

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 78-21
NPDES NO. CA0038105

AN ORDER AMENDING ORDER NO. 77-100 TO ADOPT
A REVISED ENFORCEMENT ORDER FOR ISSUANCE OF
A TIME SCHEDULE FOR:

ESTERO MUNICIPAL IMPROVEMENT DISTRICT
SAN MATEO COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region,
finds that:

1. On December 6, 1974, this Board adopted Order No. 74-165 prescribing waste discharge requirements for the discharge of municipal wastewater into San Francisco Bay by Estero Municipal Improvement District, hereinafter referred to as the discharger.
2. On July 19, 1977, this Board adopted Order No. 77-99, a revised compliance time schedule, and Order No. 77-100, an enforcement order for issuance of a time schedule, requiring the discharger to terminate Bay discharge and intercept waste to the San Mateo treatment plant by January 1, 1978.
3. The discharger was not able to intercept waste to the San Mateo treatment plant by January 1, 1978. It was originally planned that the City of San Mateo's new treatment facilities, now under construction and scheduled to be fully completed by October 1, 1978, would be able to accommodate the Estero flow by January 1, 1978, by completion of new sludge handling facilities and an additional clarifier, approximately seven (7) months prior to full completion of the new plant. However, equipment delivery delays have affected completion of these particular units, and it is now estimated that these will not be completed prior to the other facilities. Consequently, the delay in termination of Bay discharge and interception of waste to the San Mateo treatment plant is beyond the discharger's control.
4. On March 21, 1978, at a meeting starting at 9:30 a.m. in the Assembly Room, State Building, 1111 Jackson Street, Oakland, after due notice to the discharger and all other interested persons, the Regional Board conducted a public hearing at which the discharger appeared and evidence was received concerning the discharge.

IT IS HEREBY ORDERED that Provisions 1 and 2 of Order No. 77-100 is amended to read as follows:

- | 1. | <u>Task</u> | <u>Completion Date</u> | <u>Report of Compliance Due</u> |
|----|--|------------------------|---------------------------------|
| | Terminate Bay discharge and intercept waste to the San Mateo treatment plant | November 1, 1978 | November 15, 1978 |
| 2. | This Order expires on May 1, 1979. | | |

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region on March 21, 1978.
