TENTATIVE WASTE DISCHARGE REQUIREMENTS / WATER RECYCLING REQUIREMENTS AND REVISED MONITORING AND REPORTING PROGRAM FOR LOS ANGELES COUNTY PROBATION DEPARTMENT AND LOS ANGELES COUNTY INTERNAL SERVICES, CAMPS MILLER AND KILPATRICK WASTEWATER TREATMENT PLANT – 430 SOUTH ENCINAL CANYON ROAD, MALIBU, CA (ORDER NO. R4-2015-XXXX, FILE NO. 60-080, CI NO. 2732, GEOTRACKER GLOBAL ID WDR1000001056)

Dear Mr. Takata:

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board), is the public agency with primary responsibility for the protection of ground and surface water quality for all beneficial uses within major portions of Los Angeles and Ventura Counties, including the referenced property above.

On December 4, 1995, the Regional Board adopted Waste Discharge Requirements (WDRs) / Water Recycling Requirements (WRRs) Order No. 95-164 for the Camps Miller and Kilpatrick wastewater treatment plant (Camps Miller and Kilpatrick WWTP) owned by the Los Angeles Probation Department and operated by the Los Angeles County Internal Services Department. On January 14, 2011, the Discharger submitted a report of waste discharge (RoWD) for WDRs/WRRs renewal for the disposal of treated wastewater from the Camps Miller and Kilpatrick WWTP. We have completed our review of your application for the renewal of the WDRs/WRRs for the Los Angeles Probation Department and the Los Angeles County Internal Services Department. Pursuant to the California Water Code, a tentative Order for WDRs/WRRs and tentative revised monitoring and reporting program (MRP) have been prepared.

Enclosed are copies of the Tentative WDRs/WRRs consisting of:

- a. Tentative Regional Board Order No. R4-2015-XXXX specifying WDRs/WRRs,
- b. Tentative Revised Monitoring and Reporting Program No. 2732, and
- c. Tentative Standard Provisions Applicable to WDRs.

The documents are also available at the Regional Water Board's website:

In accordance with administrative procedures, the Regional Board will consider the enclosed tentative WDRs/WRRs and comments at a public hearing to be held at 9:00 AM on March 12, 2015 at the Metropolitan Water District of Southern California, 700 North Alameda Street, Los Angeles, California. The Regional Board will hear any testimony pertinent to this discharge and the tentative requirements. It is expected that the Regional Board will take action at the hearing; however, as testimony indicates, the Regional Board at its discretion may order further investigation.

In order to be evaluated by the Regional Board staff and included in the Regional Board's agenda packet, written comments or evidence regarding these tentative WDRs/WRRs must be received at the Regional Board's office by 5:00 p.m. on February 16, 2015. Failure to comply with these requirements is grounds for the Regional Board to refuse to admit the proposed written comment or evidence into the record. Timely submittal of written comments is encouraged to ensure that all comments are accurately and fully included in the administrative record, that Regional Board staff is able to provide timely review, and that Regional Board members have sufficient time to give full consideration to the comments and issues raised.

Standard Provisions, which are part of these tentative requirements, are enclosed for the addressee only. However, these are on file in our office, and a copy will be sent to interested persons upon request.

The agenda for the meeting will be posted on the Regional Water Board's website (http://www.waterboards.ca.gov/losangeles/board_info/agenda/index.shtml) approximately one week prior to the meeting.
