Notice of Public Hearing

For

Proposed Modifications of Waste Discharge Requirements
and Master Reclamation Permit
Order No. R1-2011-0006
NPDES Permit No. CA0023345
WDID No. 1B82037OSON

National Pollutant Discharge Elimination System Permit

For

Town of Windsor
Wastewater Treatment, Reclamation and Disposal Facility
Order No. R1-2007-0013

Sonoma County

On the basis of preliminary staff review and application of lawful standards and regulations, the California North Coast Regional Water Quality Control Board (Regional Water Board) proposes to modify Waste Discharge Requirements (WDRs) Order No. R1-2007-0013 for the Town of Windsor Wastewater Treatment, Reclamation and Disposal Facility. Proposed modifications include removal of final effluent limitations for copper based on a re-evaluation of reasonable potential with a discharger-specific water effect ratio, addition of discharge to the Geysers recharge pipeline as a new discharge point, and increase in the authorized wastewater treatment and reclamation capacity. This item will be open for public comment between November 16, 2010 and December 16, 2010.

Public Hearing Procedures

A public hearing to consider comments and objections to the proposed permit modifications is scheduled for January 27, 2011, at 8:30 a.m., in Santa Rosa, California, or as announced in the Regional Water Board's agenda. The meeting will be held at the Regional Water Board's Office, located at 5550 Skylane Boulevard, Suite A, Santa Rosa, California. At the public hearing, the Regional Water Board will consider whether to affirm, reject, or modify the proposed waste discharge requirements.

In order for the Regional Water Board to consider any evidentiary material concerning this hearing, any documents, including written technical reports and other evidentiary

material, must be received by the Regional Water Board no later than 5:00 p.m., on December 16, 2010, at 5550 Skylane Boulevard, Suite A, Santa Rosa, California 95403. All documents that are received timely will be distributed to the Regional Water Board members and interested persons. These records will also become a permanent part of the administrative record for this public hearing.

Except at the discretion of the Regional Water Board Chair, written material received after the above date will not be accepted. If the Chair chooses to accept late written material, that material will not be incorporated into the administrative record if doing so would prejudice the Discharger or the Regional Water Board staff. The Chair may choose to modify this rule upon a showing of severe hardship (California Code of Regulations, title 23, sections 648.1 and 648.4).

All those who plan to testify at this hearing must submit written statements to the Regional Water Quality Control Board no later than December 16, 2010. The statements should provide the name of the witness, his or her qualifications (if an expert), and the scope of his or her intended testimony. The time limit for oral testimony or comments will be set by the Regional Water Board Chair and are subject to change. These time limits normally allow no more than 10 minutes each for Regional Water Board staff and Dischargers. All speakers are expected to honor these time limits. Other interested persons may also provide testimony at this public hearing. However, any testimony given by someone other than staff or the Discharger may be limited to three minutes and may only be given under the limited scope of summarizing or explaining any timely-submitted or late-accepted written evidence. No new evidence will be allowed to be presented at this public hearing. In an effort to be fair to all people who wish to testify at this public hearing, the Regional Water Board Chair may choose to use a timer to ensure that individuals stay within the time limits set by the Chair. The Chair also requests that in order to avoid unnecessary repetitive testimony, that one spokesperson be selected to speak on behalf of many individuals, when those individuals share a common affiliation or interest.

Document Review

The tentative Orders, related documents, and comments, received by the Regional Water Board will be on file and may be inspected or copied at the Regional Water Board's office, 5550 Skylane Boulevard, Suite A, Santa Rosa, California. Appointments are recommended for document review. Appointments can be made by calling (707) 576-2220. The tentative Orders are also available for review on the North Coast Regional Water Board website at http://www.waterboards.ca.gov/northcoast/board_decisions/tentative_orders/.
