*See external laboratory documentation

pH analyzed outside of 15 min hold time.

MCL = Maximum Contaminant Level according to the California Domestic Water Quality and Monitoring Regulations (Title 22)

MDL = Method Detection Limit; **RL** = Reporting Limit

SM = Standard Methods for the Examination of Water and Wastewater, 19th ed., 1995

Dissolved metals (**bolded**) were filtered.

QA/QC available upon request.

Approved By: _____
 ELAP Certification #1595
