**CITY COUNCIL 2012**

RICHARD A. GARBARINO, MAYOR  
PEDRO GONZALEZ, VICE MAYOR  
MARK ADDIEGO, COUNCILMEMBER  
KARYL MATSUMOTO, COUNCILMEMBER  
KEVIN MULLIN, COUNCILMEMBER

BARRY M. NAGEL, CITY MANAGER

September 17, 2012

Mr. Bruce Wolfe, Executive Officer  
California Regional Water Quality Control Board  
San Francisco Bay Region  
1515 Clay Street, Suite 1400  
Oakland, CA 94612

Subject: Annual Report July 1, 2011 through June 30, 2012

Dear Mr. Wolfe:

This report was developed and submitted in accordance with the following certification standard:

I certify, under penalty of law, that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or person(s) who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for known violators.

If you have any questions, please contact Cassandra Prudhel at 650-829-3840.

Sincerely,

Cassandra Prudhel  
Technical Services Supervisor  
City of South San Francisco

**Section 2 - Provision C.2 Reporting Municipal Operations**

**Program Highlights and Evaluation**

Highlight/summarize activities for reporting year:

**Summary:**

Refer to the C.2 Municipal Operations section of the countywide Program's FY 11-12 Annual Report for a description of activities implemented at the countywide and/or regional level.

**C.2.a. ► Street and Road Repair and Maintenance**

Place an **X** in the boxes next to implemented BMPs to indicate that these BMPs were implemented in applicable instances. If not applicable, type **NA** in the box. If one or more of these BMPs were not adequately implemented during the reporting fiscal year then indicate so and provide explanation in the comments section below:

|          |  |
|----------|--|
| <b>X</b> | Control of debris and waste materials during road and parking lot installation, repaving or repair maintenance activities from polluting stormwater.                                   |
| <b>X</b> | Control of concrete slurry and wastewater, asphalt, pavement cutting, and other street and road maintenance materials and wastewater from discharging to storm drains from work sites. |
| <b>X</b> | Sweeping and/or vacuuming and other dry methods to remove debris, concrete, or sediment residues from work sites upon completion of work.  |

**Comments: All BMPs have been implemented and are in practice for street and road repair.**

**C.2.b. ► Sidewalk/Plaza Maintenance and Pavement Washing**

Place an **X** in the boxes next to implemented BMPs to indicate that these BMPs were implemented in applicable instances. If not applicable, type **NA** in the box. If one or more of these BMPs were not adequately implemented during the reporting fiscal year then indicate so and explain in the comments section below:

|          |  |
|----------|--|
| <b>X</b> | Control of wash water from pavement washing, mobile cleaning, pressure wash operations at parking lots, garages, trash areas, gas station fueling areas, and sidewalk and plaza cleaning activities from polluting stormwater. |
| <b>X</b> | Implementation of the BASMAA Mobile Surface Cleaner Program BMPs.  |

**Comments: All BMPs have been implemented and are in practice.**

**C.2.c. ► Bridge and Structure Maintenance and Graffiti Removal**

Place an **X** in the boxes next to implemented BMPs to indicate that these BMPs were implemented in applicable instances. If not applicable, type **NA** in the box. If one or more of these BMPs were not adequately implemented during the reporting fiscal year then indicate so and explain in the comments section below:

|          |  |
|----------|--|
| <b>X</b> | Control of discharges from bridge and structural maintenance activities directly over water or into storm drains.  |
| <b>X</b> | Control of discharges from graffiti removal activities.  |
| <b>X</b> | Proper disposal for wastes generated from bridge and structure maintenance and graffiti removal activities.  |
| <b>X</b> | Implementation of the BASMAA Mobile Surface Cleaner Program BMPs for graffiti removal.   |
| <b>X</b> | Employee training on proper capture and disposal methods for wastes generated from bridge and structural maintenance and graffiti removal activities.              |
| <b>X</b> | Contract specifications requiring proper capture and disposal methods for wastes generated from bridge and structural maintenance and graffiti removal activities. |

**Comments:** No additional comments.

**C.2.d. ► Stormwater Pump Stations**

Does your municipality own stormwater pump stations:  **X**  **Yes**  **No**

If your answer is **No** then skip to **C.2.e.**

Complete the following table for dry weather DO monitoring and inspection data for pump stations<sup>1</sup> (add more rows for additional pump stations). If a pump station is exempt from DO monitoring, explain why it is exempt.

| Pump Station Name and Location                         | First inspection<br>Dry Weather DO Data |      | Second inspection<br>Dry Weather DO Data |      |
|--|---|------|--|------|
|  | Date                                    | mg/L | Date                                     | mg/L |
| Airport Blvd. Northbound – 54 Airport Blvd.            | 7-27-11                                 | 6.12 | 9/9/11                                   | 4.38 |
| Airport Blvd. Southbound – 125 Airport Blvd.           | 7-27-11                                 | 4.95 | 9/9/11                                   | 4.04 |
| Shaw Road – 291 Shaw Road                              | 7-27-11                                 | 1.4  | 9/9/11                                   | 5.19 |
| South Maple – Near 270 South Maple                     | 7-27-11                                 | 4.04 | 9/9/11                                   | 4.55 |
| South Linden Pump Station – South Linden               | 7-27-11                                 | 1.34 | 9/9/11                                   | 4.90 |
| San Mateo Ave. Pump Station – Near 1481 San Mateo Ave. | 7-27-11                                 | 4.15 | 9/9/11                                   | 5.47 |

<sup>1</sup> DO monitoring is exempted where all discharge from a pump station remains in a stormwater collection system or infiltrates into a dry creek immediately downstream.

**FY 2011-2012 Annual Report**

**C.2 – Municipal Operations**

**Permittee Name: City of South San Francisco**

|   |          |          |        |           |
|---|----------|----------|--------|-----------|
| South Airport Blvd. Pump Station -245 Airport Blvd. | Inactive | Seasonal | 9/9/11 | High Tide |
| Produce Ave. Pump Station                           | Inactive | Seasonal | 9/9/11 | 4.14      |

Summarize corrective actions as needed for DO monitoring at or below 3 mg/L. Attach inspection records of additional DO monitoring for corrective actions:

**Summary: On July 27, 2011 the Shaw Road Pump Station had a D.O. of 1.40 mg/L which was below the threshold of 3.0 mg/L. The water in the wet well of the pump station was removed by a VAC Truck on Thursday, 8/2/11. Then pumps were run for aeration. The water was retested on 8/4/11 the D.O. was 4.96 mg/L.**

**On July 27, 2011 the South Linden Pump Station had a D.O. of 1.34 mg/L which was below the threshold of 3.0 mg/L. The water in the wet well of the pump station was removed by a VAC Truck on Thursday, 8/2/11. Then pumps were run for aeration. The water was retested on 8/2/11 the D.O. was 6.04 mg/L.**

**Samples were not collected for the South Airport and Produce Ave. Pump Stations on July 27, 2011 because there was no stormwater flow at the stations during this sampling period. The only flow was tidal flow from Colma Creek.**

**No sample was collected at the South Airport Pump Station on September 9, 2011 because there was no stormwater flow at the station during this sampling period. The only flow was tidal flow from Colma Creek.**

**Attachments:**

**See Attachment A.**

Complete the following table for wet weather inspection data for pump stations:

| <b>Pump Station Name and Location</b>        | <b>Date</b><br>(2x/year required) | <b>Presence of Trash</b><br>(Cubic Yards) | <b>Presence of Odor</b><br>(Yes or No) | <b>Presence of Color</b><br>(Yes or No) | <b>Presence of Turbidity</b><br>(Yes or No) | <b>Presence of Floating Hydrocarbons</b><br>(Yes or No) |

| C.2.e. ► Rural Public Works Construction and Maintenance  |  |                              |  |
|---|--|------------------------------|--|
| Does your municipality own/maintain rural <sup>2</sup> roads:   |  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| If your answer is <b>No</b> then skip to <b>C.2.f.</b>  |  |                              |  |
| Place an <b>X</b> in the boxes next to implemented BMPs to indicate that these BMPs were implemented in applicable instances. If one or more of the BMPs were not adequately implemented during the reporting fiscal year then indicate so and explain in the comments section below: |  |                              |  |
| <input type="checkbox"/>  | Control of road-related erosion and sediment transport from road design, construction, maintenance, and repairs in rural areas   |                              |  |
| <input type="checkbox"/>  | Identification and prioritization of rural road maintenance based on soil erosion potential, slope steepness, and stream habitat resources                                     |                              |  |
| <input type="checkbox"/>  | No impact to creek functions including migratory fish passage during construction of roads and culverts  |                              |  |
| <input type="checkbox"/>  | Inspection of rural roads for structural integrity and prevention of impact on water quality   |                              |  |
| <input type="checkbox"/>  | Maintenance of rural roads adjacent to streams and riparian habitat to reduce erosion, replace damaging shotgun culverts and excessive erosion                                 |                              |  |
| <input type="checkbox"/>  | Re-grading of unpaved rural roads to slope outward where consistent with road engineering safety standards, and installation of water bars as appropriate                      |                              |  |
| <input type="checkbox"/>  | Inclusion of measures to reduce erosion, provide fish passage, and maintain natural stream geomorphology when replacing culverts or design of new culverts or bridge crossings |                              |  |
| Comments including listing increased maintenance in priority areas:   |  |                              |  |

<sup>2</sup> Rural means any watershed or portion thereof that is developed with large lot home-sites, such as one acre or larger, or with primarily agricultural, grazing or open space uses.

| <b>C.2.f. ► Corporation Yard BMP Implementation</b>   |   |   |                               |
|---|---|---|-------------------------------|
| Place an <b>X</b> in the boxes below that apply to your corporations yard(s):   |   |   |                               |
| <input type="checkbox"/>  | We do not have a corporation yard   |   |                               |
| <input type="checkbox"/>  | Our corporation yard is a filed NOI facility and regulated by the California State Industrial Stormwater NPDES General Permit   |   |                               |
| <input checked="" type="checkbox"/>   | We have a current <b>Stormwater Pollution Prevention Plan (SWPPP)</b> for the Corporation Yard(s)   |   |                               |
| Place an <b>X</b> in the boxes below next to implemented SWPPP BMPs to indicate that these BMPs were implemented in applicable instances. If not applicable, type <b>NA</b> in the box. If one or more of the BMPs were not adequately implemented during the reporting fiscal year then indicate so and explain in the comments section below: |   |   |                               |
| <input checked="" type="checkbox"/>   | Control of pollutant discharges to storm drains such as wash waters from cleaning vehicles and equipment  |   |                               |
| <input checked="" type="checkbox"/>   | Routine inspection prior to the rainy seasons of corporation yard(s) to ensure non-stormwater discharges have not entered the storm drain system  |   |                               |
| <input checked="" type="checkbox"/>   | Containment of all vehicle and equipment wash areas through plumbing to sanitary or another collection method   |   |                               |
| <input checked="" type="checkbox"/>   | Use of dry cleanup methods when cleaning debris and spills from corporation yard(s) or collection of all wash water and disposing of wash water to sanitary or other location where it does not impact surface or groundwater when wet cleanup methods are used |   |                               |
| <input checked="" type="checkbox"/>   | Cover and/or berm outdoor storage areas containing waste pollutants   |   |                               |
| <b>Comments: All areas of the corporation yard utilized acceptable BMPs.</b>  |   |   |                               |
| If you have a corporation yard(s) that is not an NOI facility , complete the following table for inspection results for your corporation yard(s) or attach a summary including the following information:   |   |   |                               |
| Corporation Yard Name   | Inspection Date<br>(1x/year required)   | Inspection Findings/Results                                 | Follow-up Actions             |
| City of South San Francisco Corporation Yard  | 3/19/12   | All areas of the corporation yard utilized acceptable BMPs. | No follow-up action required. |

The City of South San Francisco Corporation Yard is scheduled to be inspected before October 1, 2012.

### Section 3 - Provision C.3 Reporting New Development and Redevelopment

#### C.3.b. ► Green Streets Status Report

(All projects to be completed by December 1, 2014)

On an annual basis (if applicable), report on the status of any pilot green street projects within your jurisdiction. For each completed project, report the capital costs, operation and maintenance costs, legal and procedural arrangements in place to address operation and maintenance and its associated costs, and the sustainable landscape measures incorporated in the project including, if relevant, the score from the Bay-Friendly Landscape Scorecard.

**Summary:**

**The C.3 New Development and Redevelopment section of the Countywide program's FY 11-12 Annual Report includes a description of activities conducted at the countywide or regional level.**

#### C.3.b.v.(1) ► Regulated Projects Reporting Table

Fill in attached table **C.3.b.v.(1)** or attach your own table including the same information.

**See attached C.3.b.v.(1) table**

#### C.3.c.iii(3) ► Low Impact Development Reporting

*(For FY 11-12 Annual Report only)* Report the method(s) of implementation of Provision C.3.c.i in the 2012 Annual Report. For specific tasks listed in Provision C.3.c.i. that are reported using the reporting tables required for Provision C.3.b.v, a reference to those tables is adequate.

**We have modified local ordinances/policies/procedures and are scheduled to go before the City Council on October 24, 2012 with proposed revisions to the Stormwater Ordinance of the Municipal Code. We are utilizing the revised C.3. Data Form that requires all regulated projects approved after December 1, 2011 to implement LID source control, site design and stormwater treatment requirements. We are using the following Countywide Program and BASMAA products to ensure LID implementation:**

- **LID Infeasibility/Feasibility Worksheets**
- **Biotreatment Soil Specifications**
- **Green Roof Specifications**

**Please see Table C.3.b.v. (1) for specific information on regulated projects approved during FY 11-12. Note that projects approved prior to December 1, 2011 were not required to fully implement the LID requirement in Provision C.3.c.i.**

| <b>C.3.e.v. ► Alternative or In-Lieu Compliance with Provision C.3.c.</b>  |                                     |             |   |
|--|-------------------------------------|-------------|---|
| (For FY 11-12 Annual Report only) Did your agency make any ordinance/legal authority and procedural changes to implement Provision C.3.e.?   | <input type="checkbox"/>            | <b>Yes.</b> | <input checked="" type="checkbox"/> <b>No</b> |
| If yes, attach a copy of the ordinance/legal authority changes or provide a link to the document(s). Discuss any procedural changes made.  |                                     |             |   |
| (For FY 11-12 Annual Report and each Annual Report thereafter)<br>Is your agency choosing to require 100% LID treatment onsite for all Regulated Projects and not allow alternative compliance under Provision C.3.e.? | <input checked="" type="checkbox"/> | <b>Yes</b>  | <input type="checkbox"/> <b>No</b>            |
| Comments (optional):   |                                     |             |   |

| <b>C.3.e.vi ► Special Projects Reporting</b>   |                          |            |   |
|--|--------------------------|------------|---|
| 1. Has your agency received, but not yet granted final discretionary approval of, a development permit application for a project that has been identified as a potential Special Project based on criteria listed in MRP Provision C.3.e.ii(2) for any of the three categories of Special Projects (Categories A, B or C)? | <input type="checkbox"/> | <b>Yes</b> | <input checked="" type="checkbox"/> <b>No</b> |
| 2. Has your agency granted final discretionary approval of a project identified as a Special Project in the March 15, 2012 report? If yes, include the project in both the C.3.b.v.(1) Table, and the C.3.e.vi. Table.   | <input type="checkbox"/> | <b>Yes</b> | <input checked="" type="checkbox"/> <b>No</b> |
| If you answered "Yes" to either question,<br>1) Complete Table C.3.e.vi . below.<br>2) Attach narrative discussion of 100% LID Feasibility or Infeasibility for each project.  |                          |            |   |

**C.3.h.iv. ► Installed Stormwater Treatment Systems Operation and Maintenance Verification Inspection Program Reporting**

(1) Fill in attached table **C.3.h.iv.(1)** or attach your own table including the same information.  
**See attached table.**

(2) On an annual basis, provide a discussion of the inspection findings for the year and any common problems encountered with various types of treatment systems and/or HM controls. This discussion should include a general comparison to the inspection findings from the previous year.

**Summary: Inspections of treatment devices in 2011/2012 demonstrated better overall maintenance of stormwater treatment devices than in the previous year. Five locations were identified that required maintenance. Of the 20 inspections completed, five treatment systems or 25% required maintenance. The devices that required maintenance were three oil/grit separators and two vortex separators. By comparison, last year of the 17 systems inspected six or 35% needed maintenance. Three of these systems were drain inserts and three were oil/grit separators.**

(3) On an annual basis, provide a discussion of the effectiveness of the O&M Program and any proposed changes to improve the O&M Program (e.g., changes in prioritization plan or frequency of O&M inspections, other changes to improve effectiveness program).

**Summary: We have developed a spreadsheet listing all facilities and the treatment systems associated with those facilities. At this time, the City of South San Francisco has approximately 75 treatment systems installed. The inspectors do occasionally locate additional treatment systems that are not on the spreadsheet when performing other stormwater inspections. These systems are added to the spreadsheet when they are located. Environmental Compliance Inspectors perform O&M inspections at a rate of 16-20 devices every year. The facility list is reviewed and updated as new systems are installed and additional systems are located.**

**There are no proposed changes or improvements to the O&M Program at this time.**

(4) During the reporting year, did your agency:

|   |   |     |  |    |
|---|---|-----|--|----|
| • Inspect all newly installed stormwater treatment systems and HM controls within 45 days of installation?  | X | Yes |  | No |
| • Inspect at least 20 percent of the total number of installed stormwater treatment systems or HM controls? | X | Yes |  | No |
| • Inspect at least 20 percent of the total number of installed vault-based systems?                         | X | Yes |  | No |

If you answered "No" to any of the questions above, please explain:

**C.3.b.v.(1) ► Regulated Projects Reporting Table (part 1) – Projects Approved During the Fiscal Year Reporting Period**

|  |   |   |                                   |   |  |                               |  |  |   |  |  |
| <b>Comments:</b><br>No additional comments |   |   |                                   |   |  |                               |  |  |   |  |  |

<sup>3</sup> Include cross streets

<sup>4</sup> If a project is being constructed in phases, indicate the phase number and use a separate row entry for each phase. If not, enter "NA".

<sup>5</sup> Project Type is the type of development (i.e., new and/or redevelopment). Example descriptions of development are: 5-story office building, residential with 160 single-family homes with five 4-story buildings to contain 200 condominiums, 100 unit 2-story shopping mall, mixed use retail and residential development (apartments), industrial warehouse.

<sup>6</sup> State the watershed(s) in which the Regulated Project is located. Optional but recommended: Also state the downstream watershed(s).

<sup>7</sup> All impervious surfaces added to any area of the site that was previously existing pervious surface.

<sup>8</sup> All impervious surfaces added to any area of the site that was previously existing impervious surface.

<sup>9</sup> For redevelopment projects, state the pre-project impervious surface area.

<sup>10</sup> For redevelopment projects, state the post-project impervious surface area.

<sup>11</sup> For private projects, state project application deemed complete date and final discretionary approval date. If the project did not go through discretionary review, report the building permit issuance date.

<sup>12</sup> List source control measures approved for the project. Examples include: properly designed trash storage areas; storm drain stenciling or signage; efficient landscape irrigation systems; etc.

<sup>13</sup> List site design measures approved for the project. Examples include: minimize impervious surfaces; conserve natural areas, including existing trees or other vegetation, and soils; construct sidewalks, walkways, and/or patios with permeable surfaces, etc.

<sup>14</sup> List all approved stormwater treatment system(s) to be installed onsite or at a joint stormwater treatment facility (e.g., flow through planter, bioretention facility, infiltration basin, etc.).

<sup>15</sup> List the legal mechanism(s) (e.g., O&M agreement with private landowner; O&M agreement with homeowners' association; O&M by public entity, etc...) that have been or will be used to assign responsibility for the maintenance of the post-construction stormwater treatment systems.

<sup>16</sup> See Provision C.3.d.i. "Numeric Sizing Criteria for Stormwater Treatment Systems" for list of hydraulic sizing design criteria. Enter the corresponding provision number of the appropriate criterion (i.e., 1.a., 1.b., 2.a., 2.b., 2.c., or 3).

<sup>17</sup> For Alternative Compliance at an offsite location in accordance with Provision C.3.e.i.(1), on a separate page, give a discussion of the alternative compliance site including the information specified in Provision C.3.b.v.(1)(m)(i) for the offsite project.

<sup>18</sup> For Alternative Compliance by paying in-lieu fees in accordance with Provision C.3.e.i.(2), on a separate page, provide the information specified in Provision C.3.b.v.(1)(m)(ii) for the Regional Project.

<sup>19</sup> Note whether a third party was used to certify the project design complies with Provision C.3.d.

<sup>20</sup> If HM control is not required, state why not.

<sup>21</sup> If HM control is required, state control method used (e.g., method to design and size device(s) or method(s) used to meet the HM Standard, and description of device(s) or method(s) used, such as detention basin(s), bioretention unit(s), regional detention basin, or in-stream control).

|                                 |                                    |   |   |                    |                                  |   |  |  | the Inspector required the unit be cleaned out within 30 days (5/18/12) as there was not any rain in the forecast for the near future and the trash load in the unit hadn't reached a critical level. In addition, the Inspector allowed time for the owner to research maintenance contractors in order to ensure the operation was completed correctly. The O&M unit was completely pumped out on 5/17/12 per the Follow-Up Inspection Report present in the file. |

### C.3.e.vi.Special Projects Reporting Table

Reporting Period – December 1, 2011 – June 30, 2012

| Project Name & No.                | Permittee                         | Address                           | Application Submittal Date <sup>39</sup> | Status <sup>40</sup>              | Description <sup>41</sup>         | Site Total Acreage                | Density DU/Acre                   | Density FAR                       | Special Project Category <sup>42</sup> | LID Treatment Reduction Credit Available <sup>43</sup> | List of LID Stormwater Treatment Systems <sup>44</sup> | List of Non-LID Stormwater Treatment Systems <sup>45</sup> |
|-----------------------------------|-----------------------------------|-----------------------------------|--|-----------------------------------|-----------------------------------|-----------------------------------|-----------------------------------|-----------------------------------|--|--|--|--|
| No special projects for 2011/2012        | No special projects for 2011/2012 | No special projects for 2011/2012 | No special projects for 2011/2012 | No special projects for 2011/2012 | No special projects for 2011/2012 | No special projects for 2011/2012      | No special projects for 2011/2012                      | No special projects for 2011/2012                      | No special projects for 2011/2012                          |

<sup>39</sup> Date that a planning application for the Special Project was submitted. If a planning application has not been submitted, include a projected application date.

<sup>40</sup> Indicate whether final discretionary approval is still pending or has been granted, and provide the date or version of the project plans upon which reporting is based.

<sup>41</sup> Type of project (commercial, mixed-use, residential), number of floors, number of units, type of parking, and other relevant information.

<sup>42</sup> For each applicable Special Project Category, list the specific criteria applied to determine applicability. For each non-applicable Special Project Category, indicate n/a.

<sup>43</sup> For each applicable Special Project Category, state the maximum total LID Treatment Reduction Credit available. For Category C Special Projects also list the individual Location, Density, and Minimized Surface Parking Credits available.

<sup>44</sup> List all LID stormwater treatment systems proposed. For each type, indicate the percentage of the total amount of runoff identified in Provision C.3.d. for the Special Project's drainage area.

<sup>45</sup> List all non-LID stormwater treatment systems proposed. For each type of non-LID treatment system, indicate: (1) the percentage of the total amount of runoff identified in Provision C.3.d. for the Special Project's drainage area, and (2) whether the treatment system either meets minimum design criteria published by a government agency or received certification issued by a government agency, and reference the applicable criteria or certification.

**Section 4 – Provision C.4 Industrial and Commercial Site Controls**

**Program Highlights**

Provide background information, highlights, trends, etc.

**Each year, the business inspection plan (Attachment B) is reviewed to make sure that it continues to meet the needs of the industrial and commercial inspection program. The facilities list (Attachment C) is reviewed to determine the inspection frequencies and priorities for the coming fiscal year. The facility spreadsheet is updated as needed. A list of facilities to be inspected for the next fiscal year is generated in June or July (Attachment D). Inspectors work from this spreadsheet. Businesses are lined out as they are inspected. A master inspection spreadsheet is also updated after each inspection or at the end of each day. The findings of each inspection are summarized on the spreadsheet. More details are included on the inspection forms. Follow-up inspections are performed as needed. Four Inspectors attended the Stormwater Inspectors Training on April 25, 2012. The Senior Inspector is on the CII Subcommittee and the CII Training Workgroup.**

**For additional information refer to the C.4. Industrial and Commercial Site Controls section of the Program's FY 11-12 Annual Report for a description of activities of the countywide program and/or the BASMAA Municipal Operations Committee.**

**C.4.b.i. ► Business Inspection Plan**

Do you have a Business Inspection Plan? **See Attachment B**  Yes  No

If No, explain:

**C.4.b.iii.(1) ► Potential Facilities List**

List below or attach your list of industrial and commercial facilities in your Inspection Plan to inspect that could reasonably be considered to cause or contribute to pollution of stormwater runoff.

**See Attachment C.**

**C.4.b.iii.(2) ► Facilities Scheduled for Inspection**

List below or attach your list of facilities scheduled for inspection during the current fiscal year.

**See Attachment D.**

**C.4.c.iii.(1) ► Facility Inspections**

Fill out the following table or attach a summary of the following information. Indicate your violation reporting methodology below.

|                                     |  |
|-------------------------------------|--|
| <input checked="" type="checkbox"/> | Permittee reports multiple discrete violations on a site as one violation. |
| <input type="checkbox"/>            | Permittee reports the total number of discrete violations on each site.    |

|   | Number | Percent |
|---|--------|---------|
| Number of businesses inspected  | 360    |         |
| Total number of inspections conducted   | 375    |         |
| Number of violations (excluding verbal warnings)  | 1      |         |
| Sites inspected in violation  | 1      | <1%     |
| Violations resolved within 10 working days or otherwise deemed resolved in a longer but still timely manner | 1      | 100%    |

Comments:  
**Comments: Sites inspected found in violation are reported as one violation per site, even if multiple discrete violations are documented. The number of inspections exceeds the number of businesses inspected because of follow-up inspections that were performed to verify maintenance or enforcement actions. Any violation not resolved at the time of a follow-up inspection is considered to be part of the original violation, so is not counted separately. The one violation was resolved within 10 days or otherwise deemed resolved in a longer but still timely manner. There were 33 verbal warnings, these are not considered violations. There was one warning letter (NOV). Only the warning letter was counted as a violation.**

**C.4.c.iii.(2) ► Frequency and Types/Categories of Violations Observed**

Fill out the following table or attach a summary of the following information.

| Type/Category of Violations Observed  | Number of Violations |
|---|----------------------|
| Actual discharge (e.g. active non-stormwater discharge or clear evidence of a recent discharge) | 1                    |
| Potential discharge and other   | 0                    |

**Comments: Discharge streams are counted as one discharge per inspection per site. "Actual discharges" are active, non-stormwater discharges or clear evidence of recent discharges. All other violations are considered to be potential discharges: Improper material storage, open or leaky dumpsters, poor housekeeping, improper storage of used oil containers, etc. are all counted as "potential discharges and other".**

**C.4.c.iii.(2) ► Frequency and Type of Enforcement Conducted**

Fill out the following table or attach a summary of the following information.

|              | <b>Enforcement Action</b><br>(as listed in ERP) <sup>46</sup> | <b>Number of Enforcement Actions Taken</b> | <b>% of Enforcement Actions Taken<sup>47</sup></b> |
|--------------|---|--|--|
| Level 1      | Verbal warning/warning letter(NOV)/compliance meeting         | <b>34</b>                                  | <b>100%</b>  |
| Level 2      | Administrative citation                                       | <b>0</b>                                   | <b>0%</b>  |
| Level 3      | Cease & desist order/Notice to Abate                          | <b>0</b>                                   | <b>0%</b>  |
| Level 4      | Criminal penalties/Civil injunctions                          | <b>0</b>                                   | <b>0%</b>  |
| <b>Total</b> |   | <b>34</b>                                  | <b>100%</b>  |

Enforcement actions included 33 verbal warnings (which are not considered violations) and one written warning letter (NOV) (which is considered a violation).

**C.4.c.iii.(3) ► Types of Violations Noted by Business Category**

Fill out the following table or attach a summary of the following information.

| <b>Business Category<sup>48</sup></b> | <b>Number of Actual Discharge Violations</b> | <b>Number of Potential/Other Discharge Violations</b> |
|---------------------------------------|--|---|
| Tour bus company                      | <b>1</b>                                     |   |
| All other                             |  | <b>0</b>  |
|                                       |  |   |
|                                       |  |   |
|                                       |  |   |

**C.4.c.iii.(4) ► Non-Filers**

List below or attach a list of the facilities required to have coverage under the Industrial General Permit but have not filed for coverage:

**There were no industries identified as non-filers during scheduled inspections during this fiscal year.**

<sup>46</sup> Agencies to list specific enforcement actions as defined in their ERPs.

<sup>47</sup> Percentage calculated as number of each type of enforcement action divided by the total number of enforcement actions.

<sup>48</sup> List your Program's standard business categories.

| <b>C.4.d.iii ► Staff Training Summary</b> |                       |  |  |  |
|---|-----------------------|--|--|--|
| <b>Training Name</b>                      | <b>Training Dates</b> | <b>Topics Covered</b>  | <b>No. of Inspectors in Attendance</b> | <b>Percent of Inspectors in Attendance</b> |
| Stormwater Inspectors Training            | April 25, 2012        | Regulatory Review, Retail Food Programs, Commercial Programs, PIP, U.S. EPA Staff and Regional Board Perspective on PCBs, Illicit Discharge Panel Discussion | 4                                      | 80%  |

**Section 5 – Provision C.5 Illicit Discharge Detection and Elimination**

**Program Highlights**

Provide background information, highlights, trends, etc.

- 1) **The City of South San Francisco has an ongoing program for reporting illicit discharges within the City. When the street crew observes an illicit discharge or a suspected illicit discharge in the course of performing regularly scheduled maintenance, they call on the Environmental Compliance Inspectors to investigate. Additionally, Inspectors participate in a quarterly creek walk along Colma Creek with County of San Mateo staff, enabling Inspectors to identify problem areas containing evidence of past discharges. Residents of South San Francisco also call the Street Department or the WQCP to report illicit discharges/potential discharges. The WQCP maintains a stormwater hotline for residents to report suspected illicit discharges. The hotline is publicized on the City’s website, and is printed on outreach materials such as brochures, reusable shopping bags, sponges, pencils, erasers and more. The Inspectors follow up on these reports as well.**  
**The City of South San Francisco performed a storm system screening on December 22, 2011. The survey covered 12 outfalls, consisting of Sonora and Ramona Streets, South Maple Stormwater Pump Station, S. Canal and S. Linden, W. Harris and Mitchell, 300 Utah, End of Haskins Way, Gull Drive behind UPS, Produce Ave. Stormwater Pump Station, S. Airport Road Stormwater Pump Station, San Mateo Ave. Stormwater Pump Station, Lindenville Stormwater Pump Station and Shaw Road Stormwater Pump Station. The flows varied from none to steady. Trash was detected in 6 out of 12 outfalls. Four outfalls had a low level of trash, one outfall had a medium level of trash and one outfall had a high level of trash. The outfall with a high level of trash has a trash capture device in place. Odor was detected at six of the outfalls. Color was detected at four of the outfalls. Turbidity was observed in four outfalls. Hydrocarbon sheen was observed at three of the outfalls. There was no evidence of Illicit Discharge or Illegal Dumping at any of the outfalls.**
- 2) **Senior Inspector Lecel participates in the CII Subcommittee and the CII Training Work Group.**
- 3) **Refer to the C.5 Illicit Discharge Detection and Elimination section of countywide program’s FY 11-12 Annual Report for a description of activities at the countywide or regional level.**

**C.5.c.iii ► Complaint and Spill Response Phone Number and Spill Contact List**

List below or attach your complaint and spill response phone number and spill contact list.

| Contact            | Description                               | Phone Number |
|--------------------|---|--------------|
| Cassie Prudhel     | Technical Services Supervisor             | 650-829-3840 |
| Rob Lecel          | Senior Environmental Compliance Inspector | 650-829-3882 |
| Dan Fulford        | Environmental Compliance Inspector        | 650-829-3881 |
| Shoshana Wolff     | Environmental Compliance Inspector        | 650-829-3880 |
| Andy Wemmer        | Environmental Compliance Inspector        | 650-829-3883 |
| Operations         | After hours and weekends                  | 650-877-8556 |
| Stormwater Hotline | Monday-Friday 7:30-3:30                   | 650-829-3848 |

**C.5.d.iii ► Evaluation of Mobile Business Program**

Describe implementation of minimum standards and BMPs for mobile businesses and your enforcement strategy. This may include participation in the BASMAA Mobile Surface Cleaners regional program or local activities.

**Description: Inspectors regularly conduct surveillance. If they discover a mobile cleaner allowing washwater to flow to a stormdrain, the Inspectors stop and require any discharge to be curtailed and immediately cleaned up. Inspectors distribute and discuss BMPs, and an NOV is generally issued. When a mobile cleaner inquires about required BMPs, we inform them of the minimum standards and direct them to the BASMAA Pollution Prevention Training Program for surface washers.**

**The City of South San Francisco created a brochure entitled “Wash Water Disposal Practices for Mobile Surface Cleaners” during 2009/2010. This brochure is given to mobile surface cleaners when issues arise in the field or when we are contacted by a mobile surface cleaner.**

**Refer to the C.5 Illicit Discharge Detection and Elimination section of countywide program’s FY 11-12 Annual Report for a description of efforts by countywide committees/work group and the BASMAA Municipal Operations Committee to address mobile businesses.**

**C.5.e.iii ► Evaluation of Collection System Screening Program**

Provide a summary or attach a summary of your collection screening program, a summary of problems found during collection system screening and any changes to the screening program this FY.

**Description: The City of South San Francisco performed a storm system screening on December 22, 2011. The survey covered 12 outfalls, consisting of Sonora and Ramona Streets, South Maple Stormwater Pump Station, S. Canal and S. Linden, W. Harris and Mitchell, 300 Utah, End of Haskins Way, Gull Drive behind UPS, Produce Ave. Stormwater Pump Station, S. Airport Road Stormwater Pump Station, San Mateo Ave. Stormwater Pump Station, Lindenville Stormwater Pump Station and Shaw Road Stormwater Pump Station. The flows varied from none to steady. Trash was detected in 6 out of 12 outfalls. Four outfalls had a low level of trash, one outfall had a medium level of trash and one outfall had a high level of trash. The outfall with a high level of trash has a trash capture device in place. Odor was detected at six of the outfalls. Color was detected at four of the outfalls. Turbidity was observed in four outfalls. Hydrocarbon sheen was observed at three of the outfalls. There was no evidence of Illicit Discharge or Illegal Dumping at any of the outfalls.**

**There are no planned changes to the screening program at this time.**

Permittee Name: City of South San Francisco

| <b>Collection System Screening 12-22-11</b> |             |                               |                     |               |               |                  |                          |

Section 6 – Provision C.6 Construction Site Controls

| <b>C.6.e.iii.1.a, b, c ▶ Site/Inspection Totals</b>  |  |   |
|--|--|---|
| <b>Number of sites disturbing &lt; 1 acre of soil requiring storm water runoff quality inspection (i.e. High Priority) (C.6.e.iii.1.a)</b> | <b>Number of sites disturbing ≥ 1 acre of soil (C.6.e.iii.1.b)</b> | <b>Total number of storm water runoff quality inspections conducted (C.6.e.iii.1.c)</b> |
| #  | #  | #   |
| There were no high priority sites in 2011/2012   | 4  | 31  |
| <b>Comments: No Additional comments.</b>   |  |   |

| <b>C.6.e.iii.1.d ▶ Construction Activities Storm Water Violations</b> |  |   |
|---|--|---|
| <b>BMP Category</b>   | <b>Number of Violations<sup>49</sup></b> | <b>% of Total Violations<sup>50</sup></b> |
| Erosion Control   | 2  | 8   |
| Run-on and Run-off Control  | 18                                       | 72  |
| Sediment Control  | 1  | 4   |
| Active Treatment Systems  | 0  | 0   |
| Good Site Management  | 3  | 12  |
| Non Stormwater Management   | 1  | 4   |
| <b>Total</b>  | <b>25</b>                                | <b>100%</b>                               |

Multiple violations during one inspection were dealt with under one enforcement action. Verbal warnings were counted as enforcement actions.

<sup>49</sup> Count one violation in a category for each site and inspection regardless of how many violations/problems occurred in the BMP category.

<sup>50</sup> Percentage calculated as number of violations in each category divided by total number of violations in all six categories.

**C.6.e.iii.1.e ► Construction Related Storm Water Enforcement Actions**

|              | <b>Enforcement Action</b><br>(as listed in ERP) <sup>51</sup> | <b>Number Enforcement Actions Taken</b> | <b>% Enforcement Actions Taken<sup>52</sup></b> |
|--------------|---|---|---|
| Level 1      | Verbal Warning/Notice of Violation/Compliance Meeting         | <b>12</b>                               | <b>85.7%</b>                                    |
| Level 2      | Administrative Citation                                       | <b>1</b>                                | <b>7.15%</b>                                    |
| Level 3      | Stop Work Order/Notice to Abate Nuisance                      | <b>1</b>                                | <b>7.15%</b>                                    |
| Level 4      | Criminal Penalties/Civil Injunctions                          | <b>0</b>                                | <b>0</b>  |
| <b>Total</b> |   | <b>14</b>                               | <b>100%</b>                                     |

Verbal warnings, while considered an enforcement action by the ERP, are given for maintenance issues that could potentially cause future violations if not addressed. In no case were they given when an illicit discharged occurred at a site.

**C.6.e.iii.1.f, g ► Illicit Discharges**

|   | <b>Number</b> |
|---|---------------|
| Number of illicit discharges, actual and those inferred through evidence (C.6.e.iii.1.f)    | <b>0</b>      |
| Number of sites with discharges, actual and those inferred through evidence (C.6.e.iii.1.g) | <b>0</b>      |

<sup>51</sup> Agencies should list the specific enforcement actions as defined in their ERPs.

<sup>52</sup> Percentage calculated as number of each type of enforcement action divided by the total number of enforcement actions.

| <b>C.6.e.iii.1.h, i ► Violation Correction Times</b>   |               |                           |
|--|---------------|---------------------------|
|  | <b>Number</b> | <b>Percent</b>            |
| <b>Violations fully corrected within 10 business days after violations are discovered</b> or otherwise considered corrected in a timely period (C.6.e.iii.1.h) | <b>14</b>     | <b>100%</b> <sup>53</sup> |
| <b>Violations not fully corrected within 30 days after violations are discovered</b> (C.6.e.iii.1.i)   | <b>0</b>      | <b>0%</b> <sup>54</sup>   |
| <b>Total number of violations for the reporting year</b> <sup>55</sup>   | <b>14</b>     | <b>100%</b>               |
| <b>Comments: 14 out of 14 violations were corrected within ten days.</b>   |               |                           |

| <b>C.6.e.iii.(2) ► Evaluation of Inspection Data</b>   |
|--|
| Describe your evaluation of the tracking data and data summaries and provide information on the evaluation results (e.g., data trends, typical BMP performance issues, comparisons to previous years, etc.).   |
| <b>Description: Overall there were no major problems with the construction sites in 2011/2012. There were fewer regulated projects in progress in 2011/2012 than in the previous reporting period. It is expected that rates of new development will increase each year as the economy recovers. The City will attempt to keep up a high level of scrutiny as the number of sites increases.</b> |

| <b>C.6.e.iii.(2) ► Evaluation of Inspection Program Effectiveness</b>  |
|--|
| Describe what appear to be your program's strengths and weaknesses, and identify needed improvements, including education and outreach.  |
| <p>Description:</p> <p><b>The City of South San Francisco's program is strong, with frequent inspections performed at each construction site especially during the wet season. Inspectors inspect each construction site before the beginning of the wet season, each time rain is predicted and several times during an extended or severe storm. They follow up at each site after the storm to determine if any repairs are necessary.</b></p> <p><b>Most sites are very quick to respond and replace or repair their BMPs. Occasionally there are sites that require numerous inspections to get them to respond and repair their BMPs. Inspectors try to work with these sites to bring them back into compliance. While it may occasionally take more than 10 business days, this leeway is only given when discharge from the site is not observed.</b></p> <p><b>Inspectors participate in erosion control training at least once every 2 years.</b></p> |

<sup>53</sup> Calculated as number of violations fully corrected in a timely period after the violations are discovered divided by the total number of violations for the reporting year.

<sup>54</sup> Calculated as number of violations not fully corrected within 30 days after the violations are discovered divided by the total number of violations for the reporting year.

<sup>55</sup> Total number of violations equals the number of initial enforcement actions (i.e. one violation issued for several problems during an inspection at a site). It does not equal the total number of enforcement actions because one violation issued at a site may have a second enforcement action for the same violation at the next inspection if it is not corrected.

Permittee Name: City of South San Francisco

Inspection and enforcement data is tabulated in a construction tracking spreadsheet. The program used inspection forms that were updated in March 2010. The program will be using inspection forms dated February 2011 for 2012/2013 inspections. The City of South San Francisco participates in the countywide program's New Development committee. Refer to the C.6 Construction Site Control section of countywide program's FY 11-12 Annual Report for a description of activities at the countywide or regional level.

**C.6.f ► Staff Training Summary**

| Training Name  | Training Dates         | Topics Covered  | No. of Inspectors in Attendance | Percent of Inspectors in Attendance |
|--|------------------------|---|---------------------------------|-------------------------------------|
| Stormwater Workshop for Construction Site Inspectors | February 7 and 8, 2012 | MRP Requirements for Inspection of Construction Sites, Key Requirements of the Construction General Permit, Overview of Construction BMPs, Examples of Enforcement Experiences, How MRP Requirements Differ from State Permit Requirements, Inspecting Construction Stormwater Treatment and HM Measures, Treatment Measure inspection Exercise | 5                               | 100%                                |
| Forrester University Master Classes                  | December 13, 2011      | Stormwater Inspection & Maintenance   | 1                               | 20                                  |

| Forrester University Master Classes                  | June 1, 2012           | Designing Effective Sediment Containment Systems, Effective Sediment & Erosion Control Plans, Limitations of Construction Site Sediment Control BMPs  | 1                               | 20                                  |

**Section 7 – Provision C.7. Public Information and Outreach**

**C.7.b.ii.1 ▶ Advertising Campaign**

Summarize advertising efforts. Include details such as messages, creative developed, and outreach media used. The detailed advertising report may be included as an attachment. If advertising is being done by participation in a countywide or regional program, refer to the separate countywide or regional Annual Report.

Summary:

**No local advertising was performed. Advertising is done as a countywide/regional program.**  
**The following separate report developed by BASMAA summarizes the activities of the Regional Youth Litter Campaign**

- **BASMAA Youth Litter Campaign Report**

**C.7.b.iii.1 ▶ Pre-Campaign Survey**

*(For the Annual Report following the precampaign survey)* Summarize survey information such as sample size, type of survey (telephone survey, interviews etc.). Attach a survey report that includes the following information. If survey was done regionally, refer to a regional submittal that contains the following information:

**The following separate report developed by BASMAA summarizes the pre-campaign survey conducted in FY 11-12:**

- **BASMAA Youth Litter Campaign Report**

Place an **X** in the appropriate box below:

|          |                                  |
|----------|----------------------------------|
|          | Survey report attached           |
| <b>X</b> | Reference to regional submittal: |

**C.7.c ▶ Media Relations**

Summarize the media relations effort. Include the following details for each media pitch in the space below, AND/OR refer to a regional report that includes these details:

- Topic and content of pitch
- Medium (TV, radio, print, online)
- Date of publication/broadcast

Summary:

**There was no local media campaign.**  
**The following separate report developed by BASMAA summarizes media relations efforts conducted during FY 11-12:**

- **BASMAA Media Relations Final Report FY 11-12**

Permittee Name: City of South San Francisco

This report and any other media relations efforts conducted countywide is included within the C.7 Public Information and Outreach section of Program's FY 11-12 Annual Report.

**C.7.d ► Stormwater Point of Contact**

Summary of any changes made during FY 11-12:

**The Countywide Program's point of contact has not changed.**

**A summary of efforts conducted by the countywide program to publicize stormwater points of contact is included within the C.7 Public Information and Outreach section of the Countywide Program's FY 11-12 Annual Report.**

**C.7.e ► Public Outreach Events**

Describe general approach to event selection. Provide a list of outreach materials and giveaways distributed.

Use the following table for reporting and evaluating public outreach events

| Event Details  | Description (messages, audience)   | Evaluation of Effectiveness   |
|--|--|---|
| FY 11-12 Coordination of California Coastal Cleanup Day in San Mateo County, September 17, 2011. | Coastal clean-up event<br>See the C.7 Public Information and Outreach section of Countywide Program's FY 11-12 Annual Report for more details.                 | 4178 residents volunteered county-wide at 30 locations, 3028 gallons of trash removed   |
| FY 11-12 OSH No Tax Days, March 10, 2012   | OWOW (Our Water Our World)   | Effective way to reach people who use garden chemicals. People also received information on HHW disposal, proper car washing, and the SMCWPPP website |
| FY 11-12 National River Clean-up, May 17, 2012   | Creek clean-up event   | 350 gallons of trash were collected   |
| FY 11-12 County Fair, June 9-17, 2012  | Stormwater program materials available.<br>See the C.7 Public Information and Outreach section of Countywide Program's FY 11-12 Annual Report for more details | Staffed by local agency and county staff;<br>Approximately 1938 people contacted during the nine days   |
| FY 11-12 Pollution Prevention Week, September 19-23, 2011  | Provided outreach materials from 11:00 am to 1:00 pm   | Approximately 20 people per day stopped by the booth  |
| FY 11-12 Farmers Market, September 21, October 1, and October 15, 2011                           | Provided outreach materials including car wash outreach materials  | Approximately 10-20 people per day stopped by the table   |

**C.7.f. ► Watershed Stewardship Collaborative Efforts**

Summarize watershed stewardship collaborative efforts and/or refer to a regional report that provides details. Describe the level of effort and support given (e.g., funding only, active participation etc.). State efforts undertaken and the results of these efforts. If this activity is done regionally refer to a regional report.

Evaluate effectiveness by describing the following:

- Efforts undertaken
- Major accomplishments

**Summary: The WQCP Staff supports the Community Preservation Task Force (CPTF). This group provides volunteers for Colma Creek clean-ups beyond the annual clean-up in September. Staff attends the CPTF meetings when possible and participates with volunteers during Colma Creek clean-ups.**

**A summary of efforts conducted by the countywide program to work with watershed stewardship groups is included within the C.7 Public Information and Outreach section of the Countywide Program's FY 11-12 Annual Report.**

**C.7.g. ► Citizen Involvement Events**

List the types of events conducted (e.g., creek clean up, storm drain inlet marking, native gardening etc.). Use the following table for reporting and evaluating citizen involvement events.

| Event Details  | Description   | Evaluation of effectiveness  |
|--|---|--|
| <p>The following citizen involvement events were done on a countywide level by SMCWPPP and are included in the C.7 Public Information and Outreach section of Countywide Program's FY 11-12 Annual Report:</p> <ul style="list-style-type: none"> <li>• Coordination of California Coastal Cleanup Day in San Mateo County, September 17, 2011.</li> <li>• Administration of a Community Action Grant program</li> </ul> | <p>Coastal Clean-up event.<br/>                     See C.7 Public Information and Outreach section of Countywide Program's FY 11-12 Annual Report.</p> | <p>Residents volunteered county-wide.<br/>                     See C.7 Public Information and Outreach section of Countywide Program's FY 11-12 Annual Report.</p> |
| <p>Colma Creek Clean-up September 17, 2011</p>   | <p>Creek Clean-up of Hot Spots</p>  | <p>276 gallons of trash removed</p>  |
| <p>Colma Creek Clean-up February 22, 2012</p>  | <p>Creek Clean-up</p>   | <p>70 gallons of trash and 300 pounds of debris removed</p>  |

Permittee Name: City of South San Francisco

|   |                |   |
|---|----------------|---|
| Colma Creek Clean-up March 10, 2012         | Creek Clean-up | 250 gallons of trash removed                          |
| Colma Creek Clean-up May 19, 2012           | Creek Clean-up | 350 gallons of trash removed                          |
| Earth Day Land Clean-up Day, April 21, 2012 | Land Clean-up  | 150 gallons of trash and 500 pounds of debris removed |
| Community Care Clean-up                     | Creek Clean-up | 750 gallons of trash removed                          |

**C.7.h. ► School-Age Children Outreach**

Summarize school-age children outreach programs implemented. A detailed report may be included as an attachment. Use the following table for reporting school-age children outreach efforts.

**SMCWPPP conducted two school-aged children outreach programs countywide. A summary of efforts conducted by the countywide program for school-aged children outreach is included within the C.7 Public Information and Outreach section of the Countywide Program's FY 11-12 Annual Report and below.**

| Program Details   | Focus & Short Description   | Number of Students/Teachers reached | Evaluation of Effectiveness  |
|---|---|-------------------------------------|--|
| FY 11-12 Rock Steady High School Presentations, South San Francisco High School February 20, 2012 | Water Pollution Prevention and Your Car, audience was high school students                                    | 88 students                         | Survey results: 88% learned that cars can contribute to water pollution ; 76% learned about local watersheds and ways to protect them; 84% would recommend the presentation  |
| FY 11-12 Rock Steady High School Presentations, El Camino High School April 9, 2012               | Water Pollution Prevention and Your Car, audience was high school students                                    | 102 students                        | Survey results: 88% learned that cars can contribute to water pollution ; 76% learned about local watersheds and ways to protect them; 84% would recommend the presentation  |
| FY 11-12 Rock Steady High School Presentations, Community North School May 11, 2012               | Water Pollution Prevention and Your Car, audience was high school students                                    | 20 students                         | Survey results: 88% learned that cars can contribute to water pollution ; 76% learned about local watersheds and ways to protect them; 84% would recommend the presentation  |
| FY 11-12 Banana Slug String Band, Sunshine Gardens Elementary School, December 20, 2011           | ONLY ONE OCEAN, is designed to inspire young people and their families to learn about and care for the ocean. | Reached 400 Students                | Survey results: 81% understood that stormwater flows directly into the bay; paper and plastics were the top responses of the types of pollution that can enter the storm drain; students cited sick or dying fish as the top effect of pollution in the water; not littering and recycling was the top choice to prevent pollution |
| FY 11-12 Banana Slug String Band, Ponderosa Elementary School, January 10, 2012                   | ONLY ONE OCEAN, is designed to inspire young people and their families to learn about and care for the ocean. | Reached 425 Students                | Survey results: 81% understood that stormwater flows directly into the bay; paper and plastics were the top responses of the types of pollution that can   |

**FY 2011-2012 Annual Report**

**Permittee Name: City of South San Francisco**

**C.7 – Public Information and Outreach**

|                      |   |            |  |
|----------------------|---|------------|--|
|                      |   |            | enter the storm drain; students cited sick or dying fish as the top effect of pollution in the water; not littering and recycling was the top choice to prevent pollution  |
| <b>Sewer Science</b> | <b>Pollution Prevention Outreach including Stormwater</b> | <b>270</b> | This is the 8th year that we have presented sewer science to El Camino High School and the 3rd year we have presented it to Capuchino High School. While there is not a formal evaluation process feedback from teachers and students continues to be positive. Thank you cards are sent to us by the students that highlight what they learned. |

**Section 8 - Provision C.8 Water Quality Monitoring**

**C.8 ► Water Quality Monitoring**

State below if information is reported in a separate regional report. Municipalities can also describe below any Water Quality Monitoring activities in which they participate directly, e.g. participation in RMP workgroups, fieldwork within their jurisdictions, etc.

**Summary: During FY 11-12, we contributed through the countywide Program to the BASMAA Regional Monitoring Coalition (RMC). In addition, we contributed financially to the Regional Monitoring Program for Water Quality in the San Francisco Estuary (RMP) and were represented at RMP committees and work groups. For additional information on monitoring activities conducted by the Program, BASMAA RMC and the RMP, see the C.8 Water Quality Monitoring section of the Program's FY 11-12 Annual Report.**

**Section 9 – Provision C.9 Pesticides Toxicity Controls**

| <b>C.9.b ► Implement IPM Policy or Ordinance</b>  |                            |                 |                 |                 |                 |
|---|----------------------------|-----------------|-----------------|-----------------|-----------------|
| Report implementation of IPM BMPs by showing trends in quantities and types of pesticides used, and suggest reasons for increases in use of pesticides that threaten water quality, specifically organophosphates, pyrethroids, carbaryl, and fipronil. A separate report can be attached as evidence of your implementation. |                            |                 |                 |                 |                 |
| <b>Trends in Quantities and Types of Pesticides Used<sup>56</sup></b>   |                            |                 |                 |                 |                 |
| <b>Pesticide Category and Specific Pesticide Used</b>   | <b>Amount<sup>57</sup></b> |                 |                 |                 |                 |
|   | <b>FY 09-10</b>            | <b>FY 10-11</b> | <b>FY 11-12</b> | <b>FY 12-13</b> | <b>FY 13-14</b> |
| <b>Organophosphates</b>   | None                       | None            | None            |                 |                 |
| <b>Product or Pesticide Type A</b>  | None                       | None            | None            |                 |                 |

| <b>C.9.c ► Train Municipal Employees</b>   |           |
|--|-----------|
| Enter the number of employees that applied or used pesticides (including herbicides) within the scope of their duties this reporting year.                                       | <b>19</b> |
| Enter the number of these employees who received training on your IPM policy and IPM standard operating procedures within the last 3 years.                                      | <b>6</b>  |
| Enter the percentage of municipal employees who apply pesticides who have received training in the IPM policy and IPM standard operating procedures within the last three years. | <b>32</b> |

<sup>56</sup> Includes all municipal structural and landscape pesticide usage by employees and contractors.

<sup>57</sup> Weight or volume of the product or preferably its active ingredient, using same units for the product each year.

| C.9.d ▶ Require Contractors to Implement IPM  |   |                                     |                          |
|---|---|-------------------------------------|--------------------------|
| Did your municipality contract with any pesticide service provider in the reporting year? |   | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
|   |   | Yes                                 | No                       |
| If yes, attach one of the following:  |   |                                     |                          |
| <input checked="" type="checkbox"/>   | Contract specifications that require adherence to your IPM policy and standard operating procedures, OR |                                     |                          |
| <input type="checkbox"/>  | Copy(ies) of the contractors' IPM certification(s) or equivalent, OR                                    |                                     |                          |
| <input type="checkbox"/>  | Equivalent documentation.   |                                     |                          |
| If <b>Not attached</b> , explain:<br><b>Specifications are attached. Attachment E.</b>    |   |                                     |                          |

| C.9.e ▶ Track and Participate in Relevant Regulatory Processes  |
|---|
| Summarize participation efforts, information submitted, and how regulatory actions were affected <b>OR</b> reference a regional report that summarizes regional participation efforts, information submitted, and how regulatory actions were affected.   |
| Summary:<br><b>During FY 11-12, we participated in regulatory processes related to pesticides through contributions to the countywide Program, BASMAA and CASQA. For additional information, see the Regional Pollutants of Concern Report submitted by BASMAA on behalf of all MRP Permittees.</b> |

| C.9.f ▶ Interface with County Agricultural Commissioners   |                          |                          |                                     |                          |
|--|--------------------------|--------------------------|-------------------------------------|--------------------------|
| Did your municipal staff observe any improper pesticide usage or evidence of improper usage (e.g., pesticides in storm drain systems, along street curbs, or in receiving waters) during this fiscal year?       | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
|  | Yes                      | No                       |                                     |                          |
| If yes, provide a summary of improper pesticide usage reported to the County Agricultural Commissioner and follow-up actions taken to correct any violations. A separate report can be attached as your summary. |                          |                          |                                     |                          |

| C.9.h.ii ▶ Public Outreach: Point of Purchase   |
|---|
| Provide a summary of public outreach at point of purchase, and any measurable awareness and behavior changes resulting from outreach (here or in a separate report); <b>OR</b> reference a report of a regional effort for public outreach in which your agency participates. |
| Summary:<br><b>See the C.9 Pesticides Toxicity Control section of Program's FY 11-12 Annual Report for information on point of purchase public outreach conducted countywide and regionally.</b>  |

**C.9.h.vi ► Public Outreach: Pest Control Operators**

Provide a summary of public outreach to pest control operators and landscapers and reduced pesticide use (here or in a separate report); **OR** reference a report of a regional effort for outreach to pest control operators and landscapers in which your agency participates.

Summary:

**See the C.9 Pesticides Toxicity Control section of Program's FY 11-12 Annual Report for a summary of our participation in and contributions towards countywide and regional public outreach to pest control operators and landscapers to reduce pesticide use.**

**Response to Water Board Staff Comments on Section 9, Provision C.9, of FY 10-11 Annual Report**

Use this area to respond to any Water Board staff comments on Section 9 of your FY 10-11 Annual Report, and refer to any required submittals that are attached.

**The City of South San Francisco received a Notice of Violation letter on May 9, 2012 and responded with the required information on May 30, 2012. The information sent is included in Attachment E.**

### Section 10 - Provision C.10 Trash Load Reduction

#### C.10.a.i ► Short-Term Trash Loading Reduction Plan

*(For FY 10-11 Annual Report only)* Provide description of actions/tasks initiated/conducted/completed in developing a Short-Term Trash Loading Reduction Plan (due February 1, 2012).

**Description:** The Short –Term Trash Loading Reduction Plan was submitted to the Water Board on February 1, 2012. See the C.10 Trash Load Reduction section of Program’s FY 11-12 Annual Report for information on countywide and regional activities conducted on behalf of co-permittees.

#### C.10.a.ii ► Baseline Trash Load and Trash Load Reduction Tracking Method

*(For FY 10-11 Annual Report only)* Provide description of actions/tasks initiated/conducted/completed to gather trash loading data and in developing a Baseline Trash Load and Trash Load Reduction Tracking Method (due February 1, 2012).

**Description:** The Baseline Trash Load and Trash Load Reduction Tracking Method was submitted to the Water Board on February 1, 2012. See the C.10 Trash Load Reduction section of Program’s FY 11-12 Annual Report for information on countywide and regional activities conducted on behalf of co-permittees.

#### C.10.a.iii ► Minimum Full Trash Capture

*(For FY 10-11 Annual Report and Each Annual Report Thereafter)* Provide description of actions/tasks initiated/conducted/completed in implementing Minimum Full Trash Capture Devices (due July 1, 2014) within individual jurisdictions. Include information on Full Trash Capture Devices installed under the Bay-area Wide Trash Capture Demonstration Project administered by San Francisco Estuary Partnership and an estimate of the total land area that is planned for treatment by July 1, 2014.

**Description:** See the C.10 Trash Load Reduction section of Program’s FY 11-12 Annual Report for information on countywide and regional activities conducted on behalf of co-permittees.

**The City of South San Francisco installed 83 trash full-capture devices with funding provided through the San Francisco Bay-area Wide Trash Capture Demonstration Project administered by San Francisco Estuary Partnership (SFEP). They are on a routine maintenance schedule for inspection and cleaned by municipal staff.**

**C.10.b.iii ► Trash Hot Spot Assessment**

(For FY 10-11 Annual Report and Each Annual Report Thereafter) Provide volume of material removed from each Trash Hot Spot cleanup, and the dominant types of trash (e.g., glass, plastics, paper) removed and their sources to the extent possible.

Fill out the following table or attach a summary of the following information.

| <b>Trash Hot Spot</b>  | <b>Cleanup Date</b> | <b>Volume of Material Removed</b> | <b>Dominant Type of Trash</b>                        | <b>Trash Sources<br/>(where possible)</b> |
|--|---------------------|-----------------------------------|--|---|
| Hot Spot A- Colma Creek, 0-100 yards north (upstream) of the Utah Avenue Bridge in South San Francisco   | 9/17/11             | 200 gallons                       | Cigarette/Cigar filters, plastic bags, food wrappers | Unknown                                   |
| Hot Spot B- Colma Creek, 100-200 yards north (upstream) of the Utah Avenue Bridge in South San Francisco | 9/17/11             | 300 gallons                       | Cigarette/Cigar filters, plastic bags, food wrappers | Unknown                                   |

**C.10.d ► Summary of Trash Reduction Actions and Loads Reduced**

Provide a summary of trash load reduction actions (i.e., control measures and best management practices) implemented within your jurisdictional boundaries during the reporting period to achieve a 40% trash load reduction goal by July 1, 2014. For those actions implemented in FY 2011-12, include brief descriptions of levels of implementation and the total trash loads and dominant types of trash removed from each action.

| New or Enhanced Trash Load Reduction Action | Description of New or Enhanced Action Implemented in FY 11-12  | Estimated Trash Load Removed in FY 11-12 (Gallons) <sup>58</sup> | Estimated Percent Reduction as of FY 11-12 <sup>58</sup> | Estimated Dominant Types of Trash Removed in FY 11-12 |
|---|--|--|--|---|
| Existing Enhanced Street Sweeping           | <p>The City of South San Francisco's baseline street sweeping program includes sweeping streets in residential areas twice per month, and streets in the downtown and retail areas once per week. The posting of parking enforcement signs for street sweeping occurs within a section of residential and commercial development located between El Camino Real and US 101, and on several major arterial roads.</p> <p>The estimated volume of trash removed for existing enhanced street sweeping is attributable to trash removed by sweeping areas in the downtown area that are not identified as retail land uses.</p> | 235  | 1.1  | All trash Types                                       |
| Single-Use Carryout Bag Policies            | The City of South San Francisco is in the process, along with San Mateo County, in working towards a ban by June 30, 2014.   | 0  | 0  | Plastic Bags  |
| Polystyrene Foam Food Service Ware Policies | <p>Continuing enforcement of the Polystyrene ban in food service facilities in South San Francisco. Code enforcement enforces the ordinance in their annual inspections of food facilities. Code enforcement has also gone to the local Smart &amp; Final and Costco and asked them to limit sales of these products to help local businesses stay in compliance.</p> <p><b>See Attachment F for the ordinance.</b></p>  | 1624   | 7.9  | Polystyrene   |

<sup>58</sup>The estimated load removed and percent reduction in FY 11-12 is consistent with assumptions described in the Trash Load Reduction Tracking Method Technical Report (version 1.0) submitted to the Water Board on February 1, 2012. In the future, load reductions reported in Annual Reports may be adjusted based on revisions to the tracking methodology.

**C.10.d ► Summary of Trash Reduction Actions and Loads Reduced**

Provide a summary of trash load reduction actions (i.e., control measures and best management practices) implemented within your jurisdictional boundaries during the reporting period to achieve a 40% trash load reduction goal by July 1, 2014. For those actions implemented in FY 2011-12, include brief descriptions of levels of implementation and the total trash loads and dominant types of trash removed from each action.

| New or Enhanced Trash Load Reduction Action               | Description of New or Enhanced Action Implemented in FY 11-12  | Estimated Trash Load Removed in FY 11-12 (Gallons) <sup>58</sup> | Estimated Percent Reduction as of FY 11-12 <sup>58</sup> | Estimated Dominant Types of Trash Removed in FY 11-12 |
|---|--|--|--|---|
| Public Education and Outreach Programs                    | <p>In FY 11-12 we attended three Farmers Markets in the City of South San Francisco, providing reusable bags and stormwater outreach materials. During FY 11-12 we created a flyer on trash called, "Keep South City Beautiful." It was distributed in FY 11-12 to all 1500 commercial businesses.</p> <p><b>For additional Outreach see Attachment G.</b></p>   | 406  | 2.0  | All trash Types                                       |
| Anti-littering and Illegal Dumping Enforcement Activities | <p>The City of South San Francisco is currently evaluating various methods to deter illegal dumping. The City plans on installing physical barriers where feasible.</p> <p>The City investigates calls of illegal dumping and enforces on a case by case basis.</p> <p>The City will continue to post the stormwater hotline number on the City's website and include information that this number can also be used to report illegal dumping and littering. Enhanced implementation will include enforcement by Code Enforcement and Environmental Compliance through Notices of Violation and Administrative Citations.</p> <p>In ongoing situations, personal surveillance and the use of cameras for surveillance will be implemented. Evidence will be collected if possible (e.g., names, addresses, etc.) from illegal dump sites (i.e., public and private) in an attempt to identify offenders.</p> | 406  | 2.0  | All trash Types                                       |
| On-land Trash Cleanups                                    | <p>One on-land clean-up on 4/21/12 netted 150 gallons of trash and 500 lbs. of debris. This clean-up was led by the City of South San Francisco. This is the first on-land clean-up held by the City of South San Francisco.</p>   | 150  | 0.7  | All trash Types                                       |

**C.10.d ► Summary of Trash Reduction Actions and Loads Reduced**

Provide a summary of trash load reduction actions (i.e., control measures and best management practices) implemented within your jurisdictional boundaries during the reporting period to achieve a 40% trash load reduction goal by July 1, 2014. For those actions implemented in FY 2011-12, include brief descriptions of levels of implementation and the total trash loads and dominant types of trash removed from each action.

| New or Enhanced Trash Load Reduction Action                                | Description of New or Enhanced Action Implemented in FY 11-12  | Estimated Trash Load Removed in FY 11-12 (Gallons) <sup>58</sup> | Estimated Percent Reduction as of FY 11-12 <sup>58</sup> | Estimated Dominant Types of Trash Removed in FY 11-12 |
|--|--|--|--|---|
| Enhanced Storm Drain Inlet Maintenance                                     | Catch basins/Drain inlets are cleaned/inspected before the rainy season, cleaned/inspected after each rain event and cleaned/inspected after the rainy season. Valley gutters/Drainage ditches are cleaned/inspected before the rainy season. Cross culverts are cleaned/inspected before the rainy season and cleaned/inspected after each rain event. This is well above the baseline of one time per year for each catch basin. | 499  | 2.4  | All trash Types                                       |
| Full-Capture Treatment Devices   | The City of South San Francisco installed a total of 83 trash full-capture devices with funding provided through the San Francisco Bay-area Wide Trash Capture Demonstration Project administered by San Francisco Estuary Partnership (SFEP). Full capture treatment devices are cleaned/inspected before the rainy season and cleaned/inspected after each rain event.   | 788  | 3.8  | All trash Types                                       |
| Creek/Channel/Shoreline Cleanups   | In FY 11-12 there were 5 single-day creek clean-ups in Colma Creek. Three clean-ups were City-led and two were a collaborative effort between the City and volunteers. One clean-up was the required hotspot clean-up.   | 1970   | 9.6  | All trash Types                                       |
| Preliminary Estimate of Trash Load Removed (Gallons) in FY 2011-12         |  | <b>6078</b>  |  |   |
| Preliminary Baseline Trash Load Estimate (Gallons)                         |  | <b>20532</b>   |  |   |
| Total Percentage Reduction in FY 2011-12 (Compared to Baseline Trash Load) |  | <b>29.5</b>  |  |   |

**Section 11 - Provision C.11 Mercury Controls**

**C.11.a.i ► Mercury Recycling Efforts**

List below or attach lists of efforts to promote, facilitate, and/or participate in collection and recycling of mercury containing devices and equipment at the consumer level (e.g., thermometers, thermostats, switches, bulbs).

**Refer to the Countywide Program’s Annual Report for information regarding the promotion of collection and recycling of mercury containing devices by the County Household Hazardous Waste Program**

- 1) **No Facilitation/Organization of HHW drop-off events were conducted by South San Francisco.**
- 2) **Collection of:**
  - a) **Mercury-containing devices and equipment were collected at the Corp Yard from September 19 – October 31, 2011.**

**There was no other Promotion and Collection of Mercury Containing Devices in South San Francisco.**

**C.11.a.ii ► Mercury Collection**

Provide an estimate of the mass of mercury collected through these efforts, or provide a reference to a report containing this estimate.

**South San Francisco recycles fluorescent light bulbs. During FY 11/12 approximately 10.98 grams of mercury was collected and removed from the environment in fluorescent bulbs and mercury thermometers.**

**Please refer to the FY 11-12 Countywide Program Annual Report for an estimate of the mass of mercury collected through collection and recycling efforts by the County Household Hazardous Waste Program.**

- C.11.b ▶ Monitor Methylmercury**
- C.11.c ▶ Pilot Projects to Investigate and Abate Mercury Sources in Drainages**
- C.11.d ▶ Pilot Projects to Evaluate and Enhance Municipal Sediment Removal and Management Practices**
- C.11.e ▶ Conduct Pilot Projects to Evaluate On-Site Stormwater Treatment via Retrofit**
- C.11.f ▶ Diversion of Dry Weather and First Flush Flows to POTWs**
- C.11.g ▶ Monitor Stormwater Mercury Pollutant Loads and Loads Reduced**
- C.11.h ▶ Fate and Transport Study of Mercury In Urban Runoff**
- C.11.i ▶ Development of a Risk Reduction Program Implemented Throughout the Region**
- C.11.j ▶ Develop Allocation Sharing Scheme with Caltrans**

State below if information is reported in a separate regional report. Municipalities that participate directly in regional activities to can provide descriptions below.

Summary

**A summary of countywide Program and regional accomplishments for these sub-provisions are included within the C.11 Mercury Controls section of Program's FY 11-12 Annual Report and/or the BASMAA Regional POC Report.**

**Section 12 - Provision C.12 PCBs Controls**

**C.12.a.ii,iii ▶ Ongoing Training**

*(For FY 10-11 Annual Report and Each Annual Report Thereafter)* List below or attach description of ongoing training development and inspections for PCB identification, including documentation and referral to appropriate regulatory agencies (e.g. county health departments, Department of Toxic Substances Control, California Department of Public Health, and the Water Board) as necessary.

Description:

**See the FY 11-12 Program Annual Report for a description of training provided countywide at the April 25, 2012 Workshop.**

- C.12.b ▶ Conduct Pilot Projects to Evaluate Managing PCB-Containing Materials and Wastes during Building Demolition and Renovation Activities**
- C.12.c ▶ Pilot Projects to Investigate and Abate On-land Locations with Elevated PCB Concentrations**
- C.12.d ▶ Conduct Pilot Projects to Evaluate and Enhance Municipal Sediment Removal and Management Practices**
- C.12.e ▶ Conduct Pilot Projects to Evaluate On-Site Stormwater Treatment via Retrofit**
- C.12.f ▶ Diversion of Dry Weather and First Flush Flows to POTWs**
- C.12.g ▶ Monitor Stormwater PCB Pollutant Loads and Loads Reduced**
- C.12.h ▶ Fate and Transport Study of PCBs In Urban Runoff**
- C.12.i ▶ Development of a Risk Reduction Program Implemented Throughout the Region**

State below if information is reported in a separate regional report. Municipalities that participate directly in regional activities to can provide descriptions below.

Summary

**A summary of countywide Program and regional accomplishments for these sub-provisions are included within the C.12 PCB Controls section of Program's FY 11-12 Annual Report and/or the BASMAA Regional POC Report.**

Section 13 - Provision C.13 Copper Controls

**C.13.a. iii.(1) ► Legal Authority: Architectural Copper**

|  |   |     |  |    |
|--|---|-----|--|----|
| (For FY 10-11 Annual Report only) Do you have adequate legal authority to prohibit discharge of wastewater to storm drains generated from the installation, cleaning, treating, and washing of the surface of copper architectural features, including copper roofs to storm drains? | X | Yes |  | No |
|--|---|-----|--|----|

If **No**, explain and provide schedule for obtaining authority within 1 year.  
**The City of South San Francisco has revised their Municipal Code to include prohibition of discharge from copper architectural features. The revision will go before City Council on October 24, 2012.**

**C.13.a.iii.(2) ► Training, Permitting and Enforcement Activities**

(FY 11-12 Annual Report and each Annual Report thereafter) Provide summaries of activities implemented to manage waste generated from cleaning and treating of copper architectural features, including copper roofs, during construction and post-construction including. :

- Development of BMPs on how to manage the water during and post construction
- Requiring the use of appropriate BMPs when issuing building permits
- Educating installers and operators on appropriate BMPs
- Enforcement actions taken again noncompliance

**Staff participated in Construction Inspector training on February 7 and 8, 2012. Staff participated in Stormwater Inspector Training on April 25, 2012. Staff will use the revised Stormwater Requirements Checklist which includes source control for architectural copper features. Staff will make copper outreach materials available at the building department and will include them if relevant in materials distributed with plan check comments.**  
**There has been no enforcement action taken for noncompliance in this area.**

**C.13.b. iii. ► Legal Authority: Pools, Spas, and Fountains**

|   |   |     |  |    |
|---|---|-----|--|----|
| (For FY10-11 Annual Report only) Do you have adequate legal authority to prohibit discharges to storm drains from pools, spas, and fountains that contain copper-based chemicals? | X | Yes |  | No |
|---|---|-----|--|----|

If **No**, explain and provide schedule for obtaining authority within 1 year:  
**The City of South San Francisco has revised their Municipal Code to include prohibition of discharge from pools, spas and fountains. The revision will go before City Council on October 24, 2012.**

**C.13.c ► Vehicle Brake Pads**

Reported in a separate regional report.

**A summary of the countywide Program's participation with the Brake Pad Partnership (BPP) is included within the C.13 Copper Controls section of Program's FY 11-12 Annual Report and/or the BASMAA Regional POC Report.**

**C.13.d.iii ► Industrial Sources Copper Reduction Results**

Based upon inspection activities conducted under Provision C.4, highlight copper reduction results achieved among the facilities identified as potential users or sources of copper, facilities inspected, and BMPs addressed.

**Summary: The City of South San Francisco has one plating facility that is inspected twice a year. No stormwater issues have occurred at this site.**

**C.13.e ► Studies to Reduce Copper Pollutant Impact Uncertainties**

Report on progress of studies being conducted countywide or regionally to reduce copper pollutant impact uncertainties. State below if information is reported in a separate regional report.

**Summary: A summary of the countywide Program and/or regional efforts to develop regional studies to reduce copper pollutant impact uncertainties is included within the C.13 Copper Controls section of Program's FY 11-12 Annual Report and/or BASMAA Regional POC Report.**

**Section 14 - Provision C.14 PBDE, Legacy Pesticides and Selenium Controls**

**C.14.a ► Control Programs for PBDEs, Legacy Pesticides and Selenium Controls**

Report on progress of studies being conducted countywide or regionally to characterize the distribution and pathways of PBDEs, legacy pesticides, and selenium. State below if information is reported in a separate regional report.

**Summary: A summary of the countywide Program and regional efforts related to the Control Program for PBDEs, Legacy Pesticides and Selenium is included within the C.14 PBDE, Legacy Pesticides and Selenium section of Program's FY 11-12 Annual Report and/or BASMAA Regional POC Report.**

**Section 15 - Provision C.15 Exempted and Conditionally Exempted Discharges**

**C.15.b.iii.(1), C.15.b.iii.(2) ► Planned and Unplanned Discharges of Potable Water**

|   |                          |     |                                     |    |

| Is your agency a water purveyor?  | <input type="checkbox"/> | Yes | <input checked="" type="checkbox"/> | No |
| If <b>No</b> , skip to C.15.b.vi.(2):   |                          |     |                                     |    |
| If <b>Yes</b> , Complete the attached reporting tables or attach your own table with the same information. Provide any clarifying comments below. |                          |     |                                     |    |
| Comments:   |                          |     |                                     |    |

**C.15.b.vi.(2) ► Irrigation Water, Landscape Irrigation, and Lawn or Garden Watering**

Provide implementation summaries of the required BMPs to promote measures that minimize runoff and pollutant loading from excess irrigation. Generally the categories are:

- Promote conservation programs
- Promote outreach for less toxic pest control and landscape management
- Promote use of drought tolerant and native vegetation
- Promote outreach messages to encourage appropriate watering/irrigation practices
- Implement Illicit Discharge Enforcement Response Plan for ongoing, large volume landscape irrigation runoff.

**Summary: The City of South San Francisco participates in the Countywide Program’s public outreach efforts and the Parks and Maintenance Committee. Additionally, new development plan review comments for the City include the following:**

- 1. Landscaping shall meet the following conditions related to reduction of pesticide use on the project site:**
  - a. Where feasible, landscaping shall be designed and operated to treat stormwater runoff by incorporating elements that collect, detain and infiltrate runoff. In areas that provide detention of water, plants that are tolerant of saturated soil conditions and prolonged exposure to water shall be specified.**
  - b. Plant materials selected shall be appropriate to site specific characteristics such as soil type, topography, climate, amount and timing of sunlight, prevailing winds, rainfall, air movement, patterns of land use, ecological consistency and plant interactions to ensure successful establishment.**

Permittee Name: City of South San Francisco

- c. Existing native trees, shrubs and ground cover shall be retained and incorporated into the landscape plan to the maximum extent practicable.
- d. Proper maintenance of landscaping, with minimal pesticide use, shall be the responsibility of the property owner.
- e. Integrated pest management (IPM) principles and techniques shall be encouraged as part of the landscaping design to the maximum extent practicable. Examples of IPM principles and techniques include:
  - i. Select plants that are well adapted to soil conditions at the site.
  - ii. Select plants that are well adapted to sun and shade conditions at the site. In making these selections, consider future conditions when plants reach maturity, as well as seasonal changes.
  - iii. Provide irrigation appropriate to the water requirements of the selected plants.
  - iv. Select pest-resistant and disease-resistant plants.
  - v. Plant a diversity of species to prevent a potential pest infestation from affecting the entire landscaping plan.
  - vi. Use “insectary” plants in the landscaping to attract and keep beneficial insects.

The Inspectors will notify business owners if ongoing, large volume landscape irrigation runoff is observed and require the curtailment of the runoff.

Additionally, the City will use the revised New Development Checklist that includes landscaping site design measures and source control.

<sup>60</sup> This table contains all of the unplanned discharges that occurred in this FY.

<sup>61</sup> Monitoring data is only required for 10% of the unplanned discharges. If you monitored more than 10% of your unplanned discharges, report all of the data collected.

<sup>62</sup> Notification to Water Board staff is required for unplanned discharges where the chlorine residual is >0.05 mg/L and total volume is ≥ 50,000 gallons. Notification to State Office of Emergency Services is required after becoming aware of aquatic impacts as a result of unplanned discharge or when the discharge might endanger or compromise public health and safety.

Business Inspection Plan

**INDUSTRIAL AND COMMERCIAL BUSINESS INSPECTION PLAN  
CITY OF SOUTH SAN FRANCISCO, CA**

**Date Originally Prepared: June 30, 2010**

**Date Last Reviewed: September 14, 2012**

---

## **BACKGROUND**

This industrial and commercial business inspection plan (Inspection Plan) serves as the city's prioritized inspection work plan that the city will implement to comply with the municipal regional stormwater permit's (MRP) Provision C.4.b requirements. This MRP provision requires that an Inspection Plan be developed. The Inspection Plan's attached Prioritized Inspection List of Businesses (Inspection List) must be submitted with the 2010 Annual Report, and an annually updated Inspection List must be submitted with subsequent annual reports.

Municipal staff used the following steps to create this Inspection Plan and comply with the MRP. Steps 1 and 2 address MRP requirements for the Inspection Plan and Step 3 addresses compliance with MRP requirements for creating an Inspection List that is included as an attachment to the Inspection Plan.

### Steps

1. Identify a method of establishing priorities for inspections and the frequency of inspections for each category of priority.
2. Describe the method that will be used to identify newly opened businesses that may need inspection.
3. Develop an Inspection List that includes:
  - a. A list of all of the industrial and commercial businesses located within the municipality's jurisdiction that require inspection;
  - b. A determination of the priority for inspection of each business on the Inspection List using the identified method of establishing inspection priorities;
  - c. Identification of businesses on the Inspection List that are scheduled for inspection during the current fiscal year; and
  - d. An annual update or revision of the Inspection List starting in 2011.

Each of these steps was followed to develop this Inspection Plan as described in the following sections.

## **STEP 1: IDENTIFY A METHOD OF ESTABLISHING PRIORITIES FOR INSPECTIONS AND FREQUENCY OF INSPECTIONS**

### **What the MRP Requires**

The MRP requires that each of the businesses to be inspected be assigned a priority for inspection based on "the potential for water quality impact using criteria such as pollutant sources on site, pollutants of concern, proximity to a waterbody, violation history of the facility, and other relevant factors" (Provision C.4.b.ii.(3)). In addition, the MRP requires that appropriate inspection frequencies be established based on the priority for inspection, "potential for contributing pollution to stormwater runoff" and be "commensurate with the threat to water quality" (Provision C.4.b.ii.(5)).

Further, the MRP requires: "A description of the process for prioritizing inspections and frequency of inspections" (Provision C.4.b.i.(2)).

### **Description of Prioritization Process and Assignment of Inspection Frequencies to Different Priorities**

➔ Businesses meeting the following criteria generally have been assigned as having a high priority for inspection:

1. Businesses that are subject to the State General NPDES Permit for Stormwater Discharges Associated with Industrial Activity.
2. Businesses that have a history of using inadequate best management practices.
3. Businesses that have had a non-stormwater discharge disallowed by the MRP during the previous fiscal year.
4. Food service facilities and vehicle mechanical repair that are due for re-inspection and/or re-permitting with wastewater permits.

All other businesses have generally been assigned as having a low priority for inspection.

1. High priority for inspection means that the business will typically be inspected annually. Low priority for inspection means that the business will be inspected less frequently than annually, such as every other year or every third year. Businesses that have a non-stormwater discharge during any fiscal year will be moved to the high priority category and then inspected during the next fiscal year.
2. Food service facilities on the low priority inspection will be inspected upon renewal of their wastewater discharge permit.
3. Auto facilities on the low priority will be inspected at least every 3 years.

## **STEP 2: DESCRIBE METHOD THAT WILL BE USED TO IDENTIFY NEW BUSINESSES**

### **What the MRP Requires**

The MRP requires that the Inspection Plan have a "mechanism to include newly opened businesses that warrant inspection ..." (Provision C.4.b.i.(2)).

### **Description of Method for Identifying New Businesses**

The City of South San Francisco will identify new businesses that warrant inspection through the business license sign off process. New businesses require a sign off from the Environmental Compliance department. At that time, should the business warrant inspection, it will be inspected before the business license is signed off. The business will be added to the inspection spreadsheet and prioritized at the time of addition. If the business is deemed to not have an impact on the stormwater system it will be omitted from the list.

## **STEP 3: DEVELOP AN INSPECTION LIST**

This step includes the following four substeps associated with the development and maintenance of the Inspection List:

- a. Develop a list of all of the industrial and commercial businesses that require inspection;
- b. Determine the priority for inspection of each business on the Inspection List;

- c. Identify businesses on the Inspection List that are scheduled for inspection during the current fiscal year; and
- d. Prepare an annual update or revision of the Inspection List starting in 2011.

### What the MRP Requires

#### Develop a List of All Businesses Requiring Inspection

The MRP requires that the Inspection Plan be used to maintain an Inspection List of industrial and commercial businesses “that could reasonably be considered to cause or contribute to pollution of stormwater runoff” (Provision C.4.b.ii).

In particular, the MRP lists the following types of businesses as needing to be inspected if they “have a reasonable likelihood to be sources of pollutants to stormwater and non-stormwater discharges.” (Provision C.4.b.ii(2))

- 1) Industrial facilities<sup>1</sup>, as defined in 40 CFR 122.26(b)(14), including those subject to the State General NPDES Permit for Stormwater Discharges Associated with Industrial Activity;
- 2) Vehicle salvage yards;
- 3) Metal and other recycled material collection facilities, waste transfer facilities;
- 4) Vehicle mechanical repair, maintenance, fueling, or cleaning;
- 5) Building trades central facilities or yards, corporation yards, nurseries, and greenhouses;
- 6) Building material retailers and storage;
- 7) Plastic manufacturers; and
- 8) Other facilities designated by the City or Water Board as having a reasonable potential to contribute to pollution of stormwater runoff. The Water Board staff places a priority on inspecting retail food facilities, and these businesses should be included in the Inspection List if they “have a reasonable likelihood to be sources of pollutants to stormwater and non-stormwater discharges.”

In addition, the MRP lists the following functional aspects of businesses that may produce pollutants when exposed to stormwater as part of the criteria for developing the Inspection List:

- 1) Outdoor process and manufacturing areas;
- 2) Outdoor material storage areas;
- 3) Outdoor waste storage and disposal areas;
- 4) Outdoor vehicle and equipment storage and maintenance areas;
- 5) Outdoor wash areas;
- 6) Outdoor drainage from indoor areas;
- 7) Rooftop equipment; and
- 8) Other sources determined by the city or Water Board to have a reasonable potential to contribute to pollution of stormwater runoff.

#### Establish Inspection Priority for Businesses on the Inspection List

The MRP requires that businesses that have a reasonable potential to pollute stormwater runoff be prioritized using factors listed in the MRP (Provision C.4.b.ii.(3)).

#### Identify Businesses Scheduled for Inspection During the Current Fiscal Year

---

<sup>1</sup> The MRP appears to use the terms “facilities” and “businesses” interchangeably. This template generally uses the term business since that is used in the title of Provision C.4.b., and it is the term most inspectors use.

The MRP requires that the annual report include “the list of facilities scheduled for inspection during the current fiscal year” (Provision C.4.b.iii.(2)).

### Annual Updates

The MRP requires that the Inspection List be annually updated and maintained (Provision C.4.b.ii). The annual updates should include new businesses; any needed modifications to inspection priorities based on recent inspections, illicit discharge notifications, or other relevant factors; and removal of businesses that are no longer operating. In addition, updates or revisions to the Inspection List need to be included in annual reports starting in 2011 (Provision C.4.b.iii.(1)).

### **Substep 3a: Develop Inspection List**

See Attachment C of annual report.

### **Substep 3b: Determine Priority for Businesses**

Businesses meeting the following criteria generally have been assigned as having a high priority for inspection:

5. Businesses that are subject to the State General NPDES Permit for Stormwater Discharges Associated with Industrial Activity.
6. Businesses that have a history of using inadequate best management practices.
7. Businesses that have had a non-stormwater discharge disallowed by the MRP (illicit discharge) during the previous fiscal year.
8. Food service facilities and vehicle mechanical repair that are due for re-inspection and/or re-permitting with wastewater permits.

### **Substep 3c: Identify Businesses Scheduled for Inspection in the Current Fiscal Year**

See Attachment D of annual report.

### **Substep 3d: Annual Update**

To be completed in the 2011/2012 Annual Stormwater report.

Attachment E  
IPM Contractor Specifications

**City of South San Francisco**  
**Standard Operating Procedures for Pesticide Use and Implementation**  
**of the Municipality's Integrated pest Management Policy**

**Purpose:** To minimize the use and reliance on pesticides that threaten water quality by implementing the City's policy for integrated pest management (IPM) by all municipal employees and contractor's hired to manage pests on municipal property.

**Responsible Parties:** All City personnel that as part of their municipal job duties are authorized to plan, manage, and control pests including pesticide applications and all City personnel that administer municipal contracts for applying pesticide on municipal property.

**Contracts & Contractors:** Contracts shall include a requirement that the contractor shall adhere to the City's IPM policy. This will be accomplished by using the following procedures:

1. Include a copy of the municipality's IPM policy in the contractor solicitation documents e.g., Request for Proposal or Request for Quote, and make it clear that the pest control services being solicited must comply with IPM policy.
2. Include a copy of the municipality's IPM policy in the contract's specification.
3. Meet with the contractor to review the City's IPM policy.

**Municipal Employee's:** Municipal employees who are authorized to manage pests are required to implement the City's IPM policy. This will be accomplished by using the following procedures:

1. Use cultural practices and pest prevention measures to minimize the occurrence of pest problems.
2. Set a threshold of tolerance for pests.
3. Use biological and physical controls that are environmentally appropriate and economically feasible to control pests.
4. Use chemical control as a last resort, and then the least toxic product will be used. Where feasible for structural pest control, insecticides will be applied as containerized baits.
5. Avoid the use of pesticides that threaten water quality especially in formulations and situations that pose a risk of contaminating stormwater runoff.
6. Train employees on IPM techniques, pesticides-related stormwater pollution prevention methods, the municipality's IPM policy, and these standard operating procedures.
7. As part of the municipality's annual report for the municipal regional stormwater permit, report on the IPM policy's implementation by showing trends in the quantities and types of pesticides used and suggest reasons for any increases in uses of pesticides that threaten water quality.

**RE: Written Order to Implement an Integrated Pest Management (“IPM”) Plan**

Dear Ms. Duna:

The purpose of this letter is to provide ValleyCrest Landscape Maintenance Company (“Contractor”) with a written order to implement an Integrated Pest Management (“IPM”) Plan for landscaping services within the City of South San Francisco (“City”).

Pursuant to Section 14 of the Special Provisions of the Landscape Services Agreement between the City and Contractor, the City hereby requires Contractor to adopt and comply with an IPM Plan consistent with the IPM-based hierarchical decision making process (established by Provision C.9.d, of Water Board Permit No. R2-2009-0074, Municipal Regional Stormwater NPDES Permit) and the City-approved IPM Policy (attached hereto).

Please acknowledge your acceptance of this written order by signing and returning three copies of this letter to my attention at your earliest convenience.

Best regards,

Sharon Ranals  
Director of Parks and Recreation

**San Mateo Countywide Water Pollution Prevention Program  
Model Integrated Pest Management (IPM) Policy  
for the City of South San Francisco**

**GOAL**

The *City of South San Francisco* seeks to protect the health and safety of its employees and the general public, the environment and water quality, as well as to provide sustainable solutions for pest control through the reduced use of pesticides on property including buildings owned or managed by the City by applying Integrated Pesticide Management principles and techniques. The municipal regional stormwater permit requires that the *City of South San Francisco* minimize reliance on pesticides that threaten water quality.

**REQUIRED USE OF INTEGRATED PEST MANAGEMENT**

Employees implementing pest management controls will use Integrated Pest Management (IPM) techniques that emphasize non-pesticide alternatives. Pesticides will only be used after careful consideration of non-chemical alternatives and then the least toxic chemicals that are effective shall be used. Pest control contractors hired by the City are required to implement IPM to control pests. This will be achieved by hiring only IPM-certified pest control contractors or by including contract specifications requiring contractors to implement IPM methods.

The City will establish written standard operating procedures for pesticide use to ensure implementation of this IPM policy and to require municipal employees and pest control contractors to comply with the standard operating procedures.

The *City of South San Francisco* will track employee and contractor pesticide use and prepare an annual report summarizing pesticide use and evaluating pest control activities performed consistent with the municipal regional stormwater permit's requirements.

The *City of South San Francisco* will review its purchasing procedures, contracts or service agreements with pest control contractors and employee training practices to determine what changes, if any, need to be made to support the implementation of this IPM Policy.

The *City of South San Francisco* will perform educational outreach and/or support Countywide or regional efforts to educate residential and commercial pesticide users on a) goals and techniques of IPM, and b) pesticide related water quality issues consistent with the municipal regional stormwater permit's requirements.

The IPM-based hierarchical decision making process that will be used to control pests will include the following:

1. Based on field observations evaluate locations and sites where pest problems commonly occur to determine pest population, size, occurrence, and natural enemy population, if

- present. Identify conditions that contribute to the development of pest populations, and decisions and practices that could be employed to manage pest populations
2. Design, construct, and maintain landscapes and buildings to reduce and eliminate pest habitats;
  3. Modify management practices including watering, mulching, waste management, and food storage to discourage the development of pest population;
  4. Modify pest ecosystems to reduce food, water sources, and harborage;
  5. Prioritize the use of physical controls such as mowing weeds, using traps, and installing barriers;
  6. Use biological controls to introduce or enhance a pests' natural enemies;
  7. When pest populations reach treatment thresholds (based on how much biological, aesthetic, economic or other damage is tolerable) non-pesticide management activities will be evaluated before considering the use of pesticides;
  8. When pesticides are necessary, select reduced risk pesticides and use the minimum amounts needed to be effective;
  9. Apply pesticides at the most effective treatment time, based on pest biology, monitoring, and other variables, such as weather, seasonal changes in wildlife use, and local conditions; and
  10. Whenever possible, use pesticide application methods, such as containerized baits, that minimize opportunities for mobilization of the pesticide in stormwater runoff.

Departments performing pest management activities will identify an IPM coordinator who is responsible for assisting staff with implementation of this IPM policy.

#### BACKGROUND

Pesticides are defined as: any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest. Pests can be insects, rodents and other animals, unwanted plants (weeds), bacteria or fungi. The term pesticide applies to herbicides, fungicides, insecticides, rodenticides, molluscicides and other substances used to control pests.

Integrated Pest Management (IPM) is an ecosystem-based strategy that focuses on long-term prevention of pests or their damage through a combination of techniques such as biological control, habitat manipulation, modification of cultural practices, and use of resistant varieties. Pesticides are used only after monitoring indicates they are needed according to established guidelines, and treatments are made with the goal of removing only the target organism. Pest control materials are selected and applied in a manner that minimizes risks to human health, beneficial and nontarget organisms, and the environment.

IPM techniques could include biological controls (e.g., ladybugs and other natural enemies or predators); physical or mechanical controls (e.g., hand labor or mowing, caulking entry points to buildings); cultural controls (e.g., mulching, alternative plant type selection, and enhanced cleaning and containment of food sources in buildings); and reduced risk chemical controls (e.g., soaps or oils).

City of South San Francisco owned or managed property/facility includes but is not limited to parks and open space, golf courses, roadsides, landscaped medians, flood control channels and other outdoor areas, as well as municipal buildings and structures.

## SERVICES AGREEMENT

This Services Agreement (this “**Agreement**”) is made and entered into between the City of South San Francisco, a municipal corporation (“**City**”) and Western Exterminator, (“**Contractor**”) effective as of June 15, 2012 (the “**Effective Date**”). City and Contractor are hereinafter collectively referred to as (the “**Parties**”). In consideration of their mutual covenants, the Parties hereby agree as follows:

1. Scope of Work. Contractor shall provide the following services and/or materials (“the Work”): **on as needed basis to perform pest control service on city buildings; such as cockroaches, rats, mice, ants, rodents and others.** The Work shall commence on **June 18, 2012 to June 30, 2013.** and work shall be completed to the satisfaction of the City. In the event of a conflict or inconsistency between the text of the main body of this Agreement and Exhibit A, the text of the main body of this Agreement shall prevail.
2. Payment. City shall pay Contractor an amount not to exceed: **Ten thousand dollars (\$10,000)** for the full and satisfactory completion of the Work in accordance with the terms and conditions of this Agreement. The method of payment for the Work shall be set forth as follows: **on as needed basis to perform pest control service on City Buildings.** The amount stated above is the entire compensation payable to Contractor for the Work performed hereunder, including all labor, materials, tools and equipment furnished by Contractor.
3. Independent Contractor. It is understood and agreed that this Agreement is not a contract of employment and does not create an employer-employee relationship between the City and Contractor. At all times Contractor shall be an independent contractor and Contractor is not authorized to bind the City to any contracts or other obligations without the express written consent of the City.
4. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify, defend (with counsel acceptable to the City), and hold harmless the City and its elected and appointed officers, officials, employees, agents, contractors and consultants (collectively, the “City Indemnitees”) from and against any and all liability, loss, damage, claims, expenses and costs (including, without limitation, attorneys’ fees and costs of litigation) (collectively, “Liability”) of every nature arising out of or in connection with Contractor’s performance of the Work or Contractor’s failure to comply with this Agreement, except such Liability caused by the gross negligence or willful misconduct of the City Indemnitees.
5. Insurance. Prior to beginning the Work and continuing throughout the term of this Agreement, Contractor (and any subcontractors) shall, at Contractor’s (or subcontractor’s) sole cost and expense, furnish the City with certificates of insurance evidencing that Contractor has obtained and maintains insurance in the following amounts:
  - A. Workers’ Compensation that satisfies the minimum statutory limits.
  - B. Commercial General Liability and Property Damage Insurance in an amount not less than ONE MILLION DOLLARS (\$1,000,000) combined single limit per occurrence, TWO MILLION DOLLARS (\$2,000,000) annual aggregate, for bodily injury, property damage, products, completed operations and contractual liability coverage. The policy shall also include coverage for liability arising out of the use and operation of any City-owned or City-furnished equipment used or operated by the Contractor, its personnel, agents or subcontractors.
  - C. Comprehensive automobile insurance in an amount not less than ONE MILLION DOLLARS (\$1,000,000) per occurrence for bodily injury and property damage including coverage for owned and non-owned vehicles.

All insurance policies shall be written on an occurrence basis and shall name the City Indemnitees as additional insureds. The certificates shall contain a statement of obligation on the part of the carrier to notify City of any material change, cancellation, termination or non-renewal of the coverage at least thirty (30) days in advance of the effective date of any such material change, cancellation, termination or non-renewal. The City's Risk Manager may waive or modify any of the insurance requirements of this section.

6. Compliance with all Applicable Laws; Nondiscrimination. Contractor shall comply with all applicable local, state and federal laws, regulations and ordinances in the performance of this Agreement. Contractor shall not discriminate in the provision of service or in the employment of persons engaged in the performance of this Agreement on account of race, color, national origin, ancestry, religion, gender, marital status, sexual orientation, age, physical or mental disability in violation of any applicable local, state or federal laws or regulations.

7. Integrated Pest Management. Attached to this Agreement as **Exhibit B**, and incorporated herein, is the City's current adopted Integrated Pest Management ("IPM") Policy. Contractor hereby acknowledges receipt of the City's IPM Policy. Further, Contractor shall comply with the City's IPM Policy when performing Work under this Agreement.

8. Termination. City may terminate or suspend this Agreement at any time and without cause upon written notification to Contractor. Upon receipt of notice of termination or suspension, Contractor shall immediately stop all work in progress under this Agreement. The City's right of termination shall be in addition to all other remedies available under law to the City.

9. Severability. If any term or portion of this Agreement is held to be invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement shall continue in full force and effect.

10. Entire Agreement. This Agreement represents the entire and integrated agreement between the Parties. This Agreement may be modified or amended only by a subsequent written agreement signed by both Parties.

11. Non-Liability of Officials, Employees and Agents. No officer, official, employee or agent of City shall be personally liable to Contractor in the event of any default or breach by City or for any amount which may become due to Contractor pursuant to this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date written above.

# CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)  
07/12/2012

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

### Polystyrene Foam Food Service Ware Policies

**South San Francisco Municipal Code**[Up](#)[Previous](#)[Next](#)[Main](#)[Search](#)[Print](#)[No Frames](#)[Title 8 HEALTH AND WELFARE](#)[Chapter 8.60 GREEN FOOD PACKAGING](#)**8.60.020 Prohibited use of disposable food service ware.**

---

(a) Food vendors are prohibited from dispensing prepared food to customers in disposable food service ware made from polystyrene.

(b) All city facilities, city-sponsored events, and city permitted events are prohibited from using disposable food service ware made from polystyrene. All city departments and agencies shall not purchase or acquire disposable food service ware made from polystyrene for use at city facilities.

(c) City franchises, contractors and vendors doing business with the city shall be prohibited from using food service ware made from polystyrene in city facilities or on city projects within the city.

(d) Organizations using city offices or property shall comply with this chapter (e.g., street closure permits, events at city facilities, etc.) and while on city premises, shall not willfully possess, give, receive, lend, offer or expose for sale, use, deliver, furnish, transfer or dispose of any disposable food service ware made from polystyrene. (Ord. 1398 § 1, 2008)

The City of South San Francisco has joined the Cities of Millbrae, Oakland, Albany, Berkeley, Calabasas, Carmel, Fairfax, San Francisco and Alameda County in banning the use of solid and foamed polystyrene and other non-recyclable, non-bio-degradable food ware.

On October 1, 2008, the City of South San Francisco's Green Food Packaging Ordinance will go into effect. It requires all sales outlets and vendors that sell food directly for consumption by the consumer to use only green food service ware items.

## FREQUENTLY ASKED QUESTIONS

### What Materials are Banned?

The ban applies to single-use disposable containers intended for serving or transporting prepared, ready-to-eat food or beverages. Examples include clear clamshell containers, and clear or colored straws, lids, bowls, plates, trays, cartons, cups, lids, straws, utensils, and other items employed by food vendors for non-durable uses.

### What is Polystyrene and Why is it Banned?

Foamed polystyrene (also known as Styrofoam®) and clear or solid polystyrene food packaging can be distinguished by the symbol #6 imprinted on each item. Both solid and foamed polystyrene are not accepted for recycling by the South San Francisco Scavenger Company or any other transfer station in San Mateo County.

Sometimes called Styrofoam (a Dow Chemical Company trademark), polystyrene foam is commonly used for disposable food service containers such as cups, plates and "clam-shell" boxes. Polystyrene can be harmful to the environment and to human health.

- The "life" of these containers is very short. Mostly, they are used once then thrown away. It floats and is easily blown from disposal sites even when disposed of properly.
- Polystyrene exists in the environment for years, breaking down into small, non-biodegradable pieces that are ingested by marine life and other wildlife, harming or killing them.
- Evidence suggests that a component of polystyrene foam, styrene, is a carcinogen and neurotoxin. It may leach from containers into food and drink, posing a potential health risk. Styrene has been detected in the fat tissue of every man, woman and child tested in a 1986 EPA study.
- Polystyrene manufacturing is the fifth largest creator of hazardous waste in the United States (*Environmental Protection Agency*) and compromises 15% of the litter collected in storm drains (*State of California*). Its environmental impacts were second highest, behind aluminum, in the cycle of product manufacturing, use and disposal of the products, the energy consumption, greenhouse gas effect, and total environmental effect (*California Integrated Waste Management Board*).

## What is Green Food Packaging?

Green food packaging includes recyclable items such as paper, aluminum, and plastic with resin identification numbers 1, 2, 4, and 5. They also include biodegradable or compostable products made from renewable, agriculturally based crops such as corn starch, potatoes, and sugar cane waste.

## What are Biodegradable or Compostable Products?

“Biodegradable” means the entire product or package will completely break down and return to nature, i.e., decompose into elements found in nature within a reasonably short period of time after customary disposal.

“Compostable” means all materials in the product or package will break down into, or otherwise become part of, usable compost (e.g., soil-conditioning material, mulch) in a safe and timely manner in an appropriate composting program or facility, or in a home compost pile or device.

## To Whom Does this Ordinance Apply?

This Ordinance applies to all sales outlets and vendors that sell food directly for consumption by the consumer, including restaurants, supermarkets, food trucks, caterers, cafes, and other entities as defined in the Ordinance. This definition excludes warehouse owners, factories, wholesalers or companies that package food for other retailers and not directly for the consumer.

## Are there Exemptions?

The Ordinance does provide for the possibility of an exemption. It also authorizes businesses to charge consumers a “take out fee” to recover the added expense of using alternative packaging. Business owners may apply for an exemption from the Ordinance upon showing, by supporting documentation, that compliance would cause them undue hardship and/or that a suitable compostable or recyclable alternative does not exist for a particular use. You may obtain an exemption application from the Code Enforcement Division at 480 North Canal Street, South San Francisco, CA 94080.

## How will this Ordinance be enforced?

Enforcement will initially be on a complaint-basis with warnings being issued for the first offense. Subsequent complaints/violations will result in a \$100 fine for the first citation and \$200 for every subsequent violation.

Staff has compiled a list of companies and distributors that sell green food service ware items to affected businesses. For additional information, please contact the Fire Prevention/Code Enforcement Division at 650-829-6645.

### Public Education and Outreach

## **Trash Load Reduction Control Measures**

### **Regional and Countywide Public Education and Outreach Programs (CR-3) FY 2011-12 Status Summary**

#### **Litter Reduction Advertising Campaigns**

##### **Youth Outreach Litter Campaign (Regionwide)**

In FY 2011-12, BASMAA began implementing the “Be the Street” anti-litter Youth Outreach Campaign. Be the Street takes a Community Based Social Marketing approach to encourage youth to keep their community clean. The intent of the campaign is to make “no-littering” the norm among the target audience (youth between the ages of 14 and 24). The campaign is using online social marketing tools to conduct outreach. Activities in FY 11-12 included launching a website, Facebook page and a quarterly e-newsletter. An “anti-littering” video contest was also announced and the winning entry will be promoted on television.

#### **Outreach to School-age Children or Youth**

##### **Banana Slug School Assembly Program (Countywide)**

##### **“Water Pollution Prevention and Your Car” Presentation (Countywide)**

Through participation and funding of the SMCWPPP Public Information and Participation program (PIP), the City of South San Francisco continued implementing litter reduction outreach to school-age children and youth at school sites. During FY 11-12, SMCWPPP managed two contracts to provide direct outreach to grades K-12 on behalf of all Permittees .

The first contract was with the Banana Slug String Band who performed a presentation called “We All Live Downstream” to grades K-5. Through songs and interactive exercises, the presentation provides information about storm drains, watersheds, the marine environment, and tips to keep water clean, including litter prevention. During FY 11-12, the Banana Slug String Band performed 44 assemblies at 28 elementary schools across San Mateo County, reaching nearly 9,315 students. Surveys of the performance and its effectiveness were sent to each school. A total of 21 schools responded with 1,216 student responses. Overall, the responses have been very positive and indicate an increase in the students’ knowledge about watersheds, stormwater and pollution prevention.

The second contract was with Rock Steady Science, who presented “Water Pollution Prevention and Your Car” to grades 10-12. A portion of the presentation is dedicated to watershed and stormdrain education, and the impact of litter on local creeks and waterways. The presentations began during the spring semester of the 2010-11 school year and continued through the 2011-12 fiscal/school year. A total of 50 presentations were given in 22 different schools located throughout the county, reaching over 1,350 students. (Note: some cities in San Mateo County do not have high schools, and their students feed into high schools in neighboring cities.)

## **Media Relations (Use of Free Media)**

### **Coastal Cleanup Day Promotion (Countywide)**

On the countywide level, SMCWPPP provided a press release for Coastal Cleanup Day, and used Twitter to promote the event on August 29, 2011. The release was intended to gain support and assistance for the cleanup event conducted each September in local water bodies.

## **Community Outreach Events**

### **San Mateo County Fair, June 9-17, 2012 (Countywide)**

SMCWPPP, through its PIP program, conducted a countywide outreach event at the San Mateo County Fair, June 9-17, 2012. The booth was open to the public for a total of 95 hours during the nine days. Staff from nine jurisdictions and County Environmental Health worked the booth at select times each day for a total of 57 hours of staffed time. Based on representative sampling of the number of people who visited the booth, it was estimated that an average of 34 people per hour were directly contacted during the hours that staff was present. Using this averaging, it is estimated that approximately 1,938 people were directly contacted during the 57 staffed hours. The booth provided an introduction to the "Be The Street" anti-litter Youth Outreach Campaign. During the fair, 81 people signed up for the Campaign e-newsletter.

### **Spring Cleanup Promotional Program (Countywide)**

In FY 11-12, SMCWPPP launched "Spring Cleaning SMC" a new annual promotional campaign designed to provide an outlet for watershed stewardship groups and jurisdictions to promote small local trash cleanup events. It is promoted as a cleanup "season," from March 21 to June 21, including all Earth Day events that take place in late April. SMCWPPP developed a web page on [www.flowstobay.org](http://www.flowstobay.org) dedicated to posting cleanup events during this time period. Promotional newspaper advertisements and bus ad cards were developed and placed in newspapers and busses throughout the county, directing the public to the web page. A total of 18 spring cleanup events were posted during the spring season.

Groups and jurisdictions were asked to provide cleanup data. Reports showed that 385 volunteers removed 1225 pounds of trash, and an additional report indicated that 672 gallons was removed. The actual numbers are likely to be higher since some groups did not provide cleanup data.
