Parry,

Clay Rodgers is still listed as the primary contact on our web site - see http://www.waterboards.ca.gov/centralvalley/water_issues/groundwater_quality/index.shtml#qmawmtg9 .

Hello all;

Am I recalling correctly that there is a groundwater monitoring technical committee that is led by staff from the Fresno office? If so, who is the lead on that committee? I'd like to get someone from the Fresno office to come to an ESJWQC board meeting to discuss what they are working on; also to have a general groundwater monitoring discussion regarding data from our region. Thanks.

Parry
