### **NOTICE OF ENROLLMENT – NPDES SMALL MS4S GENERAL PERMIT; CITY OF HOLLISTER, SAN BENITO COUNTY, WDID # 3 35MS04062**

Mr. Wittry:

The Central Coast Regional Water Quality Control Board (Regional Board) received a Notice of Intent, Storm Water Management Plan (SWMP), map, and fee for the City of Hollister's (City's) Municipal Separate Storm Sewer System (MS4). These items are required to enroll in the *National Pollutant Discharge Elimination System General Permit for the Discharge of Storm Water from Small Municipal Separate Storm Sewer Systems, Order No. 2003-0005-DWQ* (General Permit).

Regional Board staff reviewed the City's SWMP and found it in compliance with the General Permit. The SWMP was available to the public for a 60-day comment period, and no public comments or requests for a hearing were received.

As of February 2, 2005, discharges from the City's MS4 are authorized by the General Permit. The City is required to implement the SWMP and comply with the General Permit.

The City's first annual report is due to the Regional Board office on **September 15, 2007**, and should report on the period of February 2, 2006 through June 30, 2007. For each year thereafter, the annual report is due on September 15<sup>th</sup>, for the reporting period of July 1<sup>st</sup> through June 30<sup>th</sup>.
