**NOTICE OF APPLICATION AND PUBLIC HEARING  
FOR  
DISCHARGE PERMIT  
for  
East Bay Regional Park District, Union Sanitary District,  
and East Bay Dischargers Authority: Hayward Marsh  
3050 West Winton Road, Hayward, CA, 94545, Alameda County**

The East Bay Dischargers Authority, Union Sanitary District, and East Bay Regional Park District filed an application for reissuance of their permit under the National Pollutant Discharge Elimination System. The San Francisco Bay Regional Water Quality Control Board's (Regional Water Board's) staff has prepared a tentative permit for this discharger, containing limitations and provisions in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act.

Hayward Marsh receives approximately 2.6 million gallons per day of treated wastewater from the Union Sanitary District's Alvarado Wastewater Treatment Plant. This reclaimed wastewater is further treated as it flows through a 85-acre marsh treatment system operated by Park District. Then it is discharged to Hayward Marsh's two brackish receiving water basins and San Francisco Bay.

The Regional Water Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date: 9:00 a.m., September 14, 2011  
Location: Auditorium, Elihu Harris State Building  
1515 Clay Street, Oakland

**The deadline for comment is 5:00 p.m. on August 8, 2011.** Comments must be sent to the attention of **John H. Madigan**.
