For the case file

>>> Joe Karkoski 9/28/2011 4:02 PM >>>
Hi all,

We would like to review the attached with you at our meeting next week. Since this is a working document specific to your coalition, please do not circulate it outside of your coalition. If you feel it is important to share this document outside of your coalition, please contact me so we can discuss it. If our coalition-specific working documents begin receiving broader circulation outside of the coalition they pertain to, we may need to make those documents available to all interested parties to be fair to those other parties.

If you have any questions about the attached before our meeting, you can contact Susan this week or me next week.

Joe

Joe Karkoski, PE, MPPA
Supervising Water Resources Control Engineer
Central Valley Regional Water Quality Control Board
11020 Sun Center Drive
Rancho Cordova, CA 95670-6114
