**Subject:** RE: SJCDWQC and ESJ 2012 Monitoring schedule

Hi Chris,

Yes, we can get you a 2012 monitoring schedule by December 16th.

However, I want to remind you that we will be submitting our letter to petition the removal of specific constituents from site subwatershed management plans for both the ESJ and SJCD. For the SJCDWQC, we will also be submitting a letter requesting the replacement of the Roberts Island monitoring locations to a single monitoring location at the main pump on the island. The Roberts Island letter will be to you by the end of the week and the petition for the Management Plan will be to you next week.

Both of these letters will affect the monitoring schedule if they are approved.

Melissa

Hi Melissa,

Hope you had a good holiday.

It is getting towards the end of the year, and I wanted to ask you for the SJD and ESJ 2012 monitoring schedule. Could you send me these by mid December?

Attached is what you supplied to us last year 2011.

Thank you
