Ok, we're on. I can work up a tour route that starts NE of Modesto and works south. Plan for all day.

Parry,

Okay - we are on for an Eastside Field Tour on June 21st.

As far as how far south to drive - I will leave that to your discretion - we are prepared for a full day and we do not have to get back at any particular time.
It would be good to see several of the Coalition's monitoring sites. Maybe you can plan a route that will allow us to see the different types of crops and irrigation methods as well. You could also include stops to see examples of some installed BMPs such as tailwater return/sediment ponds, buffer strips, etc.

It is always good if a grower or two wants to show us their operations and talk about their perspective on the ILRP.

Thanks,

Susan

June 21 works fine. How far south you want to drive? I'm thinking to look at watersheds just south of Merced.
BTW we have an ESJ board meeting on 6-20 in Merced area (12-3) if you want to do an am tour, early pm board meeting and another watershed stop just north of Merced. Your choice.

Hi Parry,

Sorry it took so long to get back to you on the field tour.

Adam and I looked at our schedules and the following dates in June are currently open for a field tour:

June 15

June 17

June 20

June 21

June 23

June 24

Would any of these days work for you?

Thanks,

Susan

Susan,
You want to pick a day in late May or June for a field tour? Maybe Dania's replacement will be named by then.

Good afternoon Parry,

I just wanted to follow up with an informal comment that you made while we were we were waiting for Mike at the lobby. Is there a possibility of a ESJWQC tour for Susan and I sometime in April or May, since new sites have been added and high priority areas have been identified and addressed?

Please let me know if this is something that we can consider in the future.

Thank you

Dania

Hi Dania,

I was just thinking about Parry's interest in doing a tour.

Maybe you could ask him if he would be interested in planning a similar tour of the Eastside for us in April or May?

Susan
