Thanks Dania.

Jim, I'd like to set up a meeting for late this month or early June to discuss our project and to congratulate you on your newest staffer. We'll miss Dania as our rep for the ILRP.

Hi Dania,

I would be the best person from the NPDES program for that area. A regional monitoring program would be great!

Jim

Good afternoon Jim,

The ESJ Coalition representative, Parry Klassen, that I have been working with for the last 4 or 5 years obtained a US EPA grant to start laying the groundwork for a SJR basin Regional Monitoring Program. Parry would like to know to whom he can talk to from the NPDES program to obtain some information on the permittees for the area and the type of monitoring that this program will do.

Could you please let me know who will be the best person for Parry to contact from the NPDES program?

Dania
