
North Coast Regional Water Quality Control Board

Staff of the North Coast Regional Water Quality Control Board (Regional Water Board) will host an informational public meeting to provide information and address questions relating to their Cannabis Waste Discharge Regulatory Program.

CANNABIS WASTE DISCHARGE WAIVER ENROLLMENT CLINIC

JULY 7, 2016 2:30-4:30PM

Redwood Playhouse Theater
286 Sprowel Creek Road, Garberville 95542

Private properties in the north coast with 2,000 square feet or more of cultivated area of cannabis must be enrolled for coverage under Order R1-2015-0023: *Waiver of Waste Discharge Requirements for Discharges of Waste Resulting from Cannabis Cultivation and Associated Activities or Operations with Similar Environmental Effects in the North Coast Region**.

On June 21, 2016 the Regional Water Board initiated enrollment enforcement by sending legal directive letters to properties owners advising that the property may be required to enroll under Order R1-2015-0023. Failure to take action may lead to penalties.

Staff will make available enrollment materials and will discuss how to enroll; provide information on third party programs; address questions about the waiver, standard conditions, tier structure, and provide guidance on meeting its requirements. Additional information about the Regional Water Board's Cannabis Regulatory Program is available at:

http://www.waterboards.ca.gov/northcoast/water_issues/programs/cannabis/

Questions about the meeting can be directed to 707-576-2672 or Adona.White@waterboards.ca.gov

*The Order does not apply to any parcel with a cumulative area of cannabis cultivation or operations with similar environmental effects of less than 2,000 square feet where there is no potential for discharge of waste.
