidence was received regarding rescission of the WDRs.

THEREFORE, IT IS HEREBY ORDERED that Waste Discharge Requirements, Order No. R1-2001-57 and Monitoring and Reporting Program No. R1-2001-57 are rescinded except for enforcement purposes, related to past violations of these orders.
