CITY OF MILPITAS
455 East Calaveras Boulevard, Milpitas, California 95035-5479 • www.ci.milpitas.ca.gov

September 6, 2013

Mr. Bruce H. Wolfe
Executive Officer
San Francisco Bay Regional Water Quality Control Board
1515 Clay Street, Suite 1400
Oakland, CA 94612

Subject: City of Milpitas
FY 2012-2013 Annual Report
MRP NPDES Permit No. CAS612008

Dear Mr. Wolfe:

This letter and the Annual Report are submitted by the City of Milpitas, pursuant to Permit Provision C.16.a of the Municipal Regional Stormwater NPDES Permit (MRP), Order R2-2009-0074, NPDES Permit No CAS612008, issued by the San Francisco Bay Regional Water Quality Control Board. The Annual Report provides documentation of activities conducted during FY 2012-2013 and consists of the following:

A. Certification Statement
B. Annual Report Form
    - Table of Contents
    - Completed Annual Report Form: Sections 1-15

Please contact me at (408) 586-3345 regarding any questions or concerns.

Sincerely,

Jeff Moneda, PE
Public Works Director/City Engineer

City of Milpitas
FY 2012-2013 ANNUAL REPORT

Certification Statement

"I certify, under penalty of law, that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to ensure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted, is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

Signature by Duly Authorized Representative:

Thomas C. Williams
City Manager

Date

Acronym List

BASMAA – Bay Area Stormwater Management Agencies Association
BMP – Best Management Practices
CEQA – California Environmental Quality Act
CoHHWP- Countywide Household Hazardous Waste Program
DPR – Department of Pesticide Regulation
EPA -- Environmental Protection Agency
EPR – Extended Producer Responsibility
FY – Fiscal Year
GPM – Gallons per Minute
HHW – Household Hazardous Waste
HMP – Hydromodification Management Plan
IC/ID – Illicit Connection/Illegal Discharge
IND/COM – Industrial/Commercial
IPM – Integrated Pest Management
KAB – Keep America Beautiful
MS4 – Municipal Separate Storm Sewer System
N/A – Not Applicable
NOI – Notice of Intent
NPDES – National Pollution Discharge Elimination System
NPS – Nonpoint Source
O & M – Operation and Maintenance
P & B – Parkways and Boulevards
PCA – Pest Control Advisor
PCI – Pavement Condition Index
PI/P – Public Information and Participation
QAC – Qualified Applicator Certificate
RPW – Rural Public Works
RWQCB – Regional Water Quality Control Board
SCVURPPP – Santa Clara Valley Urban Runoff Pollution Prevention Program
SCVWD – Santa Clara Valley Water District
SDOM – Storm Drain Operation and Maintenance
SIC – Standard Industrial Code
SOP – Standard Operating Procedure
SWIDS – Storm Water Infiltration Device System
SWPPP – Storm Water Pollution Prevention Program
URMP – Urban Runoff Management Plan
WUPPP – Water Utility Pollution Prevention Plan

Section 1 – Permittee Information

Background Information					
Permittee Name:	City of Milpitas				
Population:	66,790 (2010 census)				
NPDES Permit No.:	CAS612008				
Order Number:	R2-2009-0074R				
Reporting Time Period (month/year):	July 2012 through June 2013				
Name of the Responsible Authority:	Thomas C. Williams			**Title:**	City Manager
Mailing Address:	455 E. Calaveras Blvd,				
City:	Milpitas	**Zip Code:**	95035	**County:**	Santa Clara
Telephone Number:	408 586 3050		**Fax Number:**	408 586 3056	
E-mail Address:	twilliams@ci.milpitas.ca.gov				
Name of the Designated Stormwater Management Program Contact (if different from above):	Jeff Moneda			**Title:**	Public Works Director / City Engineer
Department:	Public Works				
Mailing Address:	455 E. Calaveras Blvd,				
City:	Milpitas	**Zip Code:**	95035	**County:**	Santa Clara
Telephone Number:	408 586 3345		**Fax Number:**	408 586 3305	
E-mail Address:	jmoneda@ci.milpitas.ca.gov				

Section 2 - Provision C.2 Reporting Municipal Operations

Program Highlights and Evaluation

Highlight/summarize activities for reporting year:

Summary: The City of Milpitas has Corp Yard SWPPP. See C.2 Municipal Operations section of Program's FY 12-13 Annual Report for a description of activities of the Municipal Operations AHTG and the BASMAA Municipal Operations Committee for details of participation.

C.2.a. ►Street and Road Repair and Maintenance

Place a **Y** in the boxes next to activities where applicable BMPs were implemented. If not applicable, type **NA** in the box and provide an explanation in the comments section below. Place an **N** in the boxes next to activities where applicable BMPs were not implemented for one or more of these activities during the reporting fiscal year, then in the comments section below provide an explanation of when BMPs were not implemented and the corrective actions taken.

Y	Control of debris and waste materials during road and parking lot installation, repaving or repair maintenance activities from polluting stormwater
Y	Control of concrete slurry and wastewater, asphalt, pavement cutting, and other street and road maintenance materials and wastewater from discharging to storm drains from work sites.
Y	Sweeping and/or vacuuming and other dry methods to remove debris, concrete, or sediment residues from work sites upon completion of work.

Comments:

C.2.b. ►Sidewalk/Plaza Maintenance and Pavement Washing

Place a **Y** in the boxes next to activities where applicable BMPs were implemented. If not applicable, type **NA** in the box and provide an explanation in the comments section below. Place an **N** in the boxes next to activities where applicable BMPs were not implemented for one or more of these activities during the reporting fiscal year, then in the comments section below provide an explanation of when BMPs were not implemented and the corrective actions taken.

Y	Control of wash water from pavement washing, mobile cleaning, pressure wash operations at parking lots, garages, trash areas, gas station fueling areas, and sidewalk and plaza cleaning activities from polluting stormwater
Y	Implementation of the BASMAA Mobile Surface Cleaner Program BMPs

Comments:

C.2.c. ►Bridge and Structure Maintenance and Graffiti Removal

Place a **Y** in the boxes next to activities where applicable BMPs were implemented. If not applicable, type **NA** in the box and provide an explanation in the comments section below. Place an **N** in the boxes next to activities where applicable BMPs were not implemented for one or more of these activities during the reporting fiscal year, then in the comments section below provide an explanation of when BMPs were not implemented and the corrective actions taken.

Y	Control of discharges from bridge and structural maintenance activities directly over water or into storm drains
Y	Control of discharges from graffiti removal activities
Y	Proper disposal for wastes generated from bridge and structure maintenance and graffiti removal activities
Y	Implementation of the BASMAA Mobile Surface Cleaner Program BMPs for graffiti removal
Y	Employee training on proper capture and disposal methods for wastes generated from bridge and structural maintenance and graffiti removal activities.
Y	Contract specifications requiring proper capture and disposal methods for wastes generated from bridge and structural maintenance and graffiti removal activities.

Comments: Standard practice is to paint over rather than remove graffiti from bridges and surface structures.

C.2.d. ►Stormwater Pump Stations

Does your municipality own stormwater pump stations: [Y] **Yes** [ ] **No**

If your answer is **No** then skip to **C.2.e.**

Complete the following table for dry weather DO monitoring and inspection data for pump stations[1] (add more rows for additional pump stations). If a pump station is exempt from DO monitoring, explain why it is exempt.

Pump Station Name and Location and Description (City Inspector – Dan Lopez / Bryan Sexton)	First inspection Dry Weather DO Data		Second inspection Dry Weather DO Data	
	Date	mg/L	Date	mg/L
Jurgens, 345 Jurgens Dr., Wet well	8/14/2012	10.5	9/26/2012	10.8
Spence Creek, 11 Butler St., Wet well	8/14/2012	Dry	9/26/2012	10.5
Penitencia, 944 LaHonda Dr., Pond	8/14/2012	11.0+	9/26/2012	9.5
Milpitas Materials, 1125 N. Milpitas Blvd., Wet well	8/14/2012	7.0	9/26/2012	6.5
Abbott, 1225 N. Abbott Ave., Pond	8/14/2012	5.4	9/26/2012	5.1
California Circle, 1735 California Circle, Pond	8/14/2012	11.0+	9/26/2012	5.7
Berryessa, 731 Folsom Circle, Pond	8/14/2012	11.0+	9/26/2012	8.0

[1] DO monitoring is exempted where all discharge from a pump station remains in a stormwater collection system or infiltrates into a dry creek immediately downstream.

Murphy Ranch, 801 Murphy Ranch Rd., Wet well	8/14/2012	10.0	9/26/2012	7.1
Bellew, 481 Murphy Ranch rd., Wet well	8/14/2012	6.0	9/26/2012	6.0
Oak Creek, 1521 McCarthy Blvd., Wet well	8/14/2012	7.1	9/26/2012	7.5
Wrigley Ford, 75 Marylinn Dr., Wet well	8/14/2012	8.9	9/26/2012	7.8
Manor, 349 Marylinn Dr., Wet well	8/14/2012	8.6	9/26/2012	7.2
McCarthy, 1001 N. McCarthy Blvd., Wet well	8/14/2012	7.8	9/26/2012	9.2

Summary: No action required since all results were above 3 mg/l.
Attachments: N/A

Complete the following table for wet weather inspection data for pump stations (add more rows for additional pump stations):

Pump Station Name and Location	**Date** (2x/year required)	**Presence of Trash** (Cubic Yards)	**Presence of Odor** (Yes or No)	**Presence of Color** (Yes or No)	**Presence of Turbidity** (Yes or No)	**Presence of Floating Hydrocarbons** (Yes or No)
Jurgens, 345 Jurgens Dr., Wet well	12/6/2012	<1/4	No	No	No	No
	1/3/2013	<1/4	No	No	No	No
Spence Creek, 11 Butler St., Wet well	12/6/2012	<1/8	No	No	No	No
	1/3/2013	<1/4	No	No	No	No
Penitencia, 944 LaHonda Dr., Pond	12/6/2012	<1/4	No	No	No	No
	1/3/2013	<1/4	No	No	No	No

	1/3/2013	None	No	No	No	No
Abbott, 1225 N. Abbott Ave., Pond	12/6/2012	½ veg	No	Yes	No	No
	1/3/2013	1/2 veg	No	Yes	No	No
California Circle, 1735 California Circle, Pond	12/6/2012	None	No	No	No	No
	1/3/2013	None	No	No	No	No
Berryessa, 731 Folsom Circle, Pond	12/6/2012	None	No	No	No	No
	1/3/2013	None	No	No	No	No
Murphy Ranch, 801 Murphy Ranch Rd., Wet well	12/10/2012	1 ½	No	No	No	No
	1/4/2013	1 ½	No	No	No	No

	as appropriate
Y	Inclusion of measures to reduce erosion, provide fish passage, and maintain natural stream geomorphology when replacing culverts or design of new culverts or bridge crossings
Comments including listing increased maintenance in priority areas: Milpitas has been implementing the Program's developed Rural Public Works Maintenance and Support Performance Standards and associated BMPs since 2003.	

C.2.f. ▶ Corporation Yard BMP Implementation

Place an **X** in the boxes below that apply to your corporations yard(s):

	We do not have a corporation yard
	Our corporation yard is a filed NOI facility and regulated by the California State Industrial Stormwater NPDES General Permit
Y	We have a **Stormwater Pollution Prevention Plan (SWPPP)** for the Corporation Yard(s)

Place an **X** in the boxes below next to implemented SWPPP BMPs to indicate that these BMPs were implemented in applicable instances. If not applicable, type **NA** in the box. If one or more of the BMPs were not adequately implemented during the reporting fiscal year then indicate so and explain in the comments section below:

Y	Control of pollutant discharges to storm drains such as wash waters from cleaning vehicles and equipment
Y	Routine inspection prior to the rainy seasons of corporation yard(s) to ensure non-stormwater discharges have not entered the storm drain system
Y	Containment of all vehicle and equipment wash areas through plumbing to sanitary or another collection method
Y	Use of dry cleanup methods when cleaning debris and spills from corporation yard(s) or collection of all wash water and disposing of wash water to sanitary or other location where it does not impact surface or groundwater when wet cleanup methods are used
Y	Cover and/or berm outdoor storage areas containing waste pollutants

Comments:

If you have a corporation yard(s) that is not an NOI facility, complete the following table for inspection results for your corporation yard(s) or attach a summary including the following information:

Corporation Yard Name	**Inspection Date** (1x/year required)	**Inspection Findings/Results**	**Follow-up Actions**
City of Milpitas –	September 6, 2012	No urban runoff violations were observed.	No action required.

Bellew, 481 Murphy Ranch rd., Wet well	12/10/2012	1 ½	No	No	No	No
	1/4/2013	1 ½	No	No	No	No
Oak Creek, 1521 McCarthy Blvd., Wet well	12/10/2012	2	No	No	Yes	No
	1/4/2013	2	No	No	Yes	No
Wrigley Ford, 75 Marylinn Dr., Wet well	12/6/2012	2	No	No	No	No
	1/4/2013	2	No	No	No	No
Manor, 349 Marylinn Dr., Wet well	12/6/2012	<2	No	No	No	No
	1/4/2013	1	No	No	No	No
McCarthy, 1001 N. McCarthy Blvd., Wet well	12/10/2012	1	No	No	No	No
	1/4/2013	1 ½	No	No	No	No

C.2.e. ► Rural Public Works Construction and Maintenance

Does your municipality own/maintain rural[2] roads:	Y	**Yes**		**No**

If your answer is **No** then skip to **C.2.f.**

Place a **Y** in the boxes next to activities where applicable BMPs were implemented. If not applicable, type **NA** in the box and provide an explanation in the comments section below. Place an **N** in the boxes next to activities where applicable BMPs were not implemented for one or more of these activities during the reporting fiscal year, then in the comments section below provide an explanation of when BMPs were not implemented and the corrective actions taken.

Y	Control of road-related erosion and sediment transport from road design, construction, maintenance, and repairs in rural areas
Y	Identification and prioritization of rural road maintenance based on soil erosion potential, slope steepness, and stream habitat resources
Y	No impact to creek functions including migratory fish passage during construction of roads and culverts
Y	Inspection of rural roads for structural integrity and prevention of impact on water quality
Y	Maintenance of rural roads adjacent to streams and riparian habitat to reduce erosion, replace damaging shotgun culverts and excessive erosion
Y	Re-grading of unpaved rural roads to slope outward where consistent with road engineering safety standards, and installation of water bars

[2] Rural means any watershed or portion thereof that is developed with large lot home-sites, such as one acre or larger, or with primarily agricultural, grazing or open space uses.

Corporation Yard 1265 N. Milpitas Blvd Milpitas, CA 95035			

Section 3 - Provision C.3 Reporting New Development and Redevelopment

C.3.b.v.(2)(a) ► Green Streets Status Report
(All projects to be completed by December 1, 2014)

On an annual basis (if applicable), report on the status of any pilot green street projects within your jurisdiction. For each completed project, report the capital costs, operation and maintenance costs, legal and procedural arrangements in place to address operation and maintenance and its associated costs, and the sustainable landscape measures incorporated in the project including, if relevant, the score from the Bay-Friendly Landscape Scorecard.

Summary: No pilot projects within Milpitas. The C.3 New Development and Redevelopment section of the Program's FY 12-13 Annual Report includes a description of program and regional activities.

C.3.b.v.(2)(c) ► Summary of Green Street Projects Completed by January 1, 2013

(For FY 12-13 Annual Report only) Provide a summary of all green street projects completed by January 1, 2013.

Summary: None to report.

BASMAA has prepared a regional summary of all green street pilot projects. The Green Street Pilot Project Summary Report is being submitted by BASMAA, on behalf of the MRP permittees, in BASMAA's MRP FY 12-13 Regional Supplement – New Development and Redevelopment. The Green Streets Pilot Project Summary Report contains all of the required elements listed in Provision C.3.b.v.(2)(c) for all green street projects completed by January 1, 2013, as well as information on projects not yet completed.

C.3.b.v.(1) ► Regulated Projects Reporting

See attached Table.

C.3.e.v. ► Alternative or In-Lieu Compliance with Provision C.3.c.

			N	
(For FY 11-12 Annual Report and each Annual Report thereafter) Is your agency choosing to require 100% LID treatment onsite for all Regulated Projects and not allow alternative compliance under Provision C.3.e.?	Y	Yes		No
Comments (optional):				

C.3.e.vi ► Special Projects Reporting

1. Has your agency received, but not yet granted final discretionary approval of, a development permit application for a project that has been identified as a potential Special Project based on criteria listed in MRP Provision C.3.e.ii(2) for any of the three categories of Special Projects (Categories A, B or C)?		Yes	N	No
2. Has your agency granted final discretionary approval of a project identified as a Special Project in the March 15, 2013 report? If yes, include the project in both the C.3.b.v.(1) Table, and the C.3.e.vi. Table.		Yes	N	No

If you answered "Yes" to either question,

- Complete Table C.3.e.vi . below.
- Attach narrative discussion of 100% LID Feasibility or Infeasibility for each project.

C.3.h.iv. ► Installed Stormwater Treatment Systems Operation and Maintenance Verification Inspection Program Reporting

(1) Fill in attached table **C.3.h.iv.(1)** or attach your own table including the same information.
(2) On an annual basis, provide a discussion of the inspection findings for the year and any common problems encountered with various types of treatment systems and/or HM controls. This discussion should include a general comparison to the inspection findings from the previous year.
Summary: For 2012-13 reporting period, City inspected 5 regulated sites for compliance with the MRP, O & M requirements. All BMPs were in place and well maintained. No issues were detected with the Structural BMPs. Vegetated swales and landscape buffers were clean and well

maintained.						
(3) On an annual basis, provide a discussion of the effectiveness of the O&M Program and any proposed changes to improve the O&M Program (e.g., changes in prioritization plan or frequency of O&M inspections, other changes to improve effectiveness program).						
Summary: No major changes are recommended. City is planning to mail-out letters prior to rainy season as reminder to the owners/operators of treatment BMPs for maintenance responsibilities and annual inspections.						
(4) During the reporting year, did your agency:						
• Inspect all newly installed stormwater treatment systems and HM controls within 45 days of installation?	Y	**Yes**		**No**		**Not applicable. None were installed.**
• Inspect at least 20 percent of the total number of installed stormwater treatment systems or HM controls?[3]	Y	**Yes**		**No**		**Not applicable. No treatment measures**
• Inspect at least 20 percent of the total number of installed vault-based systems?	Y	**Yes**		**No**		**Not applicable. No vault systems.**
If you answered "No" to any of the questions above, please explain:						

C.3.i. ►Required Site Design Measures for Small Projects and Detached Single Family Home Projects

On an annual basis, discuss the implementation of the requirements of Provision C.3.i, including ordinance revisions, permit conditions, development of standard specifications and/or guidance materials, and staff training.
• Summary: BASMAA prepared standard specifications in four fact sheets regarding the site design measures listed in Provision C.3.i, as a resource for Co-permittees. We have modified procedures and forms/checklists to require all applicable projects approved after December 1, 2012 to implement at least one of the site design measures listed in Provision C.3.i.

[3] If there is only 1 treatment measure in the jurisdiction, the agency must inspect it every year.

C.3.b.v.(1) ► Regulated Projects Reporting Table (part 1) – Projects Approved During the Fiscal Year Reporting Period

Project Name Project No.	Project Location[10], Street Address	Name of Developer	Project Phase No.[11]	Project Type & Description[12]	Project Watershed[13]	Total Site Area (Acres)	Total Area of Land Disturbed (Acres)	Total New Impervious Surface Area (ft^2)[14]	Total Replaced Impervious Surface Area (ft^2)[15]	Total Pre-Project Impervious Surface Area[16] (ft^2)	Total Post-Project Impervious Surface Area[17] (ft^2)
Private Projects											
Braddock & Logan Subdivision – Orchid PJ2812	31 S. Milpitas Boulevard – Milpitas Blvd. between Los Coches Sr. and Calaveras Bl.	D.R.Horton	1 of 1 Demolition & rough grading.	80 Single Family Residential	Coyote	11.4	9.4	23,422	241,402	393,342	264,824

Public Projects – None to report this fiscal year.											
Comments:											

[10] Include cross streets
[11] If a project is being constructed in phases, indicate the phase number and use a separate row entry for each phase. If not, enter "NA".
[12] Project Type is the type of development (i.e., new and/or redevelopment). Example descriptions of development are: 5-story office building, residential with 160 single-family homes with five 4-story buildings to contain 200 condominiums, 100 unit 2-story shopping mall, mixed use retail and residential development (apartments), industrial warehouse.
[13] State the watershed(s) in which the Regulated Project is located. Downstream watershed(s) may be included, but this is optional.
[14] All impervious surfaces added to any area of the site that was previously existing pervious surface.
[15] All impervious surfaces added to any area of the site that was previously existing impervious surface.
[16] For redevelopment projects, state the pre-project impervious surface area.
[17] For redevelopment projects, state the post-project impervious surface area.

C.3.b.v.(1) ► Regulated Projects Reporting Table (part 2) – Projects Approved During the Fiscal Year Reporting Period (private projects)

Project Name Project No.	Application Deemed Complete Date[18]	Application Final Approval Date[19]	Source Control Measures[20]	Site Design Measures[21]	Treatment Systems Approved[22]	Type of Operation & Maintenance Responsibility Mechanism[23]	Hydraulic Sizing Criteria[24]	Alternative Compliance Measures[25/26]	Alternative Certification[27]	HM Controls[28/29]
Private Projects										
Bradock & Logan Subdivision – Orchid PJ2812	1/24/2013	Final approval date will be granted at the time of Building permit issuance.	Beneficial Landscaping-minimize irrigation, runoff, pesticides, and fertilizer. Maintenance-pavement sweeping, catch basin cleaning, and good house keeping. Storm Darin labeling.	Land use pattern to limit the amount of directly connected impervious areas, clusters building/ pavement areas, and runoff reduction to the extend possible.	Bio-retention basin, and infiltration area.	Property O&M agreement will be required, and recorded.	2b (flow based criteria is used to design the BMPs)	NA	Third party review and certification of the SWC plan will be required prior to final approval.	This project does not fall under the HMP applicability map.
Heaton Subdivision –	5/7/2013	Final approval date will be	Beneficial Landscaping-	Land use pattern to	Use of bio retention,	Property O&M agreement will be	2b (flow based criteria is used to	NA	Third party review and	This project does not fall

[18] For private projects, state project application deemed complete date. If the project did not go through discretionary review, report the building permit issuance date.
[19] For private projects, state project application final discretionary approval date. If the project did not go through discretionary review, report the building permit issuance date.
[20] List source control measures approved for the project. Examples include: properly designed trash storage areas; storm drain stenciling or signage; efficient landscape irrigation systems; etc.
[21] List site design measures approved for the project. Examples include: minimize impervious surfaces; conserve natural areas, including existing trees or other vegetation, and soils; construct sidewalks, walkways, and/or patios with permeable surfaces, etc.
[22] List all approved stormwater treatment system(s) to be installed onsite or at a joint stormwater treatment facility (e.g., flow through planter, bioretention facility, infiltration basin, etc.).
[23] List the legal mechanism(s) (e.g., O&M agreement with private landowner; O&M agreement with homeowners' association; O&M by public entity, etc...) that have been or will be used to assign responsibility for the maintenance of the post-construction stormwater treatment systems.
[24] See Provision C.3.d.i. "Numeric Sizing Criteria for Stormwater Treatment Systems" for list of hydraulic sizing design criteria. Enter the corresponding provision number of the appropriate criterion (i.e., 1.a., 1.b., 2.a., 2.b., 2.c., or 3).
[25] For Alternative Compliance at an offsite location in accordance with Provision C.3.e.i.(1), on a separate page, give a discussion of the alternative compliance site including the information specified in Provision C.3.b.v.(1)(m)(i) for the offsite project.
[26] For Alternative Compliance by paying in-lieu fees in accordance with Provision C.3.e.i.(2), on a separate page, provide the information specified in Provision C.3.b.v.(1)(m)(ii) for the Regional Project.
[27] Note whether a third party was used to certify the project design complies with Provision C.3.d.
[28] If HM control is not required, state why not.
[29] If HM control is required, state control method used (e.g., method to design and size device(s) or method(s) used to meet the HM Standard, and description of device(s) or method(s) used, such as detention basin(s), biodetention unit(s), regional detention basin, or in-stream control).

C.3.b.v.(1) ▶ Regulated Projects Reporting Table (part 2) – Projects Approved During the Fiscal Year Reporting Period (private projects)

Project Name Project No.	Application Deemed Complete Date[18]	Application Final Approval Date[19]	Source Control Measures[20]	Site Design Measures[21]	Treatment Systems Approved[22]	Type of Operation & Maintenance Responsibility Mechanism[23]	Hydraulic Sizing Criteria[24]	Alternative Compliance Measures[25/26]	Alternative Certification[27]	HM Controls[28/29]
Milpitas/Los Coches PJ2792		granted at the time of Building permit issuance.	minimize irrigation, runoff, pesticides, and fertilizer. Maintenance-pavement sweeping, catch basin cleaning, and good house keeping. Storm Darin labeling. No use of copper or other unprotected metals. No direct connection to inlets without treatment.	not allow directly connected impervious areas, clusters building/ pavement areas, and runoff reduction to the extend possible. Use of landscape courtyards with flow treatment planters.	devices.				Stormwater Control Plan was preliminary submittal and the project may very well be categorized under Special Projects. This project is within the Transit Area Special Plan with high density area (80 units per area).	
Comments:										

C.3.b.v.(1) ▶ Regulated Projects Reporting Table (part 2) – Projects Approved During the Fiscal Year Reporting Period (public projects)										
Project Name Project No.	Approval Date[30]	Date Construction Scheduled to Begin	Source Control Measures[31]	Site Design Measures[32]	Treatment Systems Approved[33]	Operation & Maintenance Responsibility Mechanism[34]	Hydraulic Sizing Criteria[35]	Alternative Compliance Measures[36/37]	Alternative Certification[38]	HM Controls[39/40]
Public Projects – None to report this FY 12-13.										
Comments:										

[30] For public projects, enter the plans and specifications approval date.
[31] List source control measures approved for the project. Examples include: properly designed trash storage areas; storm drain stenciling or signage; efficient landscape irrigation systems; etc.
[32] List site design measures approved for the project. Examples include: minimize impervious surfaces; conserve natural areas, including existing trees or other vegetation, and soils; construct sidewalks, walkways, and/or patios with permeable surfaces, etc.
[33] List all approved stormwater treatment system(s) to be installed onsite or at a joint stormwater treatment facility (e.g., flow through planter, bioretention facility, infiltration basin, etc.).
[34] List the legal mechanism(s) (e.g., maintenance plan for O&M by public entity, etc...) that have been or will be used to assign responsibility for the maintenance of the post-construction stormwater treatment systems.
[35] See Provision C.3.d.i. "Numeric Sizing Criteria for Stormwater Treatment Systems" for list of hydraulic sizing design criteria. Enter the corresponding provision number of the appropriate criterion (i.e., 1.a., 1.b., 2.a., 2.b., 2.c., or 3).
[36] For Alternative Compliance at an offsite location in accordance with Provision C.3.e.i.(1), on a separate page, give a discussion of the alternative compliance site including the information specified in Provision C.3.b.v.(1)(m)(i) for the offsite project.
[37] For Alternative Compliance by paying in-lieu fees in accordance with Provision C.3.e.i.(2), on a separate page, provide the information specified in Provision C.3.b.v.(1)(m)(ii) for the Regional Project.
[38] Note whether a third party was used to certify the project design complies with Provision C.3.d.
[39] If HM control is not required, state why not.
[40] If HM control is required, state control method used (e.g., method to design and size device(s) or method(s) used to meet the HM Standard, and description of device(s) or method(s) used, such as detention basin(s), biodetention unit(s), regional detention basin, or in-stream control).

C.3.h.iv. ►Table of Installed Stormwater Treatment Systems Operation and Maintenance Verification Inspection Program Reporting

Fill in table below or attach your own table including the same information.

Name of Facility/Site Inspected	Address of Facility/Site Inspected	Newly Installed? (YES/NO)[41]	Party Responsible[42] For Maintenance	Date of Inspection	Type of Inspection[43]	Type of Treatment/HM Control(s) Inspected[44]	Inspection Findings or Results[45]	Enforcement Action Taken[46]	Comments/Follow -up
76 Gas Station	190 W. Calaveras Boulevard – Southeast corner of Serra/Calaveras	Yes	Owner Manager – Gawfco Enterprise	6/14/2013	45 Days – Initial Acceptance	Vegetated Swale, vegetated buffer, and media filter	All BMPs are properly installed, operating and well maintained	None	
Robson Homes – Sun Drop Subdivision	905 Los Coches Street – Los Coches East of Hillview Dr	Yes	Sun Drop Subdivision HOA	6/14/2013	45 Days – Initial Acceptance	Vegetated Swale, Planter Boxes/areas, and a pumping well to pump the first flush to the top of the swale area	All BMPs are properly installed, operating and well maintained	None	
Humane Society	901 Ames Ave – East of Milpitas Bl	No	Property owner	6/7/2013	Routine inspection	Vegetated Swale, vegetated buffer, and Bio-retention	All BMPs operating properly and are well maintained	None	
Paragon Condominium	1696 S. Main Street – Northeast corner of Main Street and Montague Exp	No	Property owner	6/14/2013	Routine inspection	Vortex separator	Both structural devices are operating properly and are well maintained	None	
Centria East Condominium	1101 S. Main Street	No	Property owner	6/7/2013	Routine inspection	Vegetated Swale, vegetated buffer, bio-retention area and Vortex separator	No issue with the structural BMP. Well maintained landscape areas. Noticed a bit of erosion due to the construction work on the Centria West project.	None taken at this time. Will do a follow up with Centria West project acceptance.	Will do a follow up with Centria West project acceptance.

[41] Indicate "YES" if the facility was installed within the reporting period, or "NO" if installed during a previous fiscal year.
[42] State the responsible operator for installed stormwater treatment systems and HM controls.
[43] State the type of inspection (e.g., 45-day, routine or scheduled, follow-up, etc.).
[44] State the type(s) of treatment systems inspected (e.g., bioretention facility, flow-through planter, infiltration basin, etc...) and the type(s) of HM controls inspected, and indicate whether the treatment system is an onsite, joint, or offsite system.
[45] State the inspection findings or results (e.g., proper installation, improper installation, proper O&M, immediate maintenance needed, etc.).
[46] State the enforcement action(s) taken, if any.

C.3.e.vi Special Projects Reporting Table

Reporting Period – January 1 – June 30, 2013 – None to report

Project Name & No.	Permittee	Address	Application Submittal Date[47]	Status[48]	Description[49]	Site Total Acreage	Density DU/Acre	Density FAR	Special Project Category[50]	LID Treatment Reduction Credit Available[51]	List of LID Stormwater Treatment Systems[52]	List of Non-LID Stormwater Treatment Systems[53]

[47] Date that a planning application for the Special Project was submitted.
[48] Indicate whether final discretionary approval is still pending or has been granted, and provide the date or version of the project plans upon which reporting is based.
[49] Type of project (commercial, mixed-use, residential), number of floors, number of units, type of parking, and other relevant information.
[50] For each applicable Special Project Category, list the specific criteria applied to determine applicability. For each non-applicable Special Project Category, indicate n/a.
[51] For each applicable Special Project Category, state the maximum total LID Treatment Reduction Credit available. For Category C Special Projects also list the individual Location, Density, and Minimized Surface Parking Credits available.
[52]: List all LID stormwater treatment systems proposed. For each type, indicate the percentage of the total amount of runoff identified in Provision C.3.d. for the Special Project's drainage area.
[53] List all non-LID stormwater treatment systems proposed. For each type of non-LID treatment system, indicate: (1) the percentage of the total amount of runoff identified in Provision C.3.d. for the Special Project's drainage area, and (2) whether the treatment system either meets minimum design criteria published by a government agency or received certification issued by a government agency, and reference the applicable criteria or certification.

Section 4 – Provision C.4 Industrial and Commercial Site Controls

Program Highlights

Provide background information, highlights, trends, etc.

The Businesses plan was updated based on review of businesses licenses database, utility engineering database and field observations. This year City inspected 107 commercial & industrial businesses of these, four found to be vacant sites and one building was demolished (to be replaced by a residential building). One site had a minor violation, was re-inspected and was corrected in a timely manner. Educational material was delivered during inspections.

C.4.b.i. ► Business Inspection Plan

Do you have a Business Inspection Plan?	Y	Yes		No

If No, explain:

C.4.b.iii.(1) ► Potential Facilities List

List below or attach your list of industrial and commercial facilities in your Inspection Plan to inspect that could reasonably be considered to cause or contribute to pollution of stormwater runoff.

A list of facilities was developed in October 2011 as part of the Inspection Plan and updated based on set criteria in our Business Inspection Plan. This list is as shown in an Appendix A.

C.4.b.iii.(2) ► Facilities Scheduled for Inspection

List below or attach your list of facilities scheduled for inspection during the current fiscal year.

Firm Name	Firm Address
ALS Auto Service	61 Minnis Cir
M&S Collision	107 Minnis Cir
Elite Mercedes	125 Minnis Cir

C.4.c.iii.(1) ► Facility Inspections

Fill out the following table or attach a summary of the following information. Indicate your violation reporting methodology below.

	Permittee reports multiple discrete violations on a site as one violation.
Y	Permittee reports the total number of discrete violations on each site.

	Number	Percent
Number of businesses inspected	107	
Total number of inspections conducted	108	
Number of violations (excluding verbal warnings)	0	
Sites inspected in violation	1	100
Violations resolved within 10 working days or otherwise deemed resolved in a longer but still timely manner	1	100
Comments: Violation site was re-visited within 10 days and was found to be in compliance.		

C.4.c.iii.(2) ► Frequency and Types/Categories of Violations Observed

Fill out the following table or attach a summary of the following information.

Type/Category of Violations Observed	Number of Violations
Actual discharge (e.g. active non-stormwater discharge or clear evidence of a recent discharge)	0
Potential discharge and other	0

C.4.c.iii.(2) ►Frequency and Type of Enforcement Conducted

Fill out the following table or attach a summary of the following information.

	Enforcement Action (as listed in ERP)[48]	Number of Enforcement Actions Taken	% of Enforcement Actions Taken[49]
Level 1	Verbal	1	100
Level 2		0	0
Level 3		0	0
Level 4		0	0
Total		1	100

C.4.c.iii.(3) ►Types of Violations Noted by Business Category

Fill out the following table or attach a summary of the following information.

Business Category[50]	Number of Actual Discharge Violations	Number of Potential/Other Discharge Violations
Food services	0	0
Electronic Manufacturing	0	0
Misc. Manufacturing	0	0
Paper & Allied Products	0	0
Fabricated Metal Products	0	0
Instruments & Related Products	0	0
Transportation	0	0
Others (Auto shop)	0	1

C.4.c.iii.(4) ►Non-Filers

List below or attach a list of the facilities required to have coverage under the Industrial General Permit but have not filed for coverage:

City compared the list of the facilities which have active NOIs filed with the State under the Industrial General Permit with the City's Business

[48] Agencies to list specific enforcement actions as defined in their ERPs.
[49] Percentage calculated as number of each type of enforcement action divided by the total number of enforcement actions.
[50] List your Program's standard business categories.

Licenses and Sewer Discharge Permits and found the following business are required to file an NOI; however, an NOI could not be located for these businesses on the State list of NOI filers. The City uses thus Annual Report as a mechanism to report these businesses to the State as no-compliers.

Company Name	Address	SIC Code	Type of Business
E2v Aerospace & Defense	765 Sycamore Dr	3559	Manufacturing
VLSI Standards Inc	5 Technology Dr	3674	Manufacturing
NBS Design Incorporated	1940 Milmont Dr	3679	Manufacturing
Engenuity Systems Inc	1677 S. Main St	3999	Manufacturing

C.4.d.iii ► Staff Training Summary

Training Name	Training Dates	Topics Covered	No. of Inspectors in Attendance	Percent of Inspectors in Attendance
Industrial and commercial Inspection Stormwater Training	June 10, 2013	How to inspect industrial and commercial businesses for stormwater issues.	6 – Marilyn Nickel, James Levers, Julie Waldron, Nerry Fernandez, Paramjit Uppal and Jeff Moneda	100
Industrial and commercial Inspection Stormwater Training	June 27, 2013	How to inspect industrial and commercial businesses for stormwater issues.	1 – LaDondi Ceaser	100

Section 5 – Provision C.5 Illicit Discharge Detection and Elimination

Program Highlights

Provide background information, highlights, trends, etc.

Fire Department tracks illicit discharges that it responds to in a records management database.. Complaints and referrals received by the Fire Department for illicit discharges are tracked in a separate database.

The Fire Department's suppression personnel respond to illicit discharges that are reported via 911. The Fire Department's prevention personnel respond to referrals and complaints. All reported discharges are responded to and investigated. All responses and investigations are tracked in the Fire Department's database.

C.5.c.iii ►Complaint and Spill Response Phone Number and Spill Contact List

List below or attach your complaint and spill response phone number and spill contact list.

Contact	Description	Phone Number
Fire and Police dispatch Fire 911	Emergency and Non-emergency fire and police	408-586-2400

C.5.d.iii ►Evaluation of Mobile Business Program

Describe implementation of minimum standards and BMPs for mobile businesses and your enforcement strategy. This may include participation in the BASMAA Mobile Surface Cleaners regional program or local activities.

Description: BMPs are provided to mobile businesses involved with illicit discharges. The Fire Department responds to complaints and referrals of illicit discharge into the storm drain system and creeks. BMP literature is provided, as appropriate, to the responsible parties. Written notices of violations are issued, as appropriate..

C.5.e.iii ►Evaluation of Collection System Screening Program

Provide a summary or attach a summary of your collection screening program, a summary of problems found during collection system screening and any changes to the screening program this FY.

Description: The City of Milpitas has a collection screening program to inspect its outfalls. City's Public Works crew inspected 38 outfalls in this FY. From these outfalls, City has identified 15 sampling points for the sampling program. These sites were sampled as required by the permit and no illicit connection or discharge was observed.

The MS4 map of the City's storm drain system (24 inches in diameter and larger) was provided to the Program and is linked to the Oakland Museum Creek and Watershed Maps. The Fire Department responds to active discharges into the storm drain. If an illicit connection is found, it is reported to the Utility Engineering Division for follow-up action.

C.5.f.iii.(1), (2), (3) ►Spill and Discharge Complaint Tracking

Spill and Discharge Complaint Tracking (fill out the following table or include an attachment of the following information)

	Number	Percentage
Discharges reported (C.5.f.iii.(1))	16	
Discharges reaching storm drains and/or receiving waters (C.5.f.iii.(2))	5	31
Discharges resolved in a timely manner (C.5.f.iii.(3))	16	100

Comments: The majority of the complaints and incidences were vehicle leaks. Detailed reports for the complaints are available upon request. The Fire
Department responds to active illicit discharges. These responses are tracked in a computerized incident records management system.

Of the 5 reported incidences under C.5.f.iii(2) above, 4 involved confirmed discharge into the storm drain. However, all the discharges were contained within the on-site private storm drain systems at each address. No discharges reached a receiving water system.

The fifth incident involved a material reported in a creek. However, upon the Fire Department's arrival, the substance could not be located. It could not be determined if the substance in the water was pollen or a non-naturally occurring substance.

C.5.f.iii.(4) ►Summary of major types of discharges and complaints

Provide a narrative or attach a table and/or graph.

The majority of the discharge responses were for vehicle fluids from leaking vehicles, vehicle accidents, equipment maintenance and inappropriate handling and disposal.

Section 6 – Provision C.6 Construction Site Controls

C.6.e.iii.1.a, b, c ►Site/Inspection Totals

Number of High Priority Sites (sites disturbing < 1 acre of soil requiring storm water runoff quality inspection) (C.6.e.iii.1.a)	Number of sites disturbing ≥ 1 acre of soil (C.6.e.iii.1.b)	Total number of storm water runoff quality inspections conducted (include only High Priority Site and sites disturbing 1 acre or more) (C.6.e.iii.1.c)
1	24	188 Inspections on High Priority Sites Total 319 Inspections on all sites
Comments:		

C.6.e.iii.1.d ►Construction Activities Storm Water Violations

BMP Category	Number of Violations[51] excluding Verbal Warnings	% of Total Violations[52]
Erosion Control	4 *	6.78
Run-on and Run-off Control	0 *	0.00
Sediment Control	35 *	59.32
Active Treatment Systems	0 *	0.00
Good Site Management	18 *	30.51
Non Stormwater Management	2 *	3.39
Total[53]	**59**	**100%**

* The number of violations include both high priority and non-high priority sites.

[51] Count one violation in a category for each site and inspection regardless of how many violations/problems occurred in the BMP category. For example, if during one inspection at a site, there are 2 erosion control violations, only 1 violation would be counted for this table.

[52] Percentage calculated as number of violations in each category divided by total number of violations in all six categories.

[53] The total number of violations may count more than one violation per inspection, since some inspections may result in violations in more than one category. For example, during one inspection of a site, there may have been both an erosion control violation and a sediment control violation. For this reason, the total number of violations in this table may not match the total number of enforcement actions reported in Table C6.e.iii.1.e.

C.6.e.iii.1.e ►Construction Related Storm Water Enforcement Actions

	Enforcement Action (as listed in ERP)[54]	Number Enforcement Actions Issued	% Enforcement Actions Issued[55]
No Action	SWPPP in full compliance	260	81.50
Level 1[56]		56	17.55
Level 2		2	0.63
Level 3		1	0.31
Level 4		0	0.00
Total		**319**	**100%**

C.6.e.iii.1.f, g ►Illicit Discharges

	Number
Number of illicit discharges, actual and those inferred through evidence at high priority sites and sites that disturb 1 acre or more of land (C.6.e.iii.1.f)	1
Number of sites with discharges, actual and those inferred through evidence at high priority sites and sites that disturb 1 acre or more of land (C.6.e.iii.1.g)	1

[54] Agencies should list the specific enforcement actions as defined in their ERPs.
[55] Percentage calculated as number of each type of enforcement action divided by the total number of enforcement actions.
[56] For example, Enforcement Level 1 may be Verbal Warning.

C.6.e.iii.1.h, i ▶ Violation Correction Times

	Number	Percent
Violations (excluding verbal warnings) fully corrected within 10 business days after violations are discovered or otherwise considered corrected in a timely period (C.6.e.iii.1.h)	3	%[57]
Violations (excluding verbal warnings) not fully corrected within 30 days after violations are discovered (C.6.e.iii.1.i)	0	%[58]
Total number of violations (excluding verbal warnings) for the reporting year[59]	3	100%
Comments:		

C.6.e.iii.(2) ▶ Evaluation of Inspection Data

Describe your evaluation of the tracking data and data summaries and provide information on the evaluation results (e.g., data trends, typical BMP performance issues, comparisons to previous years, etc.).

Description: The City follows our ERP, which was revised on April 1, 2010. We use our computerized Inspection Program to track SWPPP inspections and results.

C.6.e.iii.(2) ▶ Evaluation of Inspection Program Effectiveness

Describe what appear to be your program's strengths and weaknesses, and identify needed improvements, including education and outreach.

Description: We have modified our Inspection Database to improve information tracking. We provide a notice to all projects in the fall reminding them to confirm BMPs are in place.

C.6.f ▶ Staff Training Summary

Training Name	Training Dates	Topics Covered	No. of Inspectors in Attendance	Percent of Inspectors in Attendance
Review of inspections procedure, enforcement regulations and report writing,	Monthly staff meeting	Staff is trained during a staff meeting on a monthly basis. The meeting consist of reviewing BMP's, review of report writing, discuss issues with compliance in the field, make site visits to ensure consistency in	Poh Yee, Mike Mariano, Rob Lehman, Dan Bui, Dario Celevante,	100%

[57] Calculated as number of violations fully corrected in a timely period after the violations are discovered divided by the total number of violations for the reporting year.
[58] Calculated as number of violations not fully corrected within 30 days after the violations are discovered divided by the total number of violations for the reporting year.
[59] The total number of violations reported in the table of Violation Correction Times equals the number of initial enforcement actions. I.e., This assumes one violation is issued for several problems during an inspection at a site. The total number of violations in the table of Violation Correction Times may not equal the total number of enforcement actions because one violation issued at a site may have a second enforcement action for the same violation at the next inspection if it is not corrected.

		enforcement of regulations. All staff are trained in house on an ongoing basis.	Lorin Preston, Sergi Caldera, Gerardo Amador, Chris Gambelin, Jim Dutton, Robert Queirolo.	

Section 7 – Provision C.7. Public Information and Outreach

C.7.a ►Storm Drain Inlet Marking (existing storm drains)

(For FY 12-13 Annual Report only) Report prior years' estimated annual percentages of municipality maintained storm drain inlet markings inspected and maintained as legible with a no dumping message or equivalent. At least 80% of municipality-maintained storm drain inlet markings shall be inspected and maintained at least once per 5-year permit term.

Summary:

2009-10: 100%

2010-11: 100%

2011-12: 100%

2012-13: 35%

C.7.a ►Storm Drain Inlet Marking (newly-constructed, privately-maintained streets)

(For FY 12-13 Annual Report only) Report prior years' annual number of projects accepted after inlet markings were verified. For newly-approved, privately-maintained streets, permittees shall require inlet marking by the project developer upon construction and maintenance of markings through the development maintenance entity. Markings shall be verified prior to acceptance of the project.

Summary: City did not complete any new projects in 2009, 2010, 2011 due to the economic down turn. City had 1 project, Cerano, in 2012 where storm drains were constructed and marked. Several new projects are anticipated in the future.

2009-10: none to report

2010-11: none to report

2011-12: none to report

2012-13: 1 project, Cerano Fairfield Residential

C.7.b.ii.1 ►Advertising Campaign

Summarize advertising efforts. Include details such as messages, creative developed, and outreach media used. The detailed advertising report may be included as an attachment. If advertising is being done by participation in a countywide or regional program, refer to the separate countywide or regional Annual Report.

Summary

The following separate reports developed by SCVURPPP and BASMAA summarize advertising efforts conducted during FY 12-13:

- FY 12-13 Watershed Watch Campaign Annual Campaign Report
- FY 12-13 Watershed Watch Partner Report

- FY 12-13 Watershed Watch Web Statistics Report
- BASMAA Be the Street Campaign Report

These reports are included within the C.7 Public Information and Outreach section of Program's FY 12-13 Annual Report.

The following advertisements were placed by the City of Milpitas to supplement regional campaigns:

- Milpitas Post Welcome Guide , Jan. – Dec. 2013 "Think Blue & Green in 2013" Back cover ad with one-third devoted to anti-litter message and ideas to prevent litter; Home delivery to 19,000 single & multi-family households; 2,000 to advertising businesses.
- 2013 Milpitas Post Calendar, Jan. – Dec. 2013, Back cover ad with one-fourth devoted to "Clean Creeks, Clean Cars" message; Home delivery to 19,000 single & multi-family households; 2,000 to advertising businesses.
- Milpitas Post Online advertising, "Litter – It's Just Not Natural" July 1 – 31, 2012: Image showing trash in creek w/ anti-litter message and ideas to prevent litter; 564 hits to link to City website page with info; 253 bag requests (for residents only).
- City website banner and KMLP-15 billboard, July 1 – 31 for web banner; ongoing for KMLP-15: Image showing trash in creek w/ anti-litter message and ideas to prevent litter; Count for bag requests combined with online advertising.
- "Maintenance Tips for Pools, Spas and Fountains," printed factsheet and posted at Utility Billing payment counter, August 1 – ongoing. Maintenance and draining tips; avoiding copper discharges to Stormwater system; Unknown amount distributed at public counter. 2 – 3 calls for info per year.
- Green Gardener Landscape Classes: Reprint flyer and mail to landscapers with business license to promote Fall 2012 Workshop offered by Program to reduce pesticide use; 22 landscapers / businesses.
- Pollution Prevention Week (9/17-23/12) Door hanger: door-to-door distribution 9/04/12; *Side 1* – P2Week Messages & Events: Resource Fair & Creek Cleanups on Sept. 17. *Side 2* – Litter awareness message with offer to receive free reusable shopping bag. 18,000 households; 684 bag requests.
- Pollution Prevention Week Print Advertising, Milpitas Post placements Aug. 31, Sept. 7 & 14. P2Week Messages & Events, Resource Fair & Creek Cleanups on Sept. 17. Litter awareness / event participation message. 18,000 households; 2,000 businesses.
- Pollution Prevention Week Online Advertising, Sept. 1 – Sept. 16. P2Week Messages & Events: Resource Fair & Creek Cleanups on Sept. 17. Litter awareness message with offer to receive free reusable shopping bag. 1,341 hits to link to City website page with event info; Count for bag requests combined with door hanger distribution.
- Pollution Prevention Week PSAs: City website, KMLP-TV, August 24 – Sept. 16, P2Week Messages & Events: Resource Fair & Creek Cleanups on Sept. 17. Litter awareness message with offer to receive free reusable shopping bag. Unknown; Count for bag requests combined with door hanger distribution.
- "Clean Creeks, Clean Cars" Web Banner on Milpitas Post Online and City websites, Sept. 16 – 30, 2012; May 4 – 31, 2013. Showing proper car washing method and link to Watershed Watch website for more info. 142 hits as of Sept. 30 and 171 hits as of May 31, both with links to http://mywatershedwatch.org/carwash.html
- Household Hazardous Waste June 29 Event Door hanger: door-to-door distribution 6/17/13; *Side 1* – HHW event date and appointment info; household image showing HHW locations. *Side 2* – "No Dumping" image with messages and referrals for local motor oil, anti-freeze, oil filters, CFLs, HH batteries, car batteries. 18,000 households; 306 Milpitas residents attended event.
- HHW June 29 Event Print Advertising, Milpitas Post placements June 7, 14, 21. HHW event date and appointment info; household image showing HHW locations. 18,000 households; 2,000 businesses.

- HHW June 29 Event Online Advertising, June 1 – 28. HHW awareness / event participation message; temporary link to City website. 1,784 hits to link to City website page with event info.
- HHW June 29 Event: PSAs: City website, KMLP-TV, June 1 – 28. HHW awareness / event participation message; temporary link to City website. 1,784 hits to link to City website page with event info.

C.7.b.iii.1 ►Pre-Campaign Survey

(For the Annual Report following the pre-campaign survey) Summarize survey information such as sample size, type of survey (telephone survey, interviews etc.). Attach a survey report that includes the following information. If survey was done regionally, refer to a regional submittal that contains the following information:

Guidance: Use the following text: "Information on the pre-campaign survey for the BASMAA Regional Youth Litter Campaign was provided in the FY 11-12 Annual Report."

Place an **X** in the appropriate box below:

	Survey report attached
Y	Reference to regional submittal:

C.7.c ►Media Relations

Summarize the media relations effort. Include the following details for each media pitch in the space below, AND/OR refer to a regional report that includes these details:

- Topic and content of pitch
- Medium (TV, radio, print, online)
- Date of publication/broadcast

Summary:

Refer to C.7 Public Information and Outreach section of the Program's FY 12-13 Annual Report for the BASMAA and any other media efforts.

C.7.d ►Stormwater Point of Contact

Summary of any changes made during FY 12-13: Kathleen Phalen retired in May and Jeff Moneda took over in May 2013.

C.7.e ► Public Outreach Events

Describe general approach to event selection. Provide a list of outreach materials and giveaways distributed.
Use the following table for reporting and evaluating public outreach events

Event Details	**Description** (messages, audience)	Evaluation of Effectiveness
The City of Milpitas provided event promotions and / or staff to conduct the following four public outreach events:		
Movie Night Out, July 12, Senior Center. Local.	Community movie presentation; families with young children; URO pollution prevention, pest alternatives, plants and landscape water conservation.	Good attendance of families with children for a local event. Most attendees were interested in the info table as it is placed at the entrance to the auditorium. Overall attendance – 150; Visiting table to talk with staff – 110; reusable shopping bags distributed – 110.
Movie Night Out, July 26, Senior Center. Local.	Community movie presentation; families with young children; URO pollution prevention, pest alternatives, plants and landscape water conservation.	Good attendance of families with children for a local event. Less attendees interested in the info table as they had already seen the table at previous Movie Nights. Overall attendance – 160; Visiting table to talk with staff – 68; reusable shopping bags distributed – 68.
Movie Night Out, August 9, Senior Center. Local.	Community movie presentation; families with young children; URO pollution prevention, pest alternatives, plants and landscape water conservation.	Good attendance of families with children for a local event. Less attendees interested in the info table as they had already seen the table at previous Movie Nights. Overall attendance – 175; Visiting table to talk with staff – 83; reusable shopping bags distributed – 83.
Movie Night Out, June 27, Senior Center. Local.	Community movie presentation; families with young children; URO pollution prevention, pest alternatives, plants and landscape water conservation.	Good attendance of families with children for a local event. Most attendees were interested in the info table as it is placed at the entrance if the auditorium. Overall attendance – 90; Visiting table to talk with staff – 60; reusable shopping bags distributed – 56.

Program staff, the Watershed Watch consultant, and Co-permittees staffed eleven outreach events in FY 12-13. Events were selected based upon target audience and attendance. Materials distributed at the events included the following: Less Toxic Pest Management fact sheets, "10 Most Wanted Backyard Bugs" brochures, "Don't Plant a Pest" brochure, "You are the Solution to Water Pollution" brochures, "Clean Cars & Clean Creeks" brochure, "Mercury in Fish" brochure, and giveaways (e.g. flyswatters, OWOW magnets, notepads, and temporary tattoos). The flyswatters have the Watershed Watch website and hotline number and the words "The Original Earth-Friendly Pest Control" printed on them. The Campaign also continued using QR codes ("Quick Response" codes) in printed materials. These codes have URLs embedded in them and when scanned with smart phones direct users to specific web pages. This was targeted at people that are reluctant to collect paper materials and only

want to look up information online. The beanbag game for children was used at most of the events. Event staff distributed approximately 4,000 outreach materials.

Name: Pumpkins in the Park Date: October 13, 2012 Location: Guadalupe River Park/Discovery Meadow, San Jose Region: Countywide	Type of Event: Community fair Audience: Families with children Messages: Stormwater pollution prevention, less-toxic pest control, and proper disposal of HHW.	General Feedback: Good attendance with lots of children and families. This is a great event for educating families with small children. The Bean Bag game was very popular with the kids. Estimated Overall Event Attendance: 13,000-15,000 Number of Brochures/Flyers Distributed: 284 Number of Giveaways Distributed: 491 Number of Watershed Watch Discount Cards Distributed: 103 Number of kids that played the bean bag game: 360
Name: Haunt the Hollow Date: October 28, 2012 Location: Happy Hollow Park & Zoo at Kelley Park, San Jose Region: Countywide	Type of Event: Halloween Event Audience: Families with children Messages: Stormwater pollution prevention and proper disposal of HHW	General Feedback: The event is small but well attended. Event organizers encouraged attendees to participate in activities at each booth. As a result a lot of children stopped by the booth and played the beanbag game. Estimated Overall Event Attendance: 3,800 Number of Brochures/Flyers Distributed: 43 Number of Giveaways Distributed: 617 Number of Watershed Watch Discount Cards Distributed: 156 Number of kids that played the bean bag game: 524
Name: Water Day at History San Jose Date: March 23, 2013 Location: History Park San Jose Region: Countywide	Type of Event: World Water Day Celebration Audience: Families with children Messages: Stormwater pollution prevention, less-toxic pest control, and proper disposal of HHW.	General Feedback: The event was held for the first time this year and attendance was low. The event was publicized as a park clean up event and did not include many outreach booths. The Program will probably not attend this event next year. Estimated Overall Event Attendance: 100 - 150 Number of Brochures/Flyers Distributed: 51 Number of Giveaways Distributed: 60 Number of Watershed Watch Discount Cards Distributed: 17 Number of kids that played the bean bag

		game: 43
Name: Mission College Eco Fair Date: April 18, 2013 Location: Mission College Campus, Santa Clara Region: Citywide	Type of Event: BE the Street College event Audience: Young adults, students Messages: Litter Prevention	General Feedback: The event was well organized and a good place to reach young adults. The BASMAA Be the Street photo booth was used at this event and approximately 68 attendees posed for pictures. Estimated Overall Event Attendance: 500-1,000
Name: NVIDIA Corp. Earth Day Event Date: April 19, 2013 Location: NVIDIA, 2701 San Tomas Expwy, Santa Clara Region: Countywide	Type of Event: Corporate event Audience: Information Technology Professionals Message: Stormwater pollution prevention, less-toxic pest control	General Feedback: The event was very well organized. A lot of employees stopped at the booth to ask questions. Estimated Overall Event Attendance: 500-1,000 Number of Brochures/Flyers Distributed: 198 Number of Giveaways Distributed: 118 Number of Watershed Watch Discount Cards Distributed: 64
Name: Spring in Guadalupe Gardens Date: April 20, 2013 Location: Guadalupe River Park and Gardens, San Jose Region: Countywide	Type of Event: Community fair, plant sale. Audience: Families with children, homeowners and gardeners Messages: Stormwater pollution prevention, less-toxic pest control and, proper disposal of HHW.	General Feedback: Good attendance. This is a good event for reaching home gardeners. Estimated Overall Event Attendance: 4,000 Number of Brochures/Flyers Distributed: 253 Number of Giveaways Distributed: 146 Number of Watershed Watch Discount Cards Distributed: 113 Number of kids that played the bean bag game: 44
Name: Watershed Watch "half-off" two hour Car Wash Event Date: May 29, 2013 Location: Capitol Premier Car Wash, 735 Capitol Expressway Auto Mall, San Jose Region: Countywide	Type of Event: Car Wash Audience: Car wash customers Messages: Stormwater pollution prevention and proper car washing.	General Feedback: The event was well attended. It is an annual Watershed Watch event and offers a good opportunity to reach car wash customers. Estimated Overall Event Attendance: 55 car washes Number of Brochures/Flyers Distributed: 68 Number of Watershed Watch Discount Cards Distributed: 85
Name: Watershed Watch "half-off" two hour Car Wash Event	Type of Event: Car Wash Audience: Car wash customers	General Feedback: The event was well attended. It is an annual Watershed Watch event and offers a good opportunity to reach

Date: June 5, 2013 Location: Delta Queen Classic Car Wash, 981 E Hamilton Avenue, Campbell Region: Countywide	Messages: Stormwater pollution prevention, proper car washing.	car wash customers. Estimated Overall Event Attendance: 88 car washes Number of Brochures/Flyers Distributed: 50 Number of Watershed Watch Discount Cards Distributed: 97
Name: Watershed Watch "half-off" two hour Car Wash Event Date: June 12, 2013 Location: Robertsville Classic Car Wash, 5005 Almaden Exp., San Jose Region: Countywide	Type of Event: Car Wash Audience: Car wash customers Messages: Stormwater pollution prevention, proper car washing.	General Feedback: The event was well attended. It is an annual Watershed Watch event and offers a good opportunity to reach car wash customers. Estimated Overall Event Attendance: 104 car washes Number of Brochures/Flyers Distributed: 104 Number of Watershed Watch Discount Cards Distributed: 122
Name: Festival in the Park Date: June 22, 2013 Location: Hellyer County Park, San Jose Region: Countywide	Type of Event: Community Health Fair Audience: Families with children. Message: Stormwater pollution prevention, less-toxic pest control, and proper disposal of HHW.	General Feedback: Great attendance throughout the whole event. This event is great for reaching Spanish speaking segments of the population. Estimated Overall Event Attendance: 5,000+ Number of Brochures/Flyers Distributed: 318 Number of Giveaways Distributed: 506 Number of Watershed Watch Discount Cards Distributed: 18 Number of kids that played the bean bag game: 256

C.7.f. ►Watershed Stewardship Collaborative Efforts

Summarize watershed stewardship collaborative efforts and/or refer to a regional report that provides details. Describe the level of effort and support given (e.g., funding only, active participation etc.). State efforts undertaken and the results of these efforts. If this activity is done regionally refer to a regional report.

Evaluate effectiveness by describing the following:

- Efforts undertaken
- Major accomplishments

Summary

During FY 12-13, the Program actively supported the Santa Clara Basin Watershed Initiative, including the Steering Committee, the Land Use Subgroup, and the Santa Clara Valley Zero Litter Initiative. A description of these efforts is included within the C.7 Public Information and Outreach section of the Program's FY 12-13 Annual Report. The Program also participated in the Bay Area Macroinvertebrate Bioassessment Information Network (BAMBI). A description of BAMBI efforts are included in the C.8 Water Quality Monitoring section of the Program's FY 12-13 Annual Report.

C.7.g. ►Citizen Involvement Events

List the types of events conducted (e.g., creek clean up, storm drain inlet marking, native gardening etc.). Use the following table for reporting and evaluating citizen involvement events.

The following separate reports developed by SCVURPPP and other organizations also include information about citizen involvement events conducted during FY 12-13:

• Watershed Watchers: Keeping Our Waterways Clean: FY 12-13 Fourth Quarter Report (includes end-of-year Summary from Alviso Education Center)

• Going Native Garden Tour 2013- Summary Report

These reports are included within the C.7 Public Information and Outreach section of Program's FY 12-13 Annual Report.

Event Details	Description	Evaluation of effectiveness
The City of Milpitas provided event promotions and / or staff to conduct the following eight citizen involvement events:		
Resource Fair: Medicines Drop-off and Mercury Thermometer Exchange, Sept. 17, Barbara Lee Senior Center; local.	Conduct drop-off and exchange; info tables with urban run-off pollution prevention information and promotional items.	Collected: 284 lbs. pharmaceuticals of which 14 lbs. were controlled substances, and exchanged 45 mercury thermometers; distributed 60 reusable bags and reached 150 participants with URO info.
Coastal Cleanup Day / Creek Cleanups, Sept. 17. Four local creek sites: MIP01, MIP02, MIP03, MIP04 along three creeks; Coyote, Berryessa	Organize volunteers and conduct litter pickup.	Refer to C.10.b.iii.

and Tularcitos.		
Neighborhood Cleanup - Section 1: April 27 at Weller Elementary School; local.	Distribution of info packets with "No Dumping" info: motor oil / HHW referrals and Clean Creeks, Clean Cars" brochure to all participants.	49 people.
Compost Giveaway: May 4 at the Newby Island Resource Recovery Park (landfill); local.	Distribution of info packets with "No Dumping" info: motor oil / HHW referrals and Clean Creeks, Clean Cars" brochure to all participants.	828 households (each receiving two compost bags per coupon and ID verification).
Building Safety Month: May 6 – 10 and May 19 – 23. Week-long safety demos and info tables at Milpitas Public Library; local.	Distribution of "Pests Bugging You" booklet and "Clean Creeks, Clean Cars", "10 Mist Wanted Bugs in Your Garden" brochures.	May 6 – 10: 300 estimated visitors May 19 – 23: 300 estimated visitors
Neighborhood Cleanup - Section 2: May 11 at Rancho Middle School; local.	Distribution of info packets with "No Dumping" info: motor oil / HHW referrals and Clean Creeks, Clean Cars" brochure to all participants.	31 people
"Second Chance" Compost Giveaway: May 18 at the Newby Island Resource Recovery Park (landfill); local.	Distribution of info packets with "No Dumping" info: motor oil / HHW referrals and Clean Creeks, Clean Cars" brochure to all participants.	132 households (each receiving two compost bags per coupon and ID verification).
Household Hazardous Wastes June 29 Event: Milpitas High School.	Santa Clara County-administered event to collect HHW dropped-off by Milpitas residents.	Total car count was 621 with 306 from Milpitas. 53,675 pounds of waste collected.
The Program provided funding for the following citizen involvement events: 1) National River Clean up Day – The Program supports the involvement of Santa Clara County citizens by providing advertising support for the National River Clean-up Day. Citizen involvement events at the Don Edwards San Francisco Bay Wildlife Refuge (Refuge) – A number of citizen involvement and stewardship programs are conducted as part of the Program funded Watershed Watchers Program at the Refuge. Participants usually work in the Refuge gardens planting native plants, pulling non-native plants, and mulching. More details are included in the Watershed Watchers Report in the Program Annual Report Appendix 7-5.		
Name: Summer of Service Program Date: 7/12/12, 7/26/12, 8/1/12, 6/27/13 Location: Don Edwards Wildlife Refuge, Alviso Focus: Countywide	Partnership program between Santa Clara Valley youth groups and the Watershed Watchers program. Youth spend a day at the Refuge and they work in the gardens in the morning and explore the Refuge in the afternoon.	Number of attendees on 7/12/12: 4 elementary school students, 6 middle school students, 2 high school students, and 2 adults. Number of attendees on 7/26/12: 3 elementary school students, 7 middle school students, 3 high school students and 2 adults. Number of attendees on 8/1/12: 4 elementary

		school students, 6 middle school students, 2 high school students and 2 adults. Number of attendees on 6/27/13: 12 elementary school students, 2 middle school students, 4 high school students and 3 adults.
Name: Community Service Days Date: 9/25/12, 10/6/12, 11/1/12, 1/12/13, 2/9/13, 2/16/13 Location: Don Edwards Wildlife Refuge, Alviso Focus: Countywide	This is an open day for the general public. Participants work in the gardens planning native plants, pulling non-native plants, and mulching.	Number of attendees on 9/25/12: 2 pre-K students, 1 elementary student and 1 adult. Number of attendees on 10/6/12: 2 elementary school students and 3 adults. Number of attendees on 11/1/12: 14 elementary school students and 10 adults. Number of attendees on 1/12/13: 7 elementary school students and 4 adults. Number of attendees on 2/9/13: 2 pre-K students, 6 elementary school students and 6 adults. Number of attendees on 2/16/13: 13 middle school students and 12 adults.
Name: National River Cleanup Day Date: 5/18/13 Location: Various locations throughout the County Focus: Countywide	In FY 12-13, the Creek Connections Action Group sponsored two creek clean-up events: California Coastal Clean-up Day on September 15, 2012 and National Rivers Clean-up Day on May 18, 2013. The Program provided funding for the National Rivers Clean-up Day advertising.	On National River Cleanup Day, a total of 834 volunteers participated in cleaning 38 sites and removed approximately 15,798 pounds of trash and 2,556 pounds of recyclables from creeks.

C.7.h. ▶ School-Age Children Outreach

Summarize school-age children outreach programs implemented. A detailed report may be included as an attachment.
Use the following table for reporting school-age children outreach efforts.

The following separate reports developed by SCVURPPP and other organizations also include information about school-age children outreach efforts conducted during FY 12-13:

- ZunZun School Assemblies for Watershed Watch Campaign- FY 2-13 Academic Year Final Report
- Memorandum- Evaluation of the School Assembly Program- FY 12-13
- Watershed Watchers: Keeping Our Waterways Clean: FY 12-13 Fourth Quarter Report (includes end-of-year Summary from Alviso Education Center)

These reports are included within the C.7 Public Information and Outreach section of Program's FY 12-13 Annual Report.

Program Details	Focus & Short Description	Number of Students/Teachers reached	Evaluation of Effectiveness
The City of Milpitas offers school assemblies through Earthcapades Environmental Vaudeville to Milpitas elementary and middle schools. Primary messages are urban runoff pollution prevention and watershed protection with energy conservation and recycling as secondary messages.			
Milpitas Summer Day Camp, 8/10/12	Interactive "infotainment" to two groups of day campers and staff.	220	Earthcapades provided a survey to 67 teachers and administrators (attached) with the following results: • Overall presentation rated as 58% excellent, 34% very good, 7% good; • Effectiveness of conveying the message of conservation rated as 53% excellent, 39% very good, 7.5% good, 1.5% fair; • Ratings for age appropriateness of the performance: 67% excellent, 29% very good, 6% good, 1.5% fair; The survey also recorded 20 positive answers to the question, "What did you especially like about the program?"
Rancho Milpitas Middle, 11/16/12	Interactive "infotainment" of two performances per school.	756	
Curtner Elementary, 11/27/12		660	
Sinnott Elementary, 12/04/12		720	
Pomeroy Elementary, 12/05/12		660	
Burnett Elementary, 12/07/12		632	
Spangler Elementary, 12/07/12		530	
Randall Elementary, 2/06/12		463	
Weller Elementary, 2/08/12		424	
Rose Elementary, 5/23/13		500	
Thomas Russell Middle, 5/24/13		830	
Outreach to school-age children by the Program is implemented through ZunZun assemblies at local elementary schools and the "Watershed Watchers" program at the Environmental Education Center at the Don Edwards San Francisco Bay Wildlife Refuge (Refuge) in Alviso. The Program sponsors up to 50 ZunZun assemblies at elementary schools in Santa Clara Valley and funds an Interpretive Specialist position at the Refuge for			

conducting activities and programs about watershed and urban runoff pollution prevention. The Fourth Quarter "Watershed Watchers" Report including the End-of-Year summary is included in the Program Annual Report Appendix 7-5. The ZunZun Final Report is included in the Program Annual Report Appendix 7-7.			
Name : ZunZun Musical Assembly Grade or level: elementary	Interactive, musical school assemblies educating K-6 children about watersheds and pollution prevention.	15,632 students	ZunZun assemblies were evaluated using postage-paid evaluation cards that were distributed to all teachers present at the performances. The Program received 206 completed evaluation cards from teachers. Overall, the feedback was positive and indicates an increase in the students' knowledge about watersheds and pollution prevention. A few highlights of the evaluations are: • Thirty-four teachers indicated that after the performance, 25% of their students knew what a watershed was; 33 teachers indicated that 50% of their students knew what a watershed was and 86 teachers indicated that 75% of their students knew what a watershed was. • Fourteen teachers indicated that after the performance, 50% of their students could name a way to prevent pollution in the watershed; 64 teachers indicated that 75% of their students could name a way to prevent pollution in the watershed; and 118 teachers indicated that 100% of their students could name a way to prevent pollution in the watershed. The Final Teacher Evaluation Report is included in the Program Annual Report Appendix 7-7.
Name: Watershed Watchers Program at Don Edwards Wildlife Refuge in Alviso Grade or level: pre-school,	The Refuge offers a number of interpretive programs to educate children and youth about preventing urban runoff pollution. These include:	103 pre-kindergarteners, 1,192 elementary school students,	Visitor Surveys are used to determine visitor demographics, effectiveness of publicity, and the effectiveness or the Watershed Watchers Program.

elementary, middle, high school.	Monster Bacteria; Bird Drawing; All About Owls; Explore the Weep; Wildflower Drawing; Why Tides Matter; and Water Water Everywhere.	39 middle school students, and 112 high school students.	In addition, an "Urban Runoff Bead Drop" display is used to record actions (e.g., pick up litter, spread the word, take car to car wash) that children promise to do the help keep storm drains clean. Results of both these evaluation mechanisms are summarized in the Watershed Watchers Fourth Quarter Report included in the Program Annual Report Appendix 7-5.

C.7.i. ▶Outreach to Municipal Officials

(For FY 12-13 Annual Report only) Summarize outreach conducted to increase the overall awareness of stormwater and/or watershed messages among municipal officials.

Summary:

- Provided information updates through the Council Weekly Report regarding 9/17/12 creek cleanups and Recycling & Source Reduction Advisory Commission reviews and recommendations regarding single-use bag bans.
- Forwarded electronic and hard copies of the factsheet "Urban Runoff Trash Management: Reducing Impacts in Santa Clara Valley Creeks and San Francisco Bay."

Section 8 - Provision C.8 Water Quality Monitoring

C.8 ▶ Water Quality Monitoring
State below if information is reported in a separate regional report. Municipalities can also describe below any Water Quality Monitoring activities in which they participate directly, e.g. participation in RMP workgroups, fieldwork within their jurisdictions, etc.
Summary: During FY 12-13, we participated through the Program to the BASMAA Regional Monitoring Coalition (RMC). In addition, we contributed financially to the Regional Monitoring Program for Water Quality in the San Francisco Estuary (RMP) and were represented at RMP committees and work groups. Monitoring efforts and results are documented in a separate report submitted March 15 of each year, as required in Provision C.8. For additional information on monitoring activities conducted by the Program, BASMAA RMC and the RMP, see the C.8 Water Quality Monitoring section of the Program's FY 12-13 Annual Report.

Section 9 – Provision C.9 Pesticides Toxicity Controls

C.9.b ►Implement IPM Policy or Ordinance

Report implementation of IPM BMPs by showing trends in quantities and types of pesticides used, and suggest reasons for increases in use of pesticides that threaten water quality, specifically organophosphates, pyrethroids, carbaryl, and fipronil. A separate report can be attached as evidence of your implementation.

Trends in Quantities and Types of Pesticides Used[60]

Pesticide Category and Specific Pesticide Used	Amount[61]				
	FY 09-10	FY 10-11	FY 11-12	FY 12-13	FY 13-14
Organophosphates					
Product or Pesticide Type A	None	None	None	None	
Product or Pesticide Type B	None	None	None	None	
Pyrethroids					
Product or Pesticide Type X	40 oz	40 oz	None	None	
Product or Pesticide Type Y	None	None	None	None	
Carbaryl	None	None	None	None	
Fipronil	None	None	None	None	

C.9.c ►Train Municipal Employees

Enter the number of employees that applied or used pesticides (including herbicides) within the scope of their duties this reporting year.	1
Enter the number of these employees who received training on your IPM policy and IPM standard operating procedures within the last 3 years.	1
Enter the percentage of municipal employees who apply pesticides who have received training in the IPM policy and IPM standard operating procedures within the last three years.	100

[60] Includes all municipal structural and landscape pesticide usage by employees and contractors.
[61] Weight or volume of the product or preferably its active ingredient, using same units for the product each year. The active ingredients in any pesticide are listed on the label. The list of active ingredients that need to be reported in the pyrethroids class includes: allethrin (D-allethrin), bioallethrin, bifenthrin, beta-cyfluthrin, cyfluthrin, cypermethrin, cyphenothrin, deltamethrin, esfenvalerate, etofenprox, gamma-cyhalothrin, imiprothrin, lambda-cyhalothrin, metofluthrin, permethrin, phenothrin, prallethrin, resmethrin, sumithrin (D-phenothrin), tau fluvalinate, tefluthrin, tetramethrin, tralomethrin, and zeta-cypermethrin (S-cypermethrin).

C.9.d ►Require Contractors to Implement IPM

Did your municipality contract with any pesticide service provider in the reporting year?	Y	Yes		No

If yes, attach one of the following:

Y	Contract specifications that require adherence to your IPM policy and standard operating procedures, OR Contractor specification language used for contracting services shown in an Appendix B. Full contract are very long and are available from the City at request.
	Copy(ies) of the contractors' IPM certification(s) or equivalent, OR
	Equivalent documentation.

If **Not attached**, explain:

C.9.e ►Track and Participate in Relevant Regulatory Processes

Summarize participation efforts, information submitted, and how regulatory actions were affected **OR** reference a regional report that summarizes regional participation efforts, information submitted, and how regulatory actions were affected.

Summary: During FY 12-13, we participated in regulatory processes related to pesticides through contributions to the Program, BASMAA and CASQA. For additional information, see the Regional Pollutants of Concern Report submitted by BASMAA on behalf of all MRP Permittees.

C.9.f ►Interface with County Agricultural Commissioners

Did your municipal staff observe any improper pesticide usage or evidence of improper usage (e.g., pesticides in storm drain systems, along street curbs, or in receiving waters) during this fiscal year?		Yes	N	No

If yes, provide a summary of improper pesticide usage reported to the County Agricultural Commissioner and follow-up actions taken to correct any violations. A separate report can be attached as your summary.

C.9.g. ►Evaluate Implementation of Source Control Actions Relating to pesticides

(For FY 12-13 Annual Report only) Submit a report that evaluates; 1) the effectiveness of control measures implemented, and 2) attainment of pesticide concentration and toxicity targets for water and sediment from monitoring data (Provision C.8.). If needed, the report should include the following:

- Improvements to existing control measures and/or additional control measures required.
- A plan to implement improved and/or new control measures.

Summary:

The Effectiveness Evaluation Report is included in Section C.9 Pesticides Toxicity Control of the Program's FY 12-13 Annual Report.

- City contracted out all pesticide application services and required contractors to implement IPM.
- City also required New Development and Redevelopment Projects to Minimize Pesticide Use

C.9.h.ii ►Public Outreach: Point of Purchase

Provide a summary of public outreach at point of purchase, and any measurable awareness and behavior changes resulting from outreach (here or in a separate report); **OR** reference a report of a regional effort for public outreach in which your agency participates.

Summary: The following separate reports developed by SCVURPPP and BASMAA summarize point of purchase outreach efforts conducted during

- FY 12-13 Store Employee Training Report (SCVURPPP)
- FY 12-13 Store Employee Training Evaluation Summary (SCVURPPP)
- FY 12-13 Store Employee Training Status Table (SCVURPPP)
- FY 12-13 List of Stores in the IPM Store Partnership Program (SCVURPPP)
- FY 12-13 BASMAA "Our Water, Our World" (OWOW) Report (BASMAA)

These reports are included within the C.9 Pesticides Toxicity Control section of Program's FY 12-13 Annual Report.

C.9.h.iv ►Pest Control Contracting Outreach

(For FY 12-13 Annual Report only) Document effectiveness of outreach to residents who use or contract for structural or landscape pest control **OR** reference a regional that summarizes these actions.

Summary:

See the C.9 Pesticides Toxicity Control section of the Program's FY 12-13 Annual Report for a report that evaluates outreach to residents.

C.9.h.vi ► Public Outreach: Pest Control Operators

Provide a summary of public outreach to pest control operators and landscapers and reduced pesticide use (here or in a separate report); OR reference a report of a regional effort for outreach to pest control operators and landscapers in which your agency participates.

Summary: The following separate reports developed by SCVURPPP summarize Public Outreach: Pest Control Operators efforts conducted during FY 12-13:

- FY 12-13 Watershed Watch Campaign Final Report
- FY 12-13 Green Gardener Training Report

These reports are included within the C.7 Public Information and Outreach and C.9 Pesticides Toxicity Control sections of Program's FY 12-13 Annual Report.

Response to Water Board Staff Comments on Section 9, Provision C.9, of FY 11-12 Annual Report

None were required by the Board from the City of Milpitas during this reporting period.

Section 10 - Provision C.10 Trash Load Reduction

C.10.a.iii ► Minimum Full Trash Capture (Summary of Actions)

Provide the following:

1) Descriptions of actions/tasks initiated, conducted or completed in implementing Minimum Full Trash Capture Devices (due July 1, 2014), including numbers of devices, device types and total land area treated to-date by full capture devices;
2) Descriptions of planned actions/tasks and time schedules for completion;
3) A map that includes locations of all full capture devices installed (private and public) to-date and associated treatment areas, trash generation rates/areas, creek/shoreline trash hot spots, and trash management areas defined to-date.
4) A summary of maintenance activities implemented for each device or groups of devices, including descriptions of typical maintenance frequencies and issues associated with maintaining these devices.

Descriptions of Actions/Tasks (Conducted or Planned):

1) City of Milpitas utilized its entire $78,628.00 SFEP grant allocation for the material cost of one gross solids retention device installed at the Wrigley-Ford Pump Station. The device, Storm Flo Screen, RMC-1HF, was manufactured by the Roscoe Moss Company. Installation was completed by City DPW crews.

2) Project completed 10/26/12.

3) Map shown in an Appendix C.

4) Wrigley-Ford Pump Station receives a weekly visual site check with an inspection conducted after each rain event; there were two large rain events since installation in October 2012: weeks of 12/04/12 and 12/26/12. No maintenance necessary to date due to low material load. No maintenance issues yet known.

Descriptions of Maintenance Activities:

Maintenance activities for this device were not necessary in FY12-13. Maintenance frequency is to be determined. Weekly visual site checks and inspections during / after rain events in FY13-14 will determine when maintenance is necessary. The form "Trash Capture Device Maintenance Report - In-Line Gross Solids Retainer" provided by SFEP is on file in the pump station office.

C.10.a.iii ▶ Minimum Full Trash Capture (List of Devices)

Provide a list of trash full capture devices installed to-date or planned for installation by July 1, 2014 and the land area treated by each device or group of devices.

Applicable Trash Management Area (Preliminary Map ID)	Device Type	Planned or Installed	Maintenance Frequency	Total Number Installed	Total Area Treated (acres)
19	Roscoe Moss Company - Storm Flo Screen, RMC-1HF, gross solids removal device	10/26/2012	Weekly site checks. Inspected after rain events. Maintenance frequency to be determined.	1	741.48
			Totals	**1**	**741.48**

C.10.b.iii ►Trash Hot Spot Assessment

Provide the volume of material removed from each Trash Hot Spot cleanup, and the dominant types of trash (e.g., glass, plastics, paper) removed and their sources to the extent possible. Additionally, include a map that identifies the location(s) of trash hot spots.

Trash Hot Spot	Cleanup Date	FY 2012-13 Volume of Trash Removed (cubic yards)	FY 2011-12 Volume of Trash Removed (cubic yards)	FY 2010-11 Volume of Trash Removed (cubic yards)	Dominant Type(s) of Trash	Trash Sources (where possible)
MIP01	9/15/2012	2.32	1.20	0.75	Paper and cardboard, Other, Glass pieces, Other plastic products, Cigarette butts, Toxic substances, Pallets, Scrap metal, Shopping carts	Homeless encampments, Trash accumulation, Litter, Unknown
MIP02	9/15/2012	3.97	1.45	0.60	Paper and cardboard, Bottles (plastic or glass), Plastic Bags, Metal products, Rubber, Appliances, Mattresses, Scrap metal, Tires	Homeless encampments, Trash accumulation, Litter, Unknown
MIP03	9/15/2012	2.35	3.20	2.32	Bottles (plastic or glass), Convenience/Fast Food items, Aluminum cans, Paper and cardboard, Styrofoam	Litter
MIP04	9/15/2012	0.64	0.75	1.35	Bottles (plastic or glass), Aluminum cans, Convenience/Fast Food items, Plastic Bags, Styrofoam, Shopping carts, Tires	Litter, Illegal dumping
Totals		**9.28**	**6.59**	**5.02**		

C.10.c ▶ Long-Term Trash Load Reduction Plan

Provide descriptions of the progress made to-date on the development of Long-term Trash Load Reduction Plans due to the Water Board by February 1, 2014.

Long-Term Plan Task	Summary of Progress
1. Identifying and mapping trash generating areas	City staff conducted visual assessments of public and private property throughout Milpitas in May and June. Using a preliminary map, parcels were outlined into 89 sections by land use (multi-family residential, retail "big box" and retail "strip mall", shopping centers, office centers, gas stations / convenience stores, and industrial) to determine a route for visual assessments. The *On-land Visual Assessment Data Collection Form* created by the Program was used to document findings, along with photos, of all land uses except single family residential. Data from the Form was then compiled and entered into the *Tracking Sheet for Confirmation of Trash Generation Rate Categories and Trash Sources*. Results from this process were used to correct and reflect accurate designations for very high, high, medium and low trash generating areas. Visual assessments included areas within the drainage area for the gross solids retention device installed at the Wrigley-Ford Pump Station. Refer to the trash generation areas depicted on attached map. As part of this field verification project, eight (8) incidents including excessive litter, overloaded solid waste bins, outdoor storage, abandoned shopping carts and homeless encampment were reported and abated.
2. Identifying trash sources (as necessary or feasible) to assist in selecting trash management actions	Trash sources were identified during the visual assessments using the *On-land Visual Assessment Data Collection Form*. The *Tracking Sheet for Confirmation of Trash Generation Rate Categories and Trash Sources* will be used as base information to determine if prioritized areas show improvement.
3. Prioritizing trash generating areas and associated types of trash problems	Priorities were assigned based on the designations by trash generation rate (very high, high, medium-high, medium and low) found during the field verifications. Due to the low amount of very high (purple – two open lots), high (red – "big box" retail), and medium-high (yellow with redlines – low income, multi-family housing) areas, it was determined to address these concerns as a first priority (this excludes non-jurisdictional interstates and expressways; SR237 / Calaveras Blvd. will be included with adjacent businesses). Larger areas of medium trash generation (commercial and industrial areas) were prioritized by: 1. Retail with restaurants/food service; 2. Convenience stores / gas stations; 3. Office centers and all other commercial; 4. Great Mall of the Bay Area; 5. Industrial; 6. Schools; 7. Parks; 8 Full capture area; 9. Single family residential. A time schedule to conduct associated activities will be set early in the FY13-14 reporting year.

4. Identifying and selecting trash management actions for specific management areas	Trash management actions will be determined by land use and include, but are not be limited to, identifying property and business owners / managers, mailing letters and follow-up with staff contact, custom mailers to multi-family residents in medium-high areas, and code enforcement response.
5. Defining the type of assessment(s) that will be used to demonstrate progress towards goals	Visual assessments using the *On-land Visual Assessment Data Collection Form* with photos of all management areas (except single family neighborhoods) will be conducted on an annual basis. For management areas during a focused outreach and enforcement time frame, visual assessments using the *On-land Visual Assessment Data Collection Form* with photos will be conducted before and after a predetermined time frame. Annual Creek Cleanups of designated "hot spots" will continue to use the "Trash Hot Spot Cleanup Data Collection Form" to report volumes of bagged and unbagged trash. Maintenance activities for the Wrigley-Ford Pump Station gross solids removal device will be reported using the form *Trash Capture Device Maintenance Report - In-Line Gross Solids Retainer* provided by SFEP. The City is currently exploring a number of assessment methods that will assist the City in demonstrating progress towards solving municipal stormwater-related trash problems within our jurisdictional area. Through our participation in SCVURPPP, we are currently developing a countywide pilot trash assessment strategy and work plan. The pilot strategy will address the need to demonstrate progress in the near-term, while recognizing the fact that method development and testing is needed to achieve confidence in conclusions about trash reduction. The pilot strategy may include the testing of a number of trash assessment methods, including • Visual assessments of trash conditions on-land; • Trash full capture device operation/maintenance verification; • Condition assessments in receiving waters; and, • Documenting and assessing control measure implementation. The pilot strategy will be included as a supplement to our Long-Term Trash Load Reduction Plan, which will be submitted to the Water Board by February 1, 2014. The City may also choose to supplement the pilot strategy with City specific assessment strategies. The pilot strategy will be implemented in coordination with the three-year *Tracking California's Trash* grant-funded project, which was awarded to BASMAA by the State Board. A number of trash monitoring and assessment methods will be tested through the project and assist the City in developing a robust set of indicators for demonstrating progress toward trash reduction goals.

C.10.d ▶Summary of Trash Reduction Actions

For each trash reduction action (i.e., control measures and best management practices) implemented by your municipality during the reporting period include a full description of the action. Describe actions initiated prior to and continued after the MRP effective date (December 2009), actions initiated after the MRP effective date, and actions planned for future implementation. If a planned action, also include the planned date of implementation. Add rows for actions not listed below as needed. Also identify the dominant source of trash and dominant types of trash removed for each action. To the extent possible, identify the applicable management areas identified on the map created under reporting section C.10.a.iii.

Action	Description	Trash Management Area(s) (Preliminary Map ID)	Dominant Sources	Dominant Types
Trash Management Area Specific Actions				
Full-Capture Treatment Devices	Continued Pre-MRP Actions: None.		1. pedestrian litter 2. vehicles 3. inadequate container management	**Unknown until first maintenance occurs.**
	New/Enhanced Post-MRP Actions Initiated/Planned: Roscoe Moss Company - Storm Flo Screen, RMC-1HF, gross solids retention device. Installed 10/26/2012.	**19**		
Street Sweeping	Continued Pre-MRP Actions: Street sweeping above baseline ceiling in industrial areas of once per week. This frequency began approximately 1990.	**Entire Map Area**	1. pedestrian litter 2. vehicles	convenience food packaging, plastic food packaging polystyrene foam food service ware, plastic bags, paper
	New/Enhanced Post-MRP Actions Initiated/Planned: None.			
On-land Trash Cleanups	Continued Pre-MRP Actions: City DPW clean-up of reported illegal dumping on public property.		1. vehicles 2. pedestrian	convenience food

C.10.d ▶ Summary of Trash Reduction Actions

For each trash reduction action (i.e., control measures and best management practices) implemented by your municipality during the reporting period include a full description of the action. Describe actions initiated prior to and continued after the MRP effective date (December 2009), actions initiated after the MRP effective date, and actions planned for future implementation. If a planned action, also include the planned date of implementation. Add rows for actions not listed below as needed. Also identify the dominant source of trash and dominant types of trash removed for each action. To the extent possible, identify the applicable management areas identified on the map created under reporting section C.10.a.iii.

Action	Description	Trash Management Area(s) (Preliminary Map ID)	Dominant Sources	Dominant Types
	New/Enhanced Post-MRP Actions Initiated/Planned: Reviewed future potential for implementation in FY 12-13 and found that areas of greatest need are "clover leafs" in Caltrans right-of-way. Caltrans discouraged permit for litter pickups in these areas and encouraged City to adopt a length of highway (which was not done). No action planned at this time. Looking to Board staff and its discussions with Caltrans for direction and possible action.	**Non-jurisdictional interstate areas in purple.**	litter 3. accumulated litter	packaging, plastic food packaging polystyrene foam food service ware, plastic bags, paper
Anti-littering and Illegal Dumping Enforcement Activities	Continued Pre-MRP Actions: For private property: Site checks of reported areas with written response to property owner and tracked follow-up for clean-up / resolution. For public property: City DPW clean-up of reported illegal dumping on public property.		1. Illegal dumping 2. accumulated litter 3. vehicles and pedestrian litter 4. outdoor storage	large household items, building materials, convenience food packaging, plastic food packaging polystyrene foam food service ware, plastic bags, paper
	New/Enhanced Post-MRP Actions Initiated/Planned: For private property: Continued use of new data management system and updated enforcement procedures to combine site checks with all nuisance complaints received by the code enforcement hotline and reported by staff. Customer calls-in and two work orders are produced: 1) standard description of nuisance and; 2) new and separate description of illegal dumping, trash accumulation, outdoor storage (overloaded bins, recycle / trash stacked outside) or hoarding for investigation, follow-up including Notice of Violation letter to property owner and phone calls; then reporting into system until case is resolved. In FY12-13, 66 cases fell into above categories and were abated.	**Throughout Entire Map Area (as reported**		

C.10.d ▶ Summary of Trash Reduction Actions

For each trash reduction action (i.e., control measures and best management practices) implemented by your municipality during the reporting period include a full description of the action. Describe actions initiated prior to and continued after the MRP effective date (December 2009), actions initiated after the MRP effective date, and actions planned for future implementation. If a planned action, also include the planned date of implementation. Add rows for actions not listed below as needed. Also identify the dominant source of trash and dominant types of trash removed for each action. To the extent possible, identify the applicable management areas identified on the map created under reporting section C.10.a.iii.

Action	Description	Trash Management Area(s) (Preliminary Map ID)	Dominant Sources	Dominant Types
Improved Trash Bins/Container Management	Continued Pre-MRP Actions: None.		1. outdoor storage 2. accumulated litter 3. pedestrian litter	convenience food packaging, plastic food packaging polystyrene foam food service ware, plastic bags, paper
	New/Enhanced Post-MRP Actions Initiated/Planned: Continued implementation of new procedures that ensure adequate trash service through plan check procedures of all new developments and reporting of overloaded bins / under-served customers by franchised hauler. In FY12-13, added cross-check of data from AB341 reporting for mandatory recycling by commercial and multi-family complexes to determine adequate solid waste service levels and container management of 84 commercial businesses and 5 multi-family complexes ranging from 100 to 430 units each. Ongoing work plan for public area trash containers includes scheduled weekly collection at 77 bus stops and 21 city parks.	**Throughout Entire Map Area**		
Creek, Channel, Shoreline Cleanups	Continued Pre-MRP Actions: Conducted one or two creek cleanups per year on Coastal Cleanup Day with local volunteer groups since 1985.		1. Illegal dumping 2. accumulated litter 3. vehicles and pedestrian litter	household items, convenience food packaging, plastic food packaging polystyrene foam food service ware, plastic bags, paper
	New/Enhanced Post-MRP Actions Initiated/Planned: Conducted four single-day Permittee staff-led creek cleanups with volunteers on Coastal Cleanup Day, 9/15/2012. Reference C.10.b.iii for additional information. Starting FY 13-14, participate with Santa Clara Valley Water District's Creek Connections Action Group for combined publicity and volunteer referrals.	**Four 300-foot each lengths of three creeks (see attached: Coyote, Berryessa and Tularcitos)**		

C.10.d ▶ Summary of Trash Reduction Actions

For each trash reduction action (i.e., control measures and best management practices) implemented by your municipality during the reporting period include a full description of the action. Describe actions initiated prior to and continued after the MRP effective date (December 2009), actions initiated after the MRP effective date, and actions planned for future implementation. If a planned action, also include the planned date of implementation. Add rows for actions not listed below as needed. Also identify the dominant source of trash and dominant types of trash removed for each action. To the extent possible, identify the applicable management areas identified on the map created under reporting section C.10.a.iii.

Action	Description	Trash Management Area(s) (Preliminary Map ID)	Dominant Sources	Dominant Types
Area/Jurisdictional-wide Actions				
Single-Use Carryout Bag Policies	Continued Pre-MRP Actions: None New/Enhanced Post-MRP Actions Initiated/Planned: Actions taken in FY 10-11, FY 11-12 & FY 12-13: Completed a Single-use Carryout Bag Study and presented it to the Milpitas Recycling & Source Reduction Advisory Commission (RSRAC) 4/26/11 http://www.ci.milpitas.ca.gov/_pdfs/eng_MilpitasBAGStudy.pdf. The Commission recommended approval of an ordinance similar to City of San Jose. Milpitas City Council was scheduled to consider the recommendations to directed staff to prepare an Ordinance to restrict distribution of single-use Bags at their meeting of 10/04/11. However, Council continued the item to a date uncertain to allow the City Attorney time to review the suit filed against Los Angeles County on 10/03/11. At its 4/17/12 meeting, City Council approved participation as a study area in the San Mateo County EIR. At its 4/24/13 meeting, RSRAC received an update from staff and requested to review its recommendation to the Milpitas City Council at its next meeting on April 23, 2013. Actions planned in FY 13-14: Staff presentation of proposed ordinance at 10/22/13 RSRAC meeting and at 11/05/13 Council meeting.	Jurisdiction-wide		
Polystyrene Foam Food Service Ware	Continued Pre-MRP Actions: None	Jurisdiction-wide		

C.10.d ▶Summary of Trash Reduction Actions

For each trash reduction action (i.e., control measures and best management practices) implemented by your municipality during the reporting period include a full description of the action. Describe actions initiated prior to and continued after the MRP effective date (December 2009), actions initiated after the MRP effective date, and actions planned for future implementation. If a planned action, also include the planned date of implementation. Add rows for actions not listed below as needed. Also identify the dominant source of trash and dominant types of trash removed for each action. To the extent possible, identify the applicable management areas identified on the map created under reporting section C.10.a.iii.

Action	Description	Trash Management Area(s) (Preliminary Map ID)	Dominant Sources	Dominant Types
Policies	New/Enhanced Post-MRP Actions Initiated/Planned: Actions taken in FY 10-11, FY 11-12 & FY 12-13: Completed a Expanded Polystyrene Food Service Take-out Container Study and presented it to the Milpitas Recycling & Source Reduction Advisory Commission (RSRAC) in 4/26/11 http://www.ci.milpitas.ca.gov/_pdfs/eng_EPS_Study_FINAL.pdf. At its 4/17/12 meeting, City Council did not approve participation in regional polystyrene efforts. As of September 2012, polystyrene in foam blocks and clean food containers delivered in clear plastic bags may be dropped-off at Republic's Recyclery for recycling. Packaging peanuts not accepted. Corresponding publicity released in September 2012 and is ongoing. Actions planned in FY 13-14: None.			
Public Education and Outreach Programs	Continued Pre-MRP Actions: The City implemented the following public education and outreach control measures prior to the effective date of the MRP and has continued to implement these measures since MRP adoption.	Jurisdiction-wide		

	New/Enhanced Post-MRP Actions Initiated/Planned: Participation with Regional Program campaigns including the Watershed Watch Campaign, the Youth Outreach Litter Campaign, and the Zun Zun school presentations to reach to school-age children; all are included within the C.7 Public Information and Outreach section of Program's FY 12-13 Annual Report. In addition, City of Milpitas implementation seasonal citywide outreach for urban run-off pollution prevention including the 9/17-23/12 Pollution Prevention Week, featuring the 9/15/13 Resource Fair and Creek Cleanups, 6/29/13 Household Hazardous Wastes event, ongoing anti-litter messages on City website and KMLP-15, through school assembly performances offered through EarthCapades Environmental Vaudeville to nine elementary and two middle schools, and at public events outlined in Section C.7.			
	Watershed Watch Campaign (Countywide) In addition to the BASMAA Campaign, the City will continue to implement the countywide **Watershed Watch Campaign** through active participation and funding of the Santa Clara Valley Urban Runoff Pollution Prevention Program (SCVURPPP). This Campaign conducts media advertising that includes anti-litter messages. Anti-litter advertisements for television, print, transit and radio have been developed and are used each year and will continue in the future. A telephone survey is conducted every five years to measure the effectiveness of outreach and increase in awareness about liter and stormwater related messaging. The FY 12-13 Watershed Watch media advertising included 312 anti-littering advertisements on TV, radio and online media. The Campaign also conducted outreach at a community event to promote the BASMAA "Be the Street" anti-littering campaign.			

	Outreach to School-age Children or Youth ***ZunZun (Countywide)*** Through participation and funding of the SCVURPPP countywide ZunZun Program, the City is continuing to implement litter reduction outreach to elementary school-age children. Up to 50 ZunZun assemblies at elementary schools are conducted in the Santa Clara Valley each year. These bilingual musical assemblies educate elementary school students and their teachers on watersheds and urban runoff pollution prevention, including litter. ZunZun performances use physical comedy, audience participation and musical instruments to educate teachers and children. Handouts, including teacher and student activity sheets, are distributed following the assembly. The SCVURPPP Schools and Youth Education and Outreach Work Group provides a list of schools for ZunZun to contact. In addition to schools with high Hispanic populations, the list includes schools with high Asian/Pacific Islander populations. ZunZun assemblies are evaluated using postage-paid evaluation cards that are distributed to all teachers present at the performances. Teachers mail the completed evaluation cards to SCVURPPP, and results are compiled by SCVURPPP staff. Based on the teacher feedback, changes are made to future assemblies and/or handouts. During FY 12-13, ZunZun conducted 49 assemblies at 27 elementary schools in ten cities. In addition, two assemblies were conducted at the Pumpkins in the Park event, and one at the Water Wizards event for the general public. The assemblies reached approximately 15,632 students and their teachers in grades K-6.			

	Media Relations ***BASMAA Regional Media Relations Project (Regional)*** Through participation and funding of the **BASMAA Regional Media Relations Project**, the City of Milpitas is continuing to implement a media relations project partially designed to reduce littering from target audiences in the Bay Area. The goal of the BASMAA Media Relations Project is to generate media coverage that encourages individuals to adopt behavior changes to prevent water pollution, including littering. At least two press releases or PSAs focus on litter issues each year (e.g., creek clean-up activities, preventing litter by using reusable containers, etc.). In FY 12-13, the Media Relations project developed a press release new and recent bag bans in cities around the region. The pitch included information on the litter caused by plastic bags. Information ran on KBAY, KCBS and on eight Bay Area Patch.com sites. **New/Enhanced Post-MRP Actions Initiated/Planned:** In addition to the control measures continued port-MRP adoption, the City is currently implementing or planning to implement the following public education and outreach control measures that were initiated after the MRP was adopted.			

	<u>Litter Reduction Advertising Campaign(s)</u> ***BASMAA Youth Outreach Campaign (Regional)*** Through participation and funding of the regional **BASMAA Youth Outreach Campaign**, the City is implementing an outreach campaign designed to reduce littering from the target audience in the Bay Area. The Youth Outreach Campaign was launched in September 2011 and aims to increase the awareness of Bay Area Youth (ages 16-24) on litter and stormwater pollution issues, and eventually change their littering behaviors. Combining the ideas of Community Based Social Marketing with traditional advertising, the Youth Campaign aims to engage youth to enable the peer-to-peer distribution of Campaign messages. The Campaign will at least run through FY 13-14. A brief description of the Campaign activities is provided below: o <u>Raising Awareness</u>: The Campaign is raising awareness of the target audience on litter and stormwater pollution issues. Partnerships with youth commissions, high schools, and other youth focused organizations have been developed to reach the target audience. Messages targeted to youth have been created and distributed via paid advertising, email marketing, Campaign website and social networking sites (e.g., Facebook and Twitter).			

	○ Engage the Youth - The advertisements encourage the audience to participate in the Youth Campaign by joining a Facebook page, entering a contest, taking an online quiz, etc., and providing their contact information. At the beginning of FY 12-13, a video contest was launched to get Bay Area youth further involved in the Campaign. An online voting system was used to select the winning entry. Media advertising was conducted to promote the winning entry. ○ Change Behaviors: To move the audience along the behavior change continuum, the Campaign is using electronic platforms such as email marketing and social networking sites to encourage participants to engage in increasingly more difficult behavior changes, such as participating in a clean-up, organizing a clean-up, etc. ○ Maintain Engagement: The Campaign continues to interact with the target audience through email marketing and social media websites. The Youth Campaign includes a pre and post campaign survey to evaluate the effectiveness of outreach. The pre-campaign survey was conducted in FY 11-12 and the post campaign survey will begin in FY 13-14. Other evaluation mechanisms, such as website hits, number of youth engaged in the Campaign's social networking website, etc. are also being used to evaluate its effectiveness in increasing awareness and changing behavior. Activities in FY 12-13 included maintaining the website www.BetheStreet.org, Facebook page, and Instagram account. A video contest asking participants to submit their best anti-litter video was also conducted. The Be the Street campaign received 52 entries in response to the contest. The winning video was promoted on television, Pandora (online music site), YouTube, Google, and Facebook. The Watershed Watch Campaign promoted the winning video on KNTV. Highlights of FY 12-13 Be the Street activities are below:			

	• The website received 15,431 total visits and 10,040 unique visitors. • The Facebook page received 1,062 new fans, resulting in a total of 1,468 fans. There were a total of 2,048 total interactions (includes likes, comments, shares and responses to poll questions). • The contest resulted in 52 video entries. The online voting resulted in a total of 4,844 votes being cast. • Media advertising results - Using the winning video, Be the Street launched a regional ad buy on Pandora, Facebook, and KTVU, resulting in approximately 6.5 million impressions from target demographic of 14-24 year olds in the Bay Area. Media advertising results are summarized below: o Television advertising - The winning video ran 12 times in June and July 2013 on KTV Fox. The video also ran on KTVU online 273 times. o Facebook advertising - Advertisements promoting the Be the Street Facebook page were placed in August 2012, September 2012, March 2013, May 2013, and June 2013. Overall, the advertisements received 5,733,573 impressions and 2,173 "click-throughs". The advertisements also resulted in 917 additional likes on the Be the Street Facebook page. o Pandora - The placement of the winning video on Pandora resulted in 371,919 impressions and 13,143 "click-throughs". The 3.82% click through rate on the Pandora advertisement is significantly above the industry standard of 1.2%.			

Section 11 - Provision C.11 Mercury Controls

C.11.a.i ►Mercury Recycling Efforts

List below or attach lists of efforts to promote, facilitate, and/or participate in collection and recycling of mercury containing devices and equipment at the consumer level (e.g., thermometers, thermostats, switches, bulbs).

1) **Promotion** (i.e., media advertising, providing information on your agency's website, etc.) of:

Household Hazardous Waste (HHW) Programs

- Household Hazardous Waste June 29 Event Door hanger: door-to-door distribution 6/17/13; *Side 1* – HHW event date and appointment info; household image showing HHW locations. *Side 2* – "No Dumping" image with messages and referrals for local motor oil, anti-freeze, oil filters, CFLs, HH batteries, car batteries. 18,000 households; 306 residents attended event.
- HHW June 29 Event Print Advertising, Milpitas Post placements June 7, 14, 21. HHW event date and appointment info; household image showing HHW locations. 18,000 households; 2,000 businesses.
- HHW June 29 Event Online Advertising, June 1 – 28. HHW awareness / event participation message; temporary link to City website. 1,784 hits to link to City website page with event info.
- HHW June 29 Event: PSAs: City website, KMLP-TV, June 1 – 28. HHW awareness / event participation message; temporary link to City website. 1,784 hits to link to City website page with event info.

2) **Facilitation/Organization** of HHW drop-off events conducted by your municipality/contractors or HHW drop-off events that occur within your jurisdiction.

- Household Hazardous Wastes June 29 Event: Milpitas High School. Santa Clara County-administered event to collect HHW dropped-off by Milpitas residents. Total car count was 621 with 306 from Milpitas. 53,675 pounds of waste collected.

3) **Collection** of:

a) Annual Resource Fair: Medicines Drop-off and Mercury Thermometer Exchange, Sept. 17, Barbara Lee Senior Center; exchanged 45 mercury thermometers. There is no other role in the collection of mercury-containing devices and equipment at the consumer level.

C.11.a.ii ►Mercury Collection

Provide an estimate of the mass of mercury collected through these efforts, or provide a reference to a report containing this estimate.

Please refer to the Program's FY 12-13 Annual Report for an estimate of the mass of mercury collected through collection and recycling efforts in the Program area.

Mercury Containing Device/Equipment	Total Amount of Devices Collected	Estimated Mass of Mercury Collected
Fluorescent Lamps[62] (linear feet)		
CFLs[63] (each)		

[62] Only linear fluorescent lamps should be included

[63] Only compact fluorescent lamps should be included

Thermostats[64] (each)		
Thermostats (lbs)		
Thermometers (each)		
Switches (lbs)		
Total Mass of Mercury Collected During FY 2012-2013:		

C.11.b ►Monitor Methylmercury
C.11.c ►Pilot Projects to Investigate and Abate Mercury Sources in Drainages
C.11.d ►Pilot Projects to Evaluate and Enhance Municipal Sediment Removal and Management Practices
C.11.e ►Conduct Pilot Projects to Evaluate On-Site Stormwater Treatment via Retrofit
C.11.f ►Diversion of Dry Weather and First Flush Flows to POTWs
C.11.g ►Monitor Stormwater Mercury Pollutant Loads and Loads Reduced
C.11.h ►Fate and Transport Study of Mercury In Urban Runoff
C.11.i ►Development of a Risk Reduction Program Implemented Throughout the Region
C.11.j ►Develop Allocation Sharing Scheme with Caltrans

State below if information is reported in a separate regional report. Municipalities that participate directly in regional activities to can provide descriptions below.

Summary: A summary of program and regional accomplishments for these sub-provisions are included within the C.11 Mercury Controls section of Program's FY 12-13 Annual Report and/or the BASMAA Regional POC Report.

[64] Thermostats can be reported by quantity or by pounds. Whichever unit is used, please avoid double-counting.

Section 12 - Provision C.12 PCBs Controls

C.12.a.ii,iii ►Ongoing Training
(For FY 10-11 Annual Report and Each Annual Report Thereafter) List below or attach description of ongoing training development and inspections for PCB identification, including documentation and referral to appropriate regulatory agencies (e.g. county health departments, Department of Toxic Substances Control, California Department of Public Health, and the Water Board) as necessary.
Description: See the Program's FY 12-13 Annual Report for a description of training provided at the program and/or regional level.

C.12.b ►Conduct Pilot Projects to Evaluate Managing PCB-Containing Materials and Wastes during Building Demolition and Renovation Activities C.12.c ►Pilot Projects to Investigate and Abate On-land Locations with Elevated PCB Concentrations C.12.d ►Conduct Pilot Projects to Evaluate and Enhance Municipal Sediment Removal and Management Practices C.12.e ►Conduct Pilot Projects to Evaluate On-Site Stormwater Treatment via Retrofit C.12.f ►Diversion of Dry Weather and First Flush Flows to POTWs C.12.g ►Monitor Stormwater PCB Pollutant Loads and Loads Reduced C.12.h ►Fate and Transport Study of PCBs in Urban Runoff C.12.i ►Development of a Risk Reduction Program Implemented Throughout the Region
State below if information is reported in a separate regional report. Municipalities that participate directly in regional activities to can provide descriptions below.
Summary: A summary of program and regional accomplishments for these sub-provisions are included within the C.12 PCB Controls section of Program's FY 12-13 Annual Report and/or the BASMAA Regional POC Report.

Section 13 - Provision C.13 Copper Controls

C.13.a.iii.(2) ►Training, Permitting and Enforcement Activities

(FY 11-12 Annual Report and each Annual Report thereafter) Provide summaries of activities implemented to manage waste generated from cleaning and treating of copper architectural features, including copper roofs, during construction and post-construction including. :

- Development of BMPs on how to manage the water during and post construction
- Requiring the use of appropriate BMPs when issuing building permits
- Educating installers and operators on appropriate BMPs
- Enforcement actions taken again noncompliance

Cleaning and treating of copper features: There have been no (0) copper features in the city this past reporting year. Staff is aware that if copper features are being used a BMP plan must be submitted, approved and enforced in the field.

C.13.a.iii.(3) ►Evaluation of Effectiveness

(FY 12-13 Annual Report) Evaluate the effectiveness of measures the agency has undertaken to prevent discharge of wastewater to storm drains during the installation, cleaning, treating, and washing of the surface of copper architectural features. The discussion of the effectiveness of these measures should include BMP implementation and may propose additional measures to address this source of pollutants.

City does not allow any copper features.

C.13.e ►Studies to Reduce Copper Pollutant Impact Uncertainties

Report on progress of studies being conducted countywide or regionally to reduce copper pollutant impact uncertainties. State below if information is reported in a separate regional report.

Summary: A summary of program and/or regional efforts to develop regional studies to reduce copper pollutant impact uncertainties is included within the C.13 Copper Controls section of Program's FY 12-13 Annual Report and/or BASMAA Regional POC Report.

Section 14 - Provision C.14 PBDE, Legacy Pesticides and Selenium Controls

C.14.a ►Control Programs for PBDEs, Legacy Pesticides and Selenium Controls

Report on progress of studies being conducted countywide or regionally to characterize the distribution and pathways of PBDEs, legacy pesticides, and selenium. State below if information is reported in a separate regional report.

Summary: A summary of program and regional efforts related to the Control Program for PBDEs, Legacy Pesticides and Selenium is included within the C.14 PBDE, Legacy Pesticides and Selenium section of Program's FY 12-13 Annual Report and/or BASMAA Regional POC Report.

C.14.a.v. ►Control Programs for PBDEs, Legacy Pesticides and Selenium Controls – Load Computation

(For FY 12-13 Annual Report only) Submit a report with information required to compute loading estimates of PBDEs, legacy pesticides and selenium from urban runoff to the Bay.

Summary: Information required to compute loading estimates of PBDEs, legacy pesticides and selenium from urban runoff to the Bay is included within the C.14 PBDE, Legacy Pesticides and Selenium section of Program's FY 12-13 Annual Report and/or BASMAA Regional POC Report.

C.14.a.vi. ►Control Programs for PBDEs, Legacy Pesticides and Selenium Controls – Control Measures

(For FY 12-13 Annual Report only) Submit a report identifying control measures and/or management practices to reduce impacts from discharges of PBDEs, legacy pesticides or selenium in urban runoff.

Summary: A report identifying control measures and/or management practices to reduce impacts from discharges of PBDEs, legacy pesticides or selenium in urban runoff is included within the C.14 PBDE, Legacy Pesticides and Selenium section of Program's FY 12-13 Annual Report and/or BASMAA Regional POC Report.

Section 15 - Provision C.15 Exempted and Conditionally Exempted Discharges

C.15.b.iii.(1), C.15.b.iii.(2) ► Planned and Unplanned Discharges of Potable Water

Is your agency a water purveyor?	Y	**Yes**		**No**
If **No**, skip to C.15.b.vi.(2):				
If **Yes**, Complete the attached reporting tables or attach your own table with the same information. Provide any clarifying comments below.				
Comments: Though only planned potable water discharges >15,000 gallons is required, City implemented appropriate BMPs, collected discharge data and reported as shown in C.15.b.iii(1) – Planned Discharges of the Potable Water Systems.				

C.15.b.vi.(2) ► Irrigation Water, Landscape Irrigation, and Lawn or Garden Watering

Provide implementation summaries of the required BMPs to promote measures that minimize runoff and pollutant loading from excess irrigation. Generally the categories are:

- Promote conservation programs
- Promote outreach for less toxic pest control and landscape management
- Promote use of drought tolerant and native vegetation
- Promote outreach messages to encourage appropriate watering/irrigation practices
- Implement Illicit Discharge Enforcement Response Plan for ongoing, large volume landscape irrigation runoff.

Summary: The City promotes water conservation through participation under the water conservation programs of the Santa Clara Valley Water District (SCVWD) and Bay Area Water Supply and Conservation Agency (BAWSCA). Promoted use of safer alternatives for pest controls and landscape management through local advertising at public events and community involvement events. For details see Provisions C.3 and C.7 sections of City's and Program's FY 12-13 Annual Report.

C.15.b.iii.(1) ▶ Planned Discharges of the Potable Water System

Site/ Location	Discharge Type	Receiving Waterbody(ies)	Date of Discharge	Duration of Discharge (minute)	Estimated Volume (gallons)	Estimated Flow Rate (gallons/day)	Chlorine Residual (mg/L)	pH (standard units)	Discharge Turbidity[65] (NTU)	Implemented BMPs & Corrective Actions
68F2 / 1926 Crater Lake	Hydrant Flushing	Piedmont Creek	July 1, 2012	1	1200	1200	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68F1 / 1926 Crater Lake	Hydrant Flushing	Piedmont Creek	July 2, 2012	1	1175	1175	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68F5 / Sequoia	Hydrant Flushing	Piedmont Creek	July 3, 2012	1	1225	1225	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68F3 / 1926 Crater Lake	Hydrant Flushing	Piedmont Creek	August 1, 2012	1	1200	1200	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68E4/ Murphy Park	Hydrant Flushing	Piedmont Creek	August 2, 2012	1	1225	1225	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
63E5 / 1682 Everglades	Hydrant Flushing	Piedmont Creek	August 3, 2012	1	1150	1150	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68C6 / 1840 Big Bend	Hydrant Flushing	Piedmont Creek	August 4, 2012	1	1175	1175	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68C7 / 1940 Big Bend	Hydrant Flushing	Piedmont Creek	September 1, 2012	1	1150	1150	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68C5 / 1934 Shenandoah	Hydrant Flushing	Piedmont Creek	September 1, 2012	1	1125	1125	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68C4 / 1842 Shenandoah	Hydrant Flushing	Piedmont Creek	September 1, 2012	1	1125	1125	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68B6 / Sequoia	Hydrant Flushing	Piedmont Creek	October 1, 2012	2	2400	1200	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68D5 / 1676 Shenandoah	Hydrant Flushing	Piedmont Creek	October 1, 2012	1	1175	1175	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes
68E1/ Murphy Park	Hydrant Flushing	Piedmont Creek	October 1, 2012	2	2300	1150	= or <0.05 mg/l	Between 6.5-8.5	Did not monitor	Yes

[65] Monitor the receiving water for turbidity if necessary and feasible. Include data in this column if available.

C.15.b.iii.(1) ▶ Planned Discharges of the Potable Water System

Site/ Location	Discharge Type	Receiving Waterbody(ies)	Date of Discharge	Duration of Discharge (minute)	Estimated Volume (gallons)	Estimated Flow Rate (gallons/day)	Chlorine Residual (mg/L)	pH (standard units)	Discharge Turbidity[65] (NTU)	Implemented BMPs & Corrective Actions

[66] This table contains all of the unplanned discharges that occurred in this FY.
[67] Monitoring data is only required for 10% of the unplanned discharges. If you monitored more than 10% of your unplanned discharges, report all of the data collected.
[68]. Notification to Water Board staff is required for unplanned discharges where the chlorine residual is >0.05 mg/L and total volume is ≥ 50,000 gallons. Notification to State Office of Emergency Services is required after becoming aware of aquatic impacts as a result of unplanned discharge or when the discharge might endanger or compromise public health and safety.

Attachment for Provision C.9.d – Require Contractors to Implement IPM

AMENDMENT NO 2 TO THE AGREEMENT

WITH
TERRACARE ASSOCIATES
FOR

MILPITAS STREETSCAPE LANDSCAPE MAINTENANCE AND REPAIR SERVICES

This Amendment is entered into this 30th day of April 2013, by and between the City of Milpitas, a municipal corporation of the State of California (hereafter referred to as "CITY") and Terracare Associates, (hereafter referred to as "CONTRACTOR").

RECITALS

WHEREAS, the parties entered into an Agreement for Streetscape Landscape Maintenance and Repair Services on June 6, 2012; which was approved by City Council on June 5, 2012; and

WHEREAS, the parties desire to amend the Agreement to bring it into compliance with the most recently issued Integrated Pest Management Requirements of the Regional Water Quality Control Board Stormwater Regional Permit.

NOW THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties amend the Agreement as follows:

1. The following language shall be added to the "Scope of Work" section 3.5 "Weed, Disease, and Pest Control" page 11 as item "I".

   The Contractor shall provide the City Urban Runoff Program Manager a copy of its Integrated Pest Management Plan (IPM) per the "California Regional Water Quality Control Board, Municipal Regional Stormwater NPDES Permit, Specifically Permit Provision C.9 – Pesticide Toxicity Control", Attachment A. Contractor shall report monthly pesticide use per the "City of Milpitas Contractor Monthly Pesticide Use Report, Attachment B, both of which are attached and hereby made a part of the contract documents. Contractor shall submit a copy of Applicator License to the City prior to beginning work.

2. All other provisions of the Agreement shall remain in full force and effect.

This Amendment is executed as of the date written on page one.

APPROVED BY:
CITY OF MILPITAS

Purchasing Agent, Chris Schroeder

TERRACARE ASSOCIATES

V.P.
Name and Title

Terracare Streetscape Cnt Amd No. 2 1 of 2

Approved As
To Content:

Kathleen Phalen, Acting Public Works Director/City Engineer

California Regional Water Quality Control Board, Municipal Regional Stormwater NPDES Permit, Specifically Permit Provision C.9 – Pesticide Toxicity Control.

Attachment A

Use of pesticides shall comply with the requirements of the California Regional Water Quality Control Board, Municipal Regional Stormwater NPDES permit, specifically Permit Provision C.9 – Pesticide Toxicity Control. The Contractor shall provide the City a copy of its Integrated Pest Management Plan for control of insect and weed pests for City approval and shall conduct its work in accordance with the requirements of its approved IPM plan.

Integrated Pest Management Plan Required

Contractor shall provide to the City a copy of its Integrated Pest Management (IPM) Plan, an ecosystem-based strategy to use the minimum amount of lowest toxicity pesticides feasible for the control of pests and their damage. The IPM plan shall describe strategies including physical controls such as pulling weeds, horticultural controls such as pruning, mechanical controls such as trapping, environmental controls such as applying mulch, biological controls such as monitoring predators, and use of pest-resistant plants varieties to control pesticides without the use of chemical pesticide. The IPM plan shall also state that Acute Toxicity Category I chemicals, as identified by the U.S Environmental Protection Agency (EPA), such as organophosphorous pesticides (diazinon, chlorpyrifos, malathion); pyrethroids (bifenthrin, cyfluthrin, beta-cyfluthrin, cypermethrin, deltamethrin, esfenvalerate, lambda-cyhalothrin, permethrin, and tralomethrin); carbamates (e.g. carbaryl); and fipronil shall not be used.

The IPM Plan shall include following information:

1. Materials and Equipment – The material and equipment to be used shall be defined in IPM such as mechanical devices for monitoring and capturing pests.

2. Monitoring and Detection – The IPM shall describe the methods and procedures to be used to identify sites of pest harborage and access, and for making objective assessments of pest populations level throughout the term of the contract.

3. Certification and Training - Applicators shall be licensed and certified as required by the California Department of Pesticide Regulations. Applicators shall be EcoWise Certified IPM Practitioner or accompanied by an EcoWise Certified IPM Practitioner if in training. Contractor shall be registered with the County Agricultural Commissioner in the County of Santa Clara. Applicators training shall be part of this IPM.

4. Record Keeping and Reporting – The IPM shall provide labels and material safety data sheets for each pesticide used at each site and shall provide pesticide use records on monthly basis electronically no later than the 10th day of the subsequent month to the Milpitas Urban Runoff Program Manager at 455 E. Calaveras Blvd, Milpitas, CA 95035.

The records shall include date, applicator, target pest, site treated, product name, product manufacturer, U.S. EPA's product registration number, total product used (lbs, oz, pts, gallons etc.). Copy of this Reporting Form is attached as **Attachment – B**.

Pesticides shall be used only as a last resort, with the lowest toxicity pesticides given first priority for use. Before use, the Contractor shall provide the city a written pesticide use recommendation issued by a licensed agricultural pest control advisor and shall the pesticide material safety data sheet. The pesticide use recommendation shall contain, but not be limited to the target pest, application rate, precautionary statement, and any restrictions and special conditions.

Before application, the Contractor shall ensure it displays emergency information on all vehicles carrying pesticides, and all pesticides containers shall be labeled as required by the California Department of Pesticides Regulation.
