

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL VALLEY REGION

ORDER NO. R5-2003-0111

RESCINDING VARIOUS WASTE DISCHARGE REQUIREMENTS

The California Regional Water Quality Control Board, Central Valley Region, finds that the Board adopted the following Orders and Resolutions which are no longer applicable for the reasons shown:

Order No. 97-185, adopted 8 August 1997, prescribes requirements for the discharge of oil production wastewater to a sump for Gotland Oil, Inc., at the Johnson Lease in Section 11, T27S, R23E, MDB&M, Semitropic Oil Field, Kern County. An inspection confirmed that the company terminated on-site discharges at its lease and closed the sump. (LSO)

Order No. 97-187, adopted 8 August 1997, prescribes requirements for the discharge of oil production wastewater to a sump for Gotland Oil, Inc., at the USL Lease in Section 22, T27S, R23E, MDB&M, Semitropic Oil Field, Kern County. An inspection confirmed that the company terminated on-site discharges at its lease and closed the sump. (LSO)

Order No. 99-134, adopted 17 September 1999, prescribes requirements for the discharge of slaughterhouse waste from the Stagno's Meat Company at 960 Frewert Road, Lathrop, San Joaquin County. Mr. Richard Stagno proposed construction of a slaughterhouse and livestock holding facility at the site. A Use Permit to build the slaughterhouse was denied by the county. Livestock was kept at the site for about three months in 2000 as a feedlot. Mr. Stagno informed staff that livestock have not been kept at the site since late 2000 and that the property is being sold. Regional Board staff inspected the site on 22 April 2003 and found no livestock at the site. Since the proposed slaughterhouse was never built, and the facility is no longer being used as a confined animal facility, Mr. Stagno requested that the WDRs for this facility be rescinded.

IT IS HEREBY ORDERED that the above waste discharge requirements Orders and Resolutions are rescinded.

I, THOMAS R. PINKOS, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region, on 11 July 2003.
