STAFF SUMMARY REPORT – Donald Trembley
MEETING DATE: October 20, 2004

ITEM: 5.E

SUBJECT: LEAKING UNDERGROUND FUEL TANK CLEANUP PROGRAM – Status
Report

DISCUSSION: Attached are three tables indicating progress made during the 1st quarter of fiscal year 04-05 toward our UST program goals. We are currently on track to exceed our goal of 30 case closures. In order to reduce costs to the dischargers and increase efficiency, where possible, we have reduced monitoring frequency to semi-annual. Consequently, the bulk of the monitoring reports will not be received until later this year. At that time the number of monitoring report reviews will increase and come into line with our goal.

Future Lust Cleanup Program reports will highlight other aspects of the program.

RECOMMEN-
DATION: This is an information item only and no action is necessary.
