**Subject:** Re: Groundwater monitoring committee

Good afternoon Parry,

I seemed to recall that Clay Rodgers, Regional Board Staff from Fresno office, provided a brief description of the Ground Water Monitoring Technical Issues Group (Ground Water Group) during one of the TIC meetings. I do not know if Clay Rodgers still is in charge of that. Susan or Joe will have can confirm that. If Clay is still in charge, here is his contact information:

Clay Rodgers  
Asst. Executive Officer  
Office: (559) 445-5102  
Fax: (559) 445-5910  
[CRodgers@waterboards.ca.gov](mailto:CRodgers@waterboards.ca.gov)

Hello all;  
Am I recalling correctly that there is a groundwater monitoring technical committee that is led by staff from the Fresno office? If so, who is the lead on that committee? I'd like to get someone from the Fresno office to come to an ESJWQC board meeting to discuss what they are working on; also to have a general groundwater monitoring discussion regarding data from our region.  
Thanks.  
Parry
