**Subject:** Re: SJR TMDL Decision tree

Hi Parry,

Thank you for developing and sending a draft decision tree for SJR TMDL follow-up actions. I plan to get input from our internal staff team so that I can provide you with our comments and questions as a whole.

I will also be working with Joe and Adam to determine when we can hold a meeting with both the East San Joaquin and Westside Coalitions to discuss the monitoring strategy. We need to integrate these efforts along with our priority efforts working on the WDR Orders.

Thanks,

Susan Fregien, Senior Environmental Scientist

Susan,

The ESJWQC and Westside SJRWC coalitions have had internal discussions regarding follow up actions that will occur when water quality monitoring results indicate that the SJR is out of compliance with the chlorpyrifos and diazinon TMDL. The Coalitions have jointly developed a draft decision tree outlining those actions (see attached). Please let us know if you have any questions.

Parry
