Dear Ms. McGovern:

TENTATIVE AMENDMENT TO TIME SCHEDULE ORDER (TSO) – CAMARILLO SANITARY DISTRICT, CAMARILLO WATER RECLAMATION PLANT (Order No. R4-2011-0126-A02, CI-1278)

The Los Angeles Regional Water Quality Control Board received Camarillo Sanitary District's letter dated September 18, 2015, requesting an extension of the deadlines established in Time Schedule Order (TSO) No. R4-2011-0126-A02, for completion of the capital improvement project that will enable Camarillo WRP to discharge to the brine line and comply with the effluent limitations for TDS, chloride, and sulfate contained in Order No. R4-2014-0062. On the basis of preliminary staff review and application of lawful standards and regulations, the Executive Officer, pursuant to his delegated authority from the Regional Water Board, tentatively proposes to amend TSO No. R4-2011-0126-A02 by extending certain interim milestone deadlines by one year. The Executive Officer is not proposing changes to the final compliance deadline of December 31, 2017.

Enclosed are copies of the Tentative Amended TSO and Notice of Proposed Issuance of Amended TSO. As indicated in the Notice, the Executive Officer intends to issue the Amended TSO without a public hearing. Persons wishing to comment on and/or submit evidence regarding the Tentative Amended TSO for the Executive Officer to consider must submit written comments such that they are **received** by the Regional Water Board by **5:00 p.m. on December 3, 2015**. Untimely written comments will not be considered nor responded to. The Executive Officer will consider all timely written comments prior to administratively issuing the Amended TSO.
