

Notice of Proposed No Further Action

For
CDPR Hendy Woods State Park
18599 Philo-Greenwood Road
Philo, CA

Case Number 1TMC379
Mendocino County

Notice Posting Date: August 3, 2016

End of Comment Period: October 3, 2016

A soil and groundwater investigation was conducted at the above-referenced site and a release of petroleum hydrocarbons was documented. Although some contamination remains, this site meets the conditions for closure under the State Water Resources Control Board's "[Low-Threat Underground Storage Tank Case Closure Policy](#)". Regional Water Board staff proposes that no further work be required. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

Problem Description: A previous underground storage tank fuel system, removed in the 1998, released gasoline to soil and groundwater at this site. Soil and groundwater at and around the site have been investigated. Analytical results for soil and groundwater sampling at the site shows that petroleum impacts are limited to the immediate vicinity of the former underground storage tank system. No water supply wells are impacted or threatened by the contamination that remains.

Proposed Action: Case closure is proposed. Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the closure process upon conclusion of the comment period. Please contact Jim Tischler at James.Tischler@waterboards.ca.gov or (707) 576-2469 with any questions or comments. Written comments may also be submitted to:

North Coast Regional Water Quality Control Board

Regional Water Board site records comprise both a paper file and an electronic file. Beginning in 2005, select file material was uploaded to the State Water Resources Control Board's GeoTracker website and not necessarily included in the paper file. All new file material after 2014 is retained only electronically. The GeoTracker records are available at http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T0604500311.

The paper file ("CDPR Hendy Woods State Park", Case No. 1TMC379) may be reviewed at the North Coast Regional Water Quality Control Board office from 8:00am to 5:00pm Monday through Friday. Appointments are recommended and can be arranged by calling (707) 576-2220.
